PREFACE

We are happy to present this book “*Financial Accounting*” to the students of T.Y.B.Com for Semester Vth. In this edition, an effort has been made to incorporate professional examination questions at relevant places in the book.

The syllabus contains a list of topics covered in each chapter which will avoid controversies regarding the exact scope of the syllabus. The text follows the term-wise chapter topics pattern prescribed in the syllabus. We have preferred to leave the text of the section and rules as it is and thereafter, added the comments with the intention of explaining the subject to the students in a simplified language. While making an attempt to explain in a simplified language, any mistake of interpretation might have crept in. This book is a unique presentation of subject matter in an orderly manner. This is a student-friendly book and tutor at home. We hope the teaching faculty and students community will find this book of great use.

We are extremely grateful to students of T.Y.B.Com and Mr. K.N. Pandey of Himalaya Publishing House Pvt. Ltd. for their devoted and untiring personal attention accorded by them to this publication. I gratefully acknowledge and express my sincere thanks to the following people without whose inspiration, support and constructive suggestions, this book would not have been possible.

- *Mr. Jitendra Singh Thakur (Trustee, Thakur College)*
- *Dr. Chaitaly Chakraborty (Principal, Thakur College)*
- *Mrs. Janki Nishikant Jha*

We welcome suggestions from students and teachers for further improvement of the book.

SYLLABUS

Financial Accounting and Auditing Paper V: Financial Accounting

Modules at a Glance

Sr. No.	Modules	No. of Lectures
1	AS-14, Amalgamation, Absorption & External Reconstruction (Excluding inter-company holdings)	15
2	Internal Reconstruction	15
3	Underwriting of Shares and Debentures	10
4	Liquidation of Companies	10
5	Buyback of Equity Shares	10
	Total	60

Sr. No.	Modules/Units
1	AS - 14 - Amalgamation, Absorption & External Reconstruction (excluding inter company holding) In the nature of merger and purchase with corresponding accounting treatments of pooling of interests and purchase method respectively. Meaning and Computation of purchase consideration. Inter-company debtors, creditors, loan, bills, loading in stock.
2	Internal Reconstruction Need for reconstruction and company law provisions Distinction between internal and external reconstructions. Methods including alteration of share capital, variation of shareholder rights, sub division, consolidation, surrender and reissue / cancellation, reduction of share capital with relevant legal provisions and accounting treatment for same.
3	Underwriting of shares & debentures Introduction, Underwriting, Underwriting Commission Provision of Companies Act with respect to Payment of underwriting commission Underwriters, Sub-Underwriters, Brokers and Manager to issues Types of underwriting, Abatement Clause Marked, Unmarked and Firm-underwriting applications, Liability of the underwriters in respect of underwriting contract -----Practical problems
4	Liquidation of Companies Meaning of liquidation or winding up Preferential payments Overriding preferential payments Preparation of statement of affairs, deficit / surplus account Liquidator's final statement of account
5	Buyback of Shares Company Law/Legal provisions (including related restrictions, power, transfer to capital redemption reserve account and prohibitions) Compliance of conditions including sources, maximum limits and debt equity ratio. Cancellation of Shares Bought back (Excluding Buy Back of minority shareholding)

QUESTION PAPER PATTERN

SCHEME OF EXAMINATION

Credit Based Grading System Scheme of Examination

● **Internal Assessment – 25%** **25 Marks**

● **Semester End Examinations – 75%** **75 Marks**

Duration: 2½ Hrs.

Maximum Marks: 75

All questions are compulsory carrying 15 marks each.

Questions to be Set: 05

Particulars	Marks
Q.1 Objective Questions (a) Sub-questions to be asked 10 and to be answered any 08 (b) Sub-questions to be asked 10 and to be answered any 07 (*Multiple Choice/True or False/Match the Column, Fill in the Blanks)	15 Marks
Q.2 Full Length Practical Question OR	15 Marks
Q.2 Full Length Practical Question	15 Marks
Q.3 Full Length Practical Question OR	15 Marks
Q.3 Full Length Practical Question	15 Marks
Q.4 Full Length Practical Question OR	15 Marks
Q.4 Full Length Practical Question	15 Marks
Q.5 (a) Theory Questions (b) Theory Questions OR	08 Marks 07 Marks
Q.5 Short Notes To be asked 05 To be answered 03	15 Marks

Note: Full length question of 15 marks may be divided into two sub-questions of 08 and 07 marks.

CONTENTS

1. Amalgamation of Companies	1 – 89
2. Capital Reduction and Internal Reconstruction	90 – 168
3. Underwriting of Shares and Debentures	169 – 182
4. Liquidation of Companies	183 – 238
5. Buyback of Equity Shares	239 – 252

AMALGAMATION OF COMPANIES

With effect from	01.04.1995	
Levels of Enterprises	Companies (AS) Rules, 2006 All types of Companies	Enterprises other than Companies I, II & III

1. DEFINITIONS AND SCOPE

1. **Scope:** AS - 14 is primarily directed at Companies –
 - (a) To account for amalgamations, and
 - (b) To account for any resultant Goodwill or Reserves.

Note: Even though it is primarily directed at Companies, AS – 14 requirements may also apply to Financial Statements of other enterprises.

AS – 14 specifically excludes acquisitions in the nature of purchase by one Company of Shares or assets of another Company, the consideration being paid by way of – (a) Cash, or (b) by issue of shares or other securities in the acquiring Company, or (c) partly in one form and partly in the other.

Particulars	Amalgamation	Acquisition
1. Meaning	It means an amalgamation pursuant to the provisions of the Companies Act, 1956, or any other applicable statute.	Acquisitions arise when there is a purchase by one Company of whole or part of the Shares or assets of another Company.
2. Parties	Transferor Company & Transferee Company.	Acquired Company & Acquiring Company.
3. Entity	Transferor Company ceases to exist after amalgamation.	Acquired Company is not dissolved. It continues to exist as a separate Company.
4. AS – 14	Applicable.	Not Applicable.
5. Governing Statute	Companies Act, 1956	SEBI Act, 1992

Amalgamation vs. Absorption: Amalgamation **Includes** – (a) two or more Companies joining to form a New Company, and or (b) absorption and blending of one by the other. Thus, Amalgamation includes Absorption also.

1. **Amalgamation:** It means an amalgamation pursuant to the provisions of the Companies Act, 1956, or any other statute, which may be applicable to Companies.
2. **Transferor Company:** It means the Company, which is amalgamated into another Company.
3. **Transferee Company:** It means the Company into which a Transferor Company is amalgamated.
4. **Reserve:** It means the portion of earnings, receipts or other surplus of an Enterprise, (whether capital or revenue) appropriated by the Management for a general or specific purpose, other than a provision for depreciation or diminution in the value of assets or for a known liability.

2 • Amalgamation of Companies

5. **Consideration:** Consideration for the amalgamation means, the aggregate of the Shares and other securities issued and the payment made in the form of cash or other assets, by the Transferee Company, **to the Shareholders** of the Transferor Company.
6. **Fair Value:** Fair Value is the amount for which an asset could be exchanged between a knowledgeable, willing Buyer and a knowledgeable, willing Seller, in an arm's length transaction,
7. **Pooling of Interests Method:** It is a method of accounting for amalgamations, the object of which is to account *for* the amalgamation as if the separate businesses of the amalgamating Companies were intended to be continued by the Transferee Company. Accordingly, only minimal changes are made in aggregating the individual Financial Statements of the amalgamating Companies.

Type	Amalgamation in the nature of Merger	Amalgamation in the nature of Purchase
1. Meaning	There is a pooling of assets and liabilities of both Companies, as also the interests of the Shareholders and the businesses of the amalgamating Companies.	One Company acquires another Company, but the Shareholders of the Amalgamating Company do not continue to have a proportionate interest in the Equity or the business of the combined Company.
2. Continuation of business	The business of the Transferor Company is intended to be continued by the Transferee Company.	The business of the Company may not be intended to be continued by the Transferee Company.
3. Carrying amounts	All Assets, Liabilities, Capital and Reserves represent the sum of the relevant figures of the amalgamating Companies.	Assets and Liabilities may not be taken up in full by the Transferee Company in total. In effect, there is no pooling of assets and liabilities.
4. Participation in Management	There is a continuing participation by the Management of the Transferor Company in the Management of the Transferee Company after the amalgamation.	The Transferee Company takes the role of a dominant party after the amalgamation.
5. Method of Accounting	The Pooling of Interests Method is generally used for accounting.	The Purchase Method is normally used for accounting.

Amalgamation in the nature of Merger is an amalgamation, which satisfies all the following conditions

1. **Assets and Liabilities:** All the Assets and Liabilities of the Transferor Company become, after amalgamation, the assets and liabilities of the Transferee Company.
2. **Equity Shareholders:** Shareholders holding not less than 90% of the Face Value of the Equity Shares of the Transferor Company, (other than the Equity Shares already held therein, immediately before the amalgamation, by the Transferee Company or its Subsidiaries or their Nominees) become Equity Shareholders of the Transferee Company by virtue of the amalgamation.
3. **Consideration to Equity Shareholders = Equity Shares:** The consideration for the amalgamation receivable by those Equity Shareholders of the Transferor Company who agree to become Equity Shareholders of the Transferee Company, is discharged by the Transferee Company wholly by the issue of Equity Shares in the Transferee Company, except that cash may be paid in respect of any fractional Shares.

4. **Continuity of business:** The business of the Transferor Company is intended to be carried on, after the amalgamation, by the Transferee Company.
5. **Book Values of Assets and Liabilities:** No adjustment is intended to be made to the Book Values of the Assets and Liabilities of the Transferor Company, when they are incorporated in the Financial Statements of the Transferee Company, except to ensure uniformity of accounting policies.

Amalgamation in the nature of purchase is an amalgamation, which does not satisfy any one or more of the conditions specified above.

2. TYPES OF AMALGAMATION AND METHODS OF ACCOUNTING

Method Para Ref.	Pooling of Interests Method 10, 11, 31, 33, 34, 35	Purchase Method 12, 13, 32, 36, 37, 38, 39
1. Used in	Generally used in amalgamations in the nature of Merger .	Normally used in amalgamations in its nature of Purchase .
2. Recording of Assets and Liabilities	Assets, Liabilities and Reserves of the Transferor Company are recorded at their existing Carrying Amounts , subject to adjustments for uniformity in accounting policies.	Assets and Liabilities are recorded either at their – (a) existing Carrying Amounts, or (b) by allocating the consideration to individual assets on the basis of their Fair Values .
3. Profit & Loss Account of the Transferor Company	Balance of the Profit & Loss Account of the Transferor Company should be – * aggregated with the corresponding balance in P&L A/c of the Transferee Company, OR * transferred to the General Reserve, if any, of the Transferee Company.	Balance in the Profit & Loss Account appearing in the Financial Statements of the Transferor Company, whether debit or credit, loses its Identity .
4. Treatment of Non-Statutory Reserves	Capital or Revenue Reserves should be recorded at their existing Carrying Amounts and in the same form as at the date of amalgamation.	Capital or Revenue Reserves. (other than Statutory Reserves) should not be included in the Financial Statements of the Transferee Company. Statutory Reserves are retained at the existing Carrying Amount by the entry –
5. Treatment of Statutory Reserves	Statutory Reserves are retained at the existing Carrying Amount, in the books of the Transferee Company.	Amalgamation Adjustment Account Dr. To Statutory Reserve (by name) A/c When the Statutory Reserve is no longer required to be maintained, the above entry should be reversed.
6. Goodwill Capital Reserve	Difference between the amount recorded as Share Capital issued (plus any additional consideration in the form of cash or other assets), and the amount of Share Capital of the Transferor Company should be adjusted in Reserves , in the Financial Statements of the Transferee Company. [Note: See EAC Opinion for treatment of Capital Reserve.]	Excess Consideration over the value of the net assets of the Transferor Company should be recognised in the Transferee Company's Financial Statements as Goodwill , which should be amortised to income on a systematic basis over its useful life. (normally five years.) If the consideration is lower than the value of the Net Assets acquired, the difference should be treated as Capital Reserve .

4 • Amalgamation of Companies

7. Adjustments to Assets and Liabilities	Adjustments become necessary only, when both Companies have conflicting accounting policies. The effect of changes in accounting policies must be disclosed, as per AS – 4.	Adjustments become necessary to – (a) ensure uniformity in accounting policies, or, (b) record assets not recorded in the books of the Transferor Company, e.g. Know-how or other Intangible Asset, or, (c) record liability not recorded in the books of the Transferor Company, e.g. provision for planned employee termination or plant relocation costs.
8. Management Intervention	There is no domination by the Management of either of the amalgamating Companies in recording Assets and Liabilities.	The Management of the Transferee Company may influence the determination of Fair Values for Assets and Liabilities.

1. **Components:** The consideration for the amalgamation (both in the nature of Merger or Purchase) may consist of – (a) Securities, (b) Cash, or (c) Other Assets.
2. **Valuation of Consideration:** Valuation becomes necessary only when there is a non cash element in the consideration. In determining the value of non cash consideration, an assessment is made of the Fair Value of its elements. A variety of techniques are applied in arriving at Fair Value, e.g. –

Nature of Consideration	Valued at
(a) In case of Securities	Fair Value is the value fixed by the statutory authorities, if any. Alternatively, other techniques may be applied.
(b) In case of other assets	Fair Value is Market Value of the assets given up. When it is not readily available, then respective Net Book Values are considered.

3. **Adjustments:** Consideration may be subject to adjustments in the light of one or more future events, e.g.
 - (a) When the additional payment is probable and can reasonably be estimated at the date of amalgamation, it is included in the calculation of the consideration.
 - (b) In all other cases, the adjustment is recognised as soon as the amount is determinable.

Particulars	Amalgamation in the nature of Merger	Amalgamation in the nature of Purchase
1. Identity of Reserves	The identity of the Reserves is preserved, and they appear in the Financial Statements of the Transferee Company in the same form in which they appeared in the Financial Statements of the Transferor Company.	The identity of the Reserves is not preserved. However, Statutory Reserves to be maintained for a specified period, e.g. Development Allowance Reserve and Investment Allowance Reserve under Income Tax Act, are recorded at the existing Carrying Amounts.
2. Reserves for Dividend Distribution	Reserves, which were available for distribution as dividend before the amalgamation, would also be available for distribution as dividend after the amalgamation.	The identity of the Reserves is not preserved . The question of Dividend Distribution out of Capital Reserve does not arise.

3. Treatment of Consideration	The difference between the consideration and the amount of Share Capital of the Transferor Company is adjusted in the Reserves in the Financial Statements of the Transferee Company. <p style="text-align: center;">[See Note below for EAC Opinion on Capital Reserve]</p>	The amount of consideration is deducted from the value of the Net Assets of the Transferor Company acquired by the Transferee Company. The treatment is as under (a) When Consideration > Net Assets: Difference is debited to. Goodwill A/c. (b) When Consideration < Net Assets: Difference is credited to Capital Reserve A/c.
-------------------------------	--	---

Note: Capital Reserve in case of Amalgamation in the nature of Merger EAC Opinion

<ul style="list-style-type: none"> ● Capital Reserve: The difference between Issued Share Capital of the Transferee Company [i.e. Purchasing Company] and the Share Capital of the Transferor Company (is) [i.e. Selling Company (is)] should be treated as Capital Reserve, in the books of the Transferor Company. ● Restriction: Reserve created on amalgamation is not available for the purpose of distribution to Shareholders as dividend and / or Bonus Shares. ● Applicability: Capital Reserve arises only if the Purchase Consideration (i.e. Shares issued by the Purchasing Company) is less than the Share Capital (Equity + Preference) of the Transferor Companies. 	EAC Opinion (April 2004 CA Journal Page 1042)
--	--

In the case of Amalgamation in the nature of Merger

Treatment of difference between Purchase Consideration & Share Capital of Transferor Companies

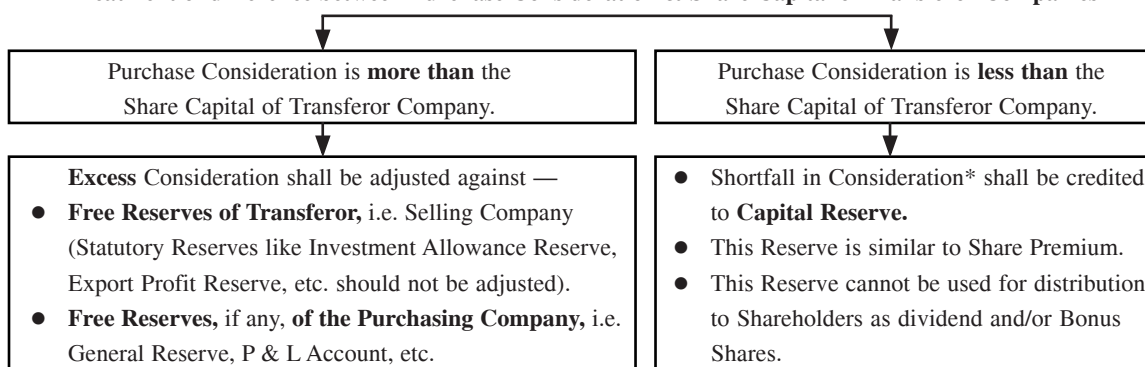

Illustration: Big Ltd. took over Small Ltd. on 1st April, by way of merger, on the date of amalgamation, the Reserves of Small Ltd. were – (a) General Reserve Rs. 100 Lakhs, (b) P & L A/c Rs. 50 Lakhs, (c) investment Allowance Reserve (under IT Act) Rs. 45 Lakhs. Small Ltd. had a Paid-up Capital of Rs. 150 Lakhs in Equity Shares and Rs. 200 Lakhs in Preference Shares. The treatment of Reserves in different situations will be –

6 • Amalgamation of Companies

Situation	I	II	III
Purchase Consideration	480	600	300
Paid-Up Capital of Transferor Co.	150 + 200 = 350	150 + 200 = 350	150 + 200 = 350
Difference	Excess 130	Excess 250	Shortfall (50)
Adjustments in –	G/R of Small = 100 P&L of Small = 30 (Bal. figure)	G/R of Small = 100 P&L of Small = 50 G/R / P&L of Big = 100 (Bal. figure)	Capital Reserve = 50 as per EAC Opinion
Balance Reserves of Small Ltd. to be recorded in the books of Big Ltd.	G/R of Small = Nil P&L of Small = 20 Invnt Allow Res = 45	G/R of Small = Nil P&L of Small = Nil Invnt Allow Res= 45	G/R of Small = 100 P&L of Small = 50 Invnt Allow Res = 45 Capital Reserve = 50

3. PRINCIPLES – ACCOUNTING FOR AMALGAMATION

1. **Statute prevails:** Where the scheme of amalgamation sanctioned under a Statute, e.g. Companies Act, 1956, prescribes the treatment to be given to the Reserves of the Transferor Company after amalgamation, the same should be followed.
2. **Disclosures:** Where the Statute prescribes the treatment of Reserves, in the interest of better understanding, the following disclosure should be made in the first Financial Statements following the amalgamation –
 - (a) Description of the accounting treatment given to the Reserves together with the reasons for following a treatment different from that prescribed in AS – 14.
 - (b) Deviations in the accounting treatment given to the Reserves as prescribed by the scheme of amalgamation sanctioned under the Statute, as compared to the requirements of AS – 14 that would have been followed, had no treatment been prescribed by the Statute.
 - (c) The financial effect if any, arising due to such deviation.

Treatment of Goodwill

1. **Recognition of Goodwill:** Any **excess** consideration over the value of the Net Assets of the Transferor Company should be recognised in the Transferee Company's Financial Statements as **Goodwill**. Goodwill arising on amalgamation represents a payment made in anticipation of future income and it is appropriate to treat it as an asset to be amortised to income on a systematic basis over its useful life.
2. **Amortisation: Goodwill** arising on amalgamation should be amortised to income on a systematic basis over its useful life. Due to the nature of goodwill, it is generally difficult to estimate its useful life with reasonable certainty, on a reasonable estimation, goodwill should be amortised over a period **not exceeding five years**, unless a longer period is justified.
3. **Factors considered in estimating the useful life of Goodwill**
 - (a) the foreseeable life of the business or industry,
 - (b) the effects of product obsolescence, changes in demand and other economic factors,
 - (c) the service life expectancies of key individuals or group of employees,
 - (d) expected actions by competitors or potential competitors, and
 - (e) legal, regulatory or contractual provisions affecting the useful life.

Example: Tarun Ltd. acquired the Net Assets of Varun Ltd. for a total consideration of Rs. 25 Lakhs. The Fair Value of Net Assets of Varun Ltd. is Rs. 20 Lakhs. Here, the difference of Rs. 5 Lakhs constitutes **Goodwill**, to be amortised by Tarun Ltd. over a five-year period, unless a longer period is justified.

Treatment of Capital Reserve amalgamation in the nature of purchase?

1. **Capital Reserve:** If the consideration paid for amalgamation is **less** than the Net Assets of the Transferor Company, the difference is called **Negative Goodwill**. This should be recognised in the Transferee Company's Financial Statements as **Capital Reserve**.
2. **Example: Dhruva Ltd.** acquired the Net Assets of Uttama Ltd. for a total consideration of Rs. 25 Lakhs. The Fair Value of Net Assets of Uttama Ltd. is Rs. 40 Lakhs. In the above case, the difference of Rs. 15 Lakhs constitutes **Negative Goodwill**. This should be recognised as **Capital Reserve** in the Financial Statements of Dhruva Ltd.

Effect of Amalgamation after the Balance Sheet Date?

Amalgamation is effected	Treatment
<ul style="list-style-type: none"> ● After the Balance Sheet Date, but ● Before the issuance of Financial Statements by either parties. 	<ul style="list-style-type: none"> ● The amalgamation is not incorporated in the ● Financial Statements, but ● Disclosure is made in accordance with AS – 4.

In certain circumstances, the amalgamation may also provide additional information affecting the Financial Statements themselves, for instance, by allowing the going concern concept assumption to be maintained.

Example: As per a scheme sanctioned under the Companies Act, 1956, Kripa Ltd. is amalgamated with Sundari Ltd. with effect from 1st May 2011. Both Companies close their accounts 31st March every year. For the year ended 31st March 2011, the Companies have not yet finalised their accounts. The amalgamation is to be accounted only during the financial year ending 31st March 2012. However, disclosure is made in the accounts for the year ending 31st March 2011, as per AS – 4 requirements,

Balances in the P & L Account treated in the books of the Transferee Company?

Amalgamation in the nature of Merger [Para 21] Amalgamation in the nature of Purchase [Para 22]

Balance in P & L A/c appearing in the Financial Statements of the Transferor Company is – <ol style="list-style-type: none"> (a) aggregated with the corresponding balance appearing in Financial Statements of the Transferee Company, OR, (b) transferred to the General Reserve, if any. 	Balance in P & L A/c appearing in the Financial Statements of the Transferor Company, whether debit or credit, loses its identity .
---	--

4. DISCLOSURE REQUIREMENTS

The First Financial Statements following the Amalgamation should disclose –

For all Amalgamations	Additional disclosures under the Pooling of Interests Method	Additional disclosures under the Purchase Method
Para 24, 43	Para 25, 44	Para 26, 45
<ul style="list-style-type: none"> Names and general nature of business of the Amalgamating Companies, Effective date of amalgamation for accounting purposes, Method of accounting used to reflect the amalgamation, and Particulars of the scheme sanctioned under a Statute. 	<ul style="list-style-type: none"> Description and number of Shares issued, together with the percentage of each Company's Equity Shares exchanged to effect the amalgamation, and Amount of any difference between the consideration and the value of net identifiable assets acquired, and the treatment thereof. 	<ul style="list-style-type: none"> Consideration for the amalgamation and a description of the consideration paid or contingently payable, and Amount of any difference between the consideration and the value of net identifiable assets acquired, and the treatment thereof including the period of amortisation of any Goodwill arising on amalgamation.

SUMMARY OF EAC OPINIONS IN AS – 14

<p>Nature of Capital Reserve: The difference between issued Share Capital of the Transferee Company and the Share Capital of the Transferor Company should be treated as Capital Reserve for AS – 14 purposes. This Reserve is not available for distribution to Shareholders as dividend or as Bonus Shares.</p>	<p>April 2004 CA Journal Pg.1042</p>
<p>Amalgamation of 100% Subsidiary with its 100% Holding Company: Amalgamation of a Subsidiary with its 100% Holding Company satisfies all the conditions for amalgamation in the nature of Merger. Also, a Subsidiary cannot be “acquired” by its Holding Company, since it is already acquired. Hence, it should be accounted under the Pooling of Interests Method only.</p>	<p>EAC Opinion</p>

Steps involved in Accounting for Amalgamations

Step	Procedure
1	<p>See whether the Amalgamation is in the nature of Merger or in the nature of Purchase. (See Q.2 above)</p> <ul style="list-style-type: none"> Determine the Purchase Consideration, i.e. Cash, Securities or Other Assets paid by the Purchasing Company to the Shareholders of the Selling Company.
2	<ul style="list-style-type: none"> Payment made to Debenture holders of the Selling Company or reimbursement of Liquidation Expenses of the Selling Company, does not constitute Purchase Consideration. Purchase Consideration can be determined based on — <ol style="list-style-type: none"> Net Payments basis, i.e. total of shares and cash paid by the Purchasing Company to the Selling Company, or Net Assets basis, i.e. Assets (including Goodwill, if any) Less Liabilities taken over, at the agreed values.

	Verify for special considerations in Shareholdings	
	Situation	Treatment
3	Purchasing Company holding Shares in Selling Company	Purchase Consideration should be calculated for Outsiders' Interests only.
	Selling Company holding Shares in Purchasing Company	Additional Shares will be issued by the Purchasing Company (Total Shares to be issued Less Shares already held by the Selling Company).
	Cross Holdings , i.e. Purchasing and Selling Companies holding Shares in each other	Purchase Consideration (based on Net Assets basis) should be determined using simultaneous equations . (In case of Net Payments based Purchase Consideration, simultaneous equations are not required.)
4	Pass the necessary Journal Entries in the books of the Selling Company, so as to close its books.	
5	Compute Goodwill / Capital Reserve for the Purchasing Company, in case of an amalgamation in the nature of Purchase.	
6	Pass the necessary Journal Entries in the books of the Purchasing Company, and prepare the revised Balance Sheet of the Purchasing Company after absorption / takeover.	

JOURNAL ENTRIES IN THE BOOKS OF SELLING COMPANY

Note: No distinction is made between Amalgamation in the nature of **Merger. or Purchase**, in the books of the Selling Company. The Journal Entries are similar in both cases.

	Transaction	Journal Entry
1.	Transfer of Assets taken over by Purchasing Company	Realisation A/c Dr. To Sundry Assets (individually)(at B/S Value)
	Note: <ul style="list-style-type: none"> ● If Cash is not taken over by the Purchasing Company, it should not be transferred to Realisation A/c. ● If Selling Company already holds Shares in Purchasing Company, such "Investments in Shares of Purchasing Company" A/c, should not be transferred to Realisation A/c. 	
2	Transfer of Liabilities taken over by Purchasing Company	Sundry Liabilities A/c (individually) (at B/S Value) Dr. To Realisation A/c
3	Direct Sale of specific Assets not taken over by Purchasing Company	Cash / Bank A/c (amount received) Dr. Realisation A/c (if sold at Loss) Dr. To Sundry Assets A/c (specified asset) (at B/s Value) To Realisation A/c (if sold at Profit)
4	Direct Settlement of specific Liabilities not taken over by Purchasing Company	Sundry Liabilities A/c (at B/s Value) Dr. Realisation A/c (if settled at Loss) Dr. To Cash / Bank A/c (amount settled) To Realisation A/c (if settled at Profit)
5	Expenses of Liquidation / Realisation met by Selling Company	Realisation A/c Dr To Cash / Bank A/c

10 • Amalgamation of Companies

	<p>Note:</p> <ul style="list-style-type: none"> ● If Purchasing Company meets the Realisation Expenses directly, no entry is required in Selling Co.'s Books. ● If the Purchasing Company reimburses the Liquidation Expenses, then "Purchasing Company" Account should be debited instead of "Realisation Account". A separate receipt entry should be passed for the reimbursement received. (Alternatively, the payment of Liquidation Expenses and receipt of reimbursement can be ignored in the books of the Selling Company) ● If the Liquidation Expenses are shared by the Purchasing Company and Selling Company, the Journal Entry in Item 5 should be made only for the Selling Company's Share of Expenses. 	
6	<p>Transfer of Share Capital to Sundry Shareholders Account If Purchasing Co. holds Shares in Selling Co.</p>	<p>Equity Share Capital A/c (Total Amt) Dr. To Sundry Shareholders A/c (Outsiders' Share) To Realisation A/c (Purchasing Co.'s Share, if any)</p>
7	Transfer of Reserves and Surplus (to Sundry Shareholders, i.e. Outsiders' Share only)	Reserves & Surplus A/c Dr. To Sundry Shareholders A/c (fully transferred)

9	Recording of Purchase Consideration due	Purchasing Company A/c Dr. To Realisation A/c Cash / Bank A/c Dr.
10	Receipt of Purchase Consideration	Shares in Purchasing Co. A/c Dr. To Purchasing Company A/c
11	Transfer of Profit on Realisation (reverse entry is passed for Loss, if any)	Realisation A/c Dr. To Sundry Shareholders A/c Sundry Shareholders A/c Dr.
12	Final Settlement to Shareholders	To Cash / Bank A/c To Shares in Purchasing Co. A/c

Note:

- 1. Participating Preference Shams:** Generally all Reserves, Accumulated Losses and Profit Loss on Realisation is transferred to Equity Shareholders Account. Preference Shareholders are not entitled for the same. However, in respect of Participating Preference Shares, they are entitled to the Credit Balances in Reserves and Surplus on Realisation, if it is permitted by – (a) Articles of Association, and (b) terms of amalgamation / absorption. In any case, Accumulated Losses/Loss on Realisation will be borne entirely by Equity Shareholders.
- 2. Absorption without Liquidation of Selling Company:** Sometimes, the Purchasing Company may take over all the Assets and liabilities of the Selling Company, **without liquidating the latter**. In such case, the Selling Company will continue to exist as an Investment Company. In accounting for such Takeover —
 - (a) There is no payment / settlement to Shareholders, hence entry 6, 7, 8, 11 and 12 above will not be applicable.
 - (b) Profit on Realisation is transferred to Capital Reserve Account.
 - (c) Loss on Realisation if any, is adjusted against Reserves of the Selling Company.
 - (d) Assets of Selling Company will consist **only** of Shares / Securities of the Purchasing Company.

A/cing Treatment when Purchasing Co. already holds Shares in Selling Co.

1. Computation of Purchase Consideration

14 • Amalgamation of Companies

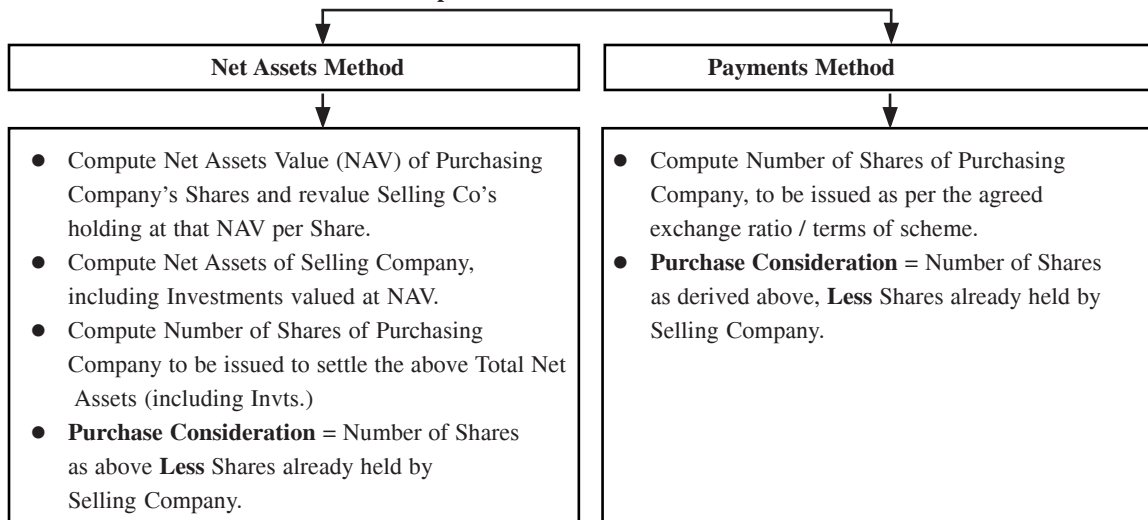

2. Accounting Treatment Entries

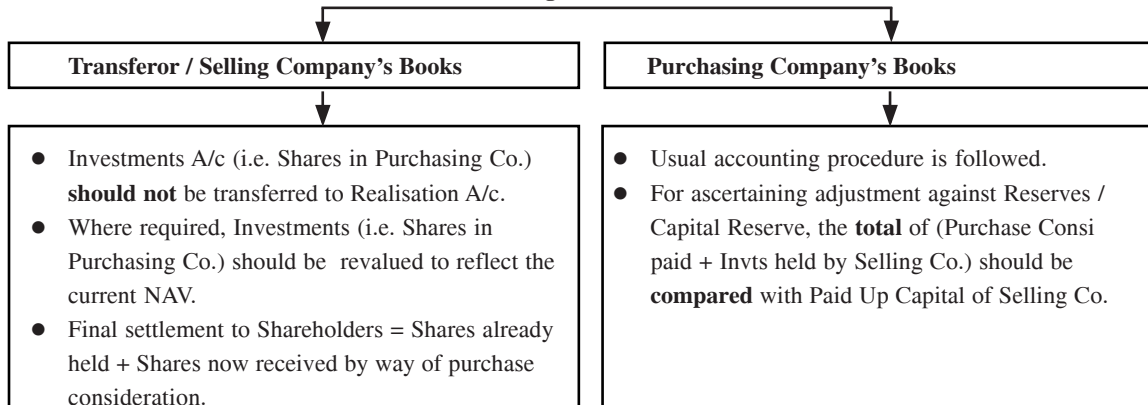

Note: In the Purchasing Company's books, where the scheme of amalgamation requires that the Investments (appearing in Purchasing Company's Books as Assets) be revalued to reflect the current NAV, it is recorded before journalising the assets and liabilities takeovers. Hence cancellation of Investments a/c will be at NAV.

A/cing Treatment when Purchasing Co. already holds Shares in Purchasing Co.

1. Computation of Purchase Consideration

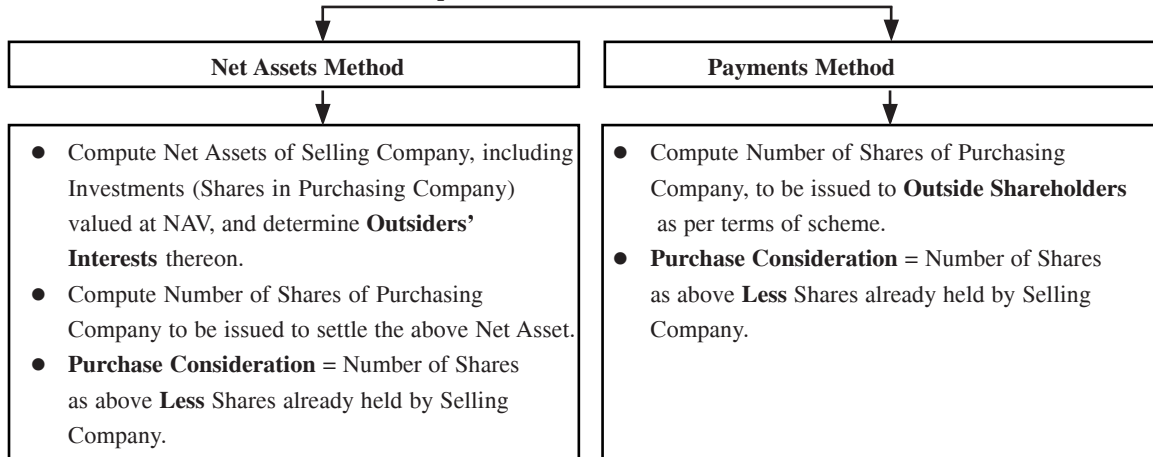

2. Accounting Treatment Entries

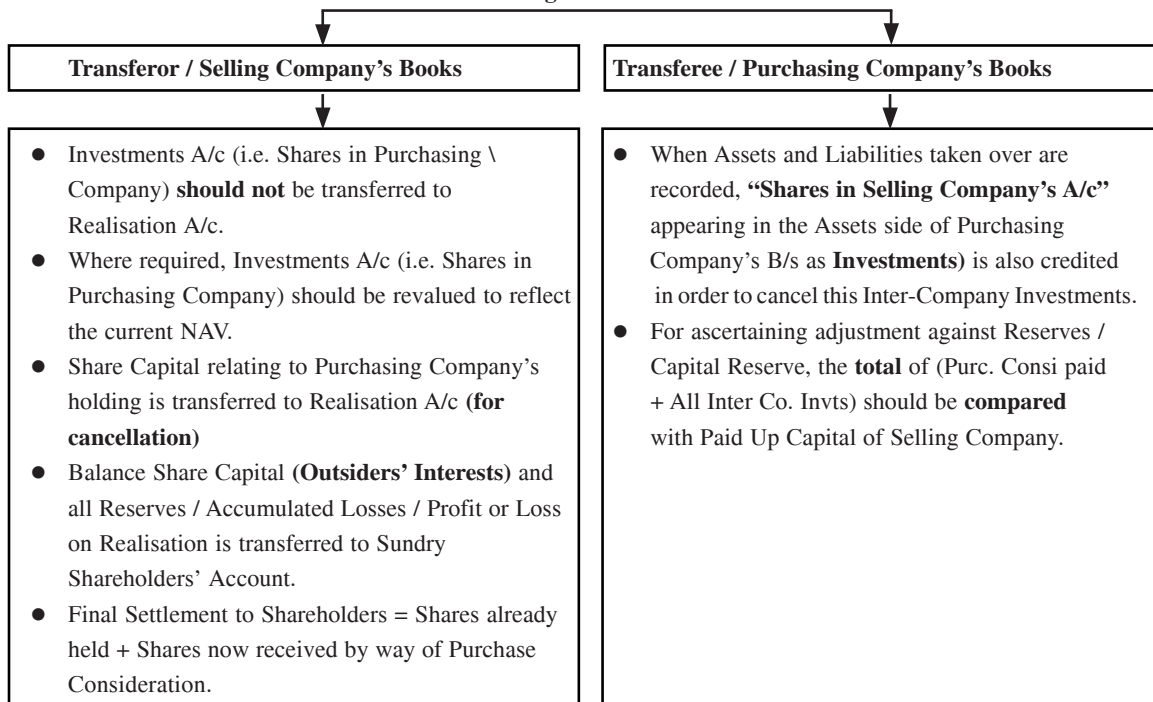

**A/cing Treatment in case of Cross Holdings,
i.e. when Selling Co. already holds Shares in Purchasing Co. and vice-versa**

1. Computation of Purchase Consideration

2. Accounting Treatment Entries

Note: Simultaneous Linear Equations Method should be applied in appropriate situations, Refer Illustrations.

PRACTICAL QUESTIONS – A/CING FOR AMALGAMATIONS**1. COMPUTATION OF PURCHASE CONSIDERATION****Illustration 1 : Computation of Purchase Consideration**

Given below are the Balance Sheets of Ashwathama Ltd. and Bheeshma Ltd. as on 31st December, in which date the Companies were amalgamated and a new Company Chandrachuda Ltd. was formed. (in ₹ 000s)

Liabilities	Ashwathama Ltd.	Bheeshma Ltd.	Assets	Ashwathama Ltd.	Bheeshma Ltd.
Equity Shares of Rs. 10 each	70,00	60,00	Sundry Fixed Assets	85,00	70,60
Reserves	20,00	40,00	Sundry Current Assets	20,00	30,00
Sundry Creditors & Other Current Liabilities	15,00	10,00	Miscellaneous Expenditure	—	10,00
Total	105,00	110,00	Total	+105,00	110,00

It was agreed that Sundry Fixed Assets of Ashwathama Ltd. would be valued at 7,100,00 thousand and that of Bheeshma Ltd. at Rs. 95,00 thousand. Chandrachuda Ltd. would issue the requisite number of Equity Shares of Rs. 10 each at 10% premium to discharge claim of the Equity Shareholders of Ashwathama Ltd. & Bheeshma Ltd. How many shares of Chandrachuda Ltd. should be issued to takeover the business of the two merging Companies?

Solution:

(in Rs. 000s)

Particulars	Ashwathama Ltd.	Bheeshma Ltd.
Sundry Fixed Assets	100,00	95,00
Sundry Current Assets	20,00	30,00
Total Assets	120,00	125,00
Less: Liabilities Taken over	15,00	10,00
Purchase Consideration	105,00	115,00
Total Purchase Consideration	-105,00 + 115,00 = 220,00	

Number of Equity Shares to be issued = Rs. 220,00 thousand + Rs. 11 (including premium) = 20,00 thousand. Hence, Chandrachuda Ltd. will be formed with a Paid Up Capital of Rs. 200,00 thousand and Securities Premium of Rs. 20,00 thousand.

Illustration 2 : Computation of Purchase Consideration

The Balance Sheet of Partha Ltd. as on 31st December is given below.

(in Rs. 000s)

Liabilities	Amount	Assets	Amount
Share Capital: Equity Shares of Rs. 10 each	50,50	Sundry Fixed Assets	50,00
8% Preference Shares	9,60	Stock	20,00
12% Debentures	15,00	Debtors	10,00
Sundry Creditors & Other Liabilities	10,00	Cash & Bank	5,00
Total	85,00	Total	85,00

Krishna Ltd. agrees to take over Partha Ltd., by issuing requisite number of Preference Shares of Rs. 10 each at 5% discount to the Preference Shareholders of Partha Ltd., and requisite number of Equity Shares of Rs. 10 each at par to

the Equity Shareholders of Partha Ltd. Purchase Consideration is settled as per Book Value of the assets, and the Debentures will be taken over by Krishna Ltd. on the agreement that these will be paid off at 10% premium after one year. Debenture holders of Partha Ltd. will accept 12% Debentures of Krishna Ltd. Calculate Purchase Consideration.

Solution: **Purchase Consideration by Net Assets Method** (in Rs. 000s)

Particulars	Amt.	Amt.
Book Value of Assets taken over (i.e. Total of Assets Side)		85,00
Less: Liabilities taken over: Debentures	15,00	
Additional Liability for Premium on Redemption at 10%	1,50	
Sundry Creditors & Other Liabilities	10,00	(26,50)
Net Purchase Consideration		58,50

This Purchase Consideration shall be discharged by 8% Preference Shares and Equity Shares of Krishna Ltd. (Issue of Debentures to the Debentureholders of Partha Ltd. shall not be included in Purchase Consideration).

Number of Shares to be issued is computed as under –

(1) Preference Shares to be issued = Rs. 950 thousands + Rs. 9.50 = 100 thousands
(i.e. at a discount)

Balance of Purchase Consideration = Rs. 58.50 thousands – Rs. 950 thousands
= Rs. 49,00 thousand

(2) Equity Shares to be issued = Rs. 49,00 thousands + Rs. 10 = 490 thousands

Illustration 3 : Computation of Purchase Consideration – Mutual Holdings

Arun Ltd. and Bhairav Ltd. decide to amalgamate themselves into Sandhya Limited. The following are their Balance Sheets as on 31st December.

Liabilities	Arun	Bhairav	Assets	Arun	Bhairav
Face Value and Paid Up Capital			Investments		
Share Capital (Rs. 10 each)	5,00,000	4,00,000	1000 Shares in B Ltd.	1,30,000	—
General Reserves	2,00,000	1,00,000	2000 Shares in A Ltd.	—	2,10,000
10% Debentures	2,00,000	1,50,000	Sundry Assets	7,70,000	4,40,000
Total	9,00,000	6,50,000	Total	9,00,000	6,50,000

Compute the amount of Purchase Consideration of each of these Companies under Purchase Method as per AS – 14.

Solution: Since there is Inter Company Shareholding, Simultaneous Equations Method is applied.

Computation of Net Assets

Particulars	Arun	Bhairav
Investment in Equity Shares of B Ltd. (1000 ÷ 4000) = 1/4th	1/4th × B	—
Investment in Equity Shares of A Ltd. (2000 ÷ 5000) = 2/5th	—	2/5th × A
Sundry Assets	7,70,000	4,40,000
<i>Less:</i> 10 % Debentures	(2,00,000)	(1,50,000)
Net Assets (Let Intrinsic Value of Arun Ltd. and Bhairav Ltd. be 'A' & 'B')	A	B

18 • Amalgamation of Companies

The two equations are: $A = 5,70,000 + \frac{1}{4} B$ Eqn 1, and $B = 2,90,000 + A$ Eqn 2

By substituting value of A from Equation 1 in Equation 2, we get, $B = 2,90,000 + (5,70,000 + \frac{1}{4} B)$

So, $B = 2,90,000 + 2,28,000 + \frac{1}{4} B$ $B - \frac{1}{4} B = 5,18,000$ i.e. $B = 5,18,000$ $B = 5,18,000 \times \frac{4}{3}$
So, B = Rs. 5,75,556 (approx.)

Upon substituting value of B in Equation 1, we get $A = 5,70,000 + (\frac{1}{4} \times 5,75,556) = \text{Rs. } 7,13,889$ (Approx)

Illustration 4 : Computation of Purchase Consideration

The following is the Balance Sheet of Swarna Ltd. as on 31st March:

Liabilities	Rs.	Assets	Rs.
14,000 Equity Shares of Rs. 100 each fully paid	14,00,000	Sundry Assets	18,00,000
General Reserve	10,000	Discount on issue of Debentures	10,000
10% Debentures	2,00,000	Preliminary Expenses	30,000
Sundry Creditors	2,00,000	Profit & Loss A/c	60,000
Bank Overdraft	50,000		
Bills Payable	40,000		
Total	19,00,000	Total	19,00,000

Rajata Ltd. agreed to take over the business of Swarna Ltd. Calculate Purchase Consideration under Net Assets Method. The Market Value of 75% of the Sundry Assets is estimated to be 12% more than the Book Value and that of the remaining 25% at 8% less than the Book Value. The Liabilities are taken over at Book Values. There is an unrecorded liability of Rs. 25,000.

Solution: Computation of Purchase Consideration under Net Assets Method

Particulars	Computation	Rs.
Sundry Assets taken over	$(18,00,000 \times 75\% \times 112\%) + (18,00,000 \times 25\% \times 92\%)$	19,26,000
Less: Liabilities taken over	10% Deb + Sundry Creditors + Bank OD + Bills Payable + New Liabilities $2,00,000 + 2,00,000 + 50,000 + 40,000 + 25,000$	(5,15,000)
	Net Assets Taken Over = Purchase Consideration	14,11,000

Illustration 5 : Computation of Purchase Consideration

The abstract of the Balance Sheet of the Arjun Ltd. as at 31st March are as follows –

Liabilities	Rs.
Equity Share Capital (Rs. 100 each)	15,00,000
12% Preference Share Capital (Rs. 100 each)	8,00,000
13% Debentures	3,00,000

On 31st March, Bagya Ltd. agreed to take over Arjun Ltd. on the following terms:

- For each Preference Share in Arjun Ltd, Rs. 10 in Cash and one 9% Preference Share of Rs. 100 in Bagya Ltd.

2. For each Equity Share in Arjun Ltd., Rs. 20 in Cash and one Equity Share in Bagya Ltd. of Rs. 100 each. It was decided that the Share in Bagya Ltd. will be issued at Market Price Rs. 140 per Share.
3. Liquidation Expenses of Arjun Ltd. are to be reimbursed by Bagya Ltd. to the extent of Rs. 10,000. Actual Expenses amounted to Rs. 12,500.

You are required to compute the amount of Purchase Consideration.

Solution: Computation of Purchase Consideration

Particulars	Rs.
Preference Shares: 9% Preference Shares of Rs. 100 each (8,000 Shares × Rs. 100)	8,00,000
Equity Shares: Equity Shares issued at Premium of Rs. 40 per Share. Rs. 15,00,000 + Rs. 100 = 15,000 Shares. 15,000 Shares issued at Rs. 140 per Share. Therefore, Total Value of Equity Shares (including Premium) (15,000 × Rs. 140)	21,00,000
Cash: For Preference Shares: 8,000 × Rs. 10	80,000
For Equity Shares: 15,000 × Rs. 20	3,00,000
Total Purchase Consideration	32,80,000

Note, Reimbursement of Liquidation Expenses will not form part of Purchase Consideration.

2. MERGER AND PURCHASE – BOTH METHODS OF ACCOUNTING

Illustration 5 : Computation of Purchase Consideration

Arjuna Ltd. and Bhagavan Ltd. amalgamated on and from 1st January. A new Company Kurukshetra Ltd. was formed to take over the business of the existing Companies. Their Balance Sheets as on 31st December was

(in Rs. 000s)

Liabilities	Arjuna	Bhagavan	Assets	Arjuna	Bhagavan
Share Capital: Equity Shares of Rs. 10 each	60,00	70,00	Sundry Fixed Assets	85,00	75,00
General Reserve	15,00	20,00	Investments	10,50	5,50
Profit and Loss Account	10,00	5,00	Stock	12,50	27,50
Investment Allowance Reserve	5,00	1,00	Debtors	18,00	40,00
Export Profit Reserve	50	1,00	Cash & Bank	4,50	4,00
12% Debentures	30,00	40,00			
Sundry Creditors	10,00	15,00			
Total	130,50	152,00	Total	130,50	152,00

Investment Allowance Reserve and Export Profit Reserve are to be statutorily carried over for another 3 years.

Kurukshetra Ltd. issued requisite number of Shares to discharge the claims of the Equity Shareholders of the Transferor Companies. Compute the Purchase Consideration and show the discharge thereof. Also draft the Balance Sheet of Kurukshetra Ltd, assuming amalgamation in the nature of (1) Merger, (2) Purchase.

Solution: 1. Computation of Purchase Consideration (in Rs. 000s)

Particulars	Arjuna	Bhagavan	Total
Sundry Fixed Assets	85,00	75,00	
Investments	10,50	5,50	
Stock	12,50	27,50	
Debtors	18,00	40,00	
Cash & Bank	4,50	4,00	
Total Assets Taken Over	130,50	152,00	282,50
<i>Less:</i> Sundry Liabilities			
12% Debentures	30,00	40,00	
Sundry Creditors	10,00	15,00	
Net Assets Taken Over	90,50	97,00	18,750
<i>Less:</i> Reserves & Surplus – General Reserve	15,00	20,00	
Profit and Loss Account	10,00	5,00	
Investment Allowance Reserve	5,00	1,00	
Export Profit Reserve	50	1,00	
Net Purchase Consideration (under Merger Method)	60,00	70,00	130,00

2(a) Discharge of Purchase Consideration (under Pooling of Interest Merger Method):

Arjuna = 6,27,500 Equity Shares of Rs. 10 each = 62,75
 $\frac{130,00 \times 90,50}{187,50}$

Bhagavan = 6,72,500 Equity Shares of Rs. 10 each = 67,25
 $130,00 \times \frac{90,50}{187,50}$

2(b) Discharge of Purchase Consideration (under Purchase Method) (= Net Assets Taken over)

Arjuna 9,05,000 Equity Shares of Rs. 10 each = 90,50

Bhagavan 9,70,000 Equity Shares of Rs. 10 each = 97,00

3. Computation of Capital Reserve Adjustment towards General Reserve (Under Merger Method)

Particulars	Arjuna	Bhagavan
Purchase Consideration	62,75	67,25
<i>Less:</i> Paid up Capital	(60,00)	(70,
Difference	2,75	(2,75)
Treatment	Adjustment towards the General Reserve of the Selling Company	Transfer towards Capital Reserve

General Reserve after making the above adjustment is 15,00 + 20,00 – 275 = 32,25

**4. Balance Sheet of Kurukshetra Ltd. as on 1st January
(Pooling of Interest Merger Method)**

(Rs. 000s)

	Particulars as at 1st January	Note	This Year	Prev. Yr.
I	EQUITY AND LIABILITIES:			
(1)	Shareholders' Funds:			
	(a) Share Capital	1	130,00

Particulars		This Year	Prev. Yr.
Secured Borrowings: 12% Debentures	(30,00 + 40,00)	70,00	
(assumed New Debentures are secured and are issued against Old Series)			
Total		70,00	

Illustration 4 : Amalgamated in the nature of Merger vs. Purchase

Long Ltd. and Short Ltd. was amalgamated on and from 1st April. A new Company Moderate Ltd. was formed to take over the business of the existing Companies. The Balance Sheets of Long Ltd. & Short Ltd. as on 31st March are as under —

(Rs. In Lakhs)

Liabilities	Long	Short	Assets	Long	Short
Share Capital:			Fixed Assets:		
Equity Shares of Rs. 100 each	850	725	Land & Building	460	275
14% Preference Shares of Rs. 100 each	320	175	Plant & Machinery	325	210
Reserves & Surplus:			Investments	75	50
Revaluation Reserve	125	80	Current Assets, Loans & Advances:		
General Reserve	240	160	Stock	325	269
Investment Allowance Reserve	50	30	Sundry Debtors	305	270
P & L Account	75	52	Bills Receivable	25	—
Secured Loans: 13% Debentures (Rs. 100 Each)*	50	28	Cash & Bank	385	251
Unsecured Loans:					
Public Deposit	25	—			
Current Liabilities and Provisions:					
Sundry Creditors	145	75			
Bills Payable	20	—			
Total	19,00	13,25	Total	19,00	13,25

Other information:

- (a) 13% Debentureholders of Long Ltd. & Short Ltd. are discharged by Moderate Ltd., by issuing such number of its 150% Debentures of Rs. 100 each so as to maintain the same amount of interest.

24 • Amalgamation of Companies

- (b) Preference Shareholders of the two Companies are issued equivalent number of 15% Preference Shares of Moderate Ltd. at a price of Rs. 125 per Share (Face Value = Rs. 100).
- (c) Moderate Ltd. will issue 4 Equity Shares for each Equity Share of Long Ltd., and 3 Equity Shares for each Equity Share of Short Ltd. The Shares are to be issued at 7 35 each having a Face Value of Rs. 10 per Share.
- (d) Investment Allowance Reserve is to be maintained for two more years.

Prepare the Balance Sheet of Moderate Ltd. as on 1st April after the amalgamation has been carried out, on the basis of the following assumptions: (1) in the nature of Merger, and (2) in the nature of Purchase.

Solution:

1. Computation of Purchase Consideration (in Rs. Lakhs)

Particulars	Long Ltd.	Short Ltd.
Preference Shareholders: 3,20,000 Shares of Rs. 125 each	400.00	
1,75,000 Shares of Rs. 125 each		218.75
Equity Shareholders: 4 × 8,50,000 = 34,00,000 Shares of Rs. 35 each	11,90.00	
3 × 7,25,000 = 21,75,000 Shares of Rs. 35 each		761.25
Total	15,90.00	9,80.00

2. Computation of Securities Premium (in Rs. Lakhs)

Particulars	Share Capital	Securities Premium	Total
Preference Share Capital (3,20,000 + 1,75,000) = 4,95,000 Shares	Rs. 100 ^{13%} each 495.00	at Rs. 25 each = 123.75	618.75
Equity Share Capital (34,00,000 + 21,75,000) = 55,75,000 Shares	Rs. 10 ^{15%} each 557.50	at Rs. 25 each = 1,393.75	1,951.25
Total		1,517.50	

3. Issue of Debentures (in Rs. Lakhs)

Particulars	Long Ltd.	Short Ltd.	Total
15% Fresh Issue for 13% Old Debentures	$(50 \times \frac{13\%}{15\%}) = 43.33$	$(28 \times \quad) = 24.27$	$(43.33 + 24.27) = 67.60$

4. Balance Sheet of Moderate Ltd. as on 1st April (Pooling of Interest/Merger Method) (Rs. in Lakhs)

	Particulars as at 1st April	Note	This Year	Prev. Yr.
I	EQUITY AND LIABILITIES:			
(1)	Shareholders' Funds:			
	(a) Share Capital	1	1,052.50	
	(b) Reserves and Surplus	2	1,839.90	
(2)	Non Current Liabilities: Long Term Borrowings	3	92.60	
(3)	Current Liabilities: Trade Payables	4	240.00	
	Total		3,225.00	

Amalgamation of Companies • 25

II	ASSETS				
(1)	Non-Current Assets				
	(a) Fixed Assets: Tangible Assets			5	1,270.00

3. AMALGAMATION IN THE NATURE OF MERGER

Illustration 5 : Pooling of Interest Method – Basics

Hari Ltd. having Share Capital of Rs. 50 Lakhs divided into Equity Shares of Rs. 10 each, was taken over by Govind Ltd. Hari Ltd. has General Reserve of Rs. 10,00,000 and Profit and Loss Account Cr. Rs. 5,00,000. Govind Ltd. issued 11 Equity Shares of Rs. 10 each for every 10 Shares of Hari Ltd. Show how the Journal Entries would be passed in the books of Govind Ltd. for the Shares issued under the Pooling of Interests Method of Amalgamation.

Solution: 1. Computation of Reserves to be incorporated in the books of Govind Ltd.

Particulars	Rs.
Paid Up Capital of Hari Ltd.	56,00,000
Less: Purchase Consideration (5,00,000 ×) × 10 = 5,50,000 Shares x Rs. 10 each	55,00,000
Difference to be adjusted with I reduced from General Reserve of Hari Ltd.	5,00,000
Balance Reserves of Hari Ltd. to be incorporated	
General Reserve (10,00,000 - 5,00,000)	5,00,000
Profit and Loss Account (Credit Balance, fully taken over)	5,00,000

2. Journal Entries in the books of Govind Ltd. (Rs. in Lakhs)

S.No.	Particulars	Dr.	Cr.
1	Business Purchase A/c To Liquidator of Hari Ltd. A/c (Being Purchase Consideration Due)	Dr. 55	55
2	Net Assets A/c To Business Purchase A/c To General Reserve A/c To Profit and Loss A/c (Being recording of Assets and Liabilities taken over from Hari Ltd. under amalgamation)	Dr. 65	55 5 5 10
3	Liquidator of Hari Ltd. A/c To Equity Share Capital A/c (Being discharge of consideration, by allotment of 5,50,000 Equity Shares of Rs. 10 each fully paid)	Dr. 55	55

Illustration 6 : Amalgamation as Merger – Journal Entries, B/s Preparation, Mutual Owings Elimination

The following were the Balance Sheets of Rudra Ltd. and Shiva Ltd. as at 31st March (Rs. in Lakhs)

Liabilities	Rudra	Shiva	Assets	Rudra	Shiva
Equity Share Capital (of Rs. 10 each)	15,000	6,000	Land and Buildings	6,000	5,000
Securities Premium	3,000	—	Plant and Machinery	14,000	—
Foreign Projects Reserve	—	310	Furniture, Fixtures and Fittings	2,304	1,700
General Reserve	9,500	3,200	Stock	7,862	4,041
Profit and Loss Account	2,870	825	Debtors	2,120	1,020
12% Debentures	—	1,000	Cash at Bank	1,114	609
Bills Payable	120	—	Bills Receivable	—	80
Sundry Creditors	1,080	463	Cost of Issue of Debentures	—	50
Sundry Provisions	1,830	702			
Total	33,400	12,500	Total	33,400	12,500

All the Bills Receivable held by Shiva Ltd. were Rudra Ltd.'s acceptances.

On the above date, Rudra Ltd. took over Shiva Ltd. in an amalgamation in the nature of merger. It was agreed that in discharge of consideration for the business, Rudra Ltd. would allot 3 fully paid Equity Shares of Rs. 10 each at par for every 2 Equity Shares held in Shiva Ltd. It was also agreed that 12% Debentures in Shiva Ltd. would be converted into 13% Debentures in Rudra Ltd. of the same amount and denomination. Also, expenses of amalgamation amounting to Rs. 1 Lakh were borne by Rudra Ltd.

Required: (1) **Pass Journal Entries in the books of Rudra Ltd. and,** (2) **Prepare Rudra Ltd.'s B/Sheet immediately after the Merger.**

Solution: **1. Computation of Purchase Consideration**

1. Purchase Consideration is discharged as 3 Equity Shares of Rudra Ltd. for every 2 Equity Shares held in Shiva Ltd.

2. Shiva Ltd. has = 600 Lakh Shares. Since 3 Shares of Rudra Ltd. = 2 Shares of Shiva Ltd.,
the Number of Shares of Rudra Ltd. to be issued = $600 \times \frac{3}{2}$ = 900 Lakh Shares.

3. Amount of Purchase Consideration = 900 Lakh Shares \times Rs. 10 = Rs. 9,000 Lakhs.

Note: The Question clearly states that the amalgamation is in the nature of Merger. Hence, **Pooling of Interest Method** is followed in the accounting for this amalgamation.

2. Computation of Goodwill on Merger (Rs. in Lakhs)

	Rs. Lakhs	Rs. Lakhs
Particulars		
Land and Buildings	5,000	
Furniture, Fixtures & Fittings	1,700	
Stock	4,041	
Debtors	1,020	
Cash at Bank	609	
Bills Receivable	80	12,450
Less: Liabilities:		
Foreign Projects Reserve	310	
Profit and Loss A/c (Rs. 825 Rs. 50 Cost of issue of Debentures)	775	
12% Debentures	1,000	
Sundry Creditors	463	
Sundry Provisions	702	
General Reserve	(6,450)	
Net Assets taken over		6,000
Less: Purchase Consideration (WN 1)		(9,000)
Capital Reserve / (Goodwill) (since Consideration > Net Assets)		(3,000)

Since Amalgamation is in the nature of Merger, this Goodwill Rs. 3,000 Lakhs will be adjusted in the Reserves of Rudra Ltd.

3. Journal Entries in the books of Rudra Ltd.		(Rs. in Lakhs)	
S.No.	Particulars	Dr.	Cr.
1.	Business Purchase A/c Dr. To Liquidator of Shiva Ltd. A/c (Being business of Shiva Ltd. taken over for consideration settled as per agreement)	9,000 —	9,000
2.	Plant and Machinery A/c Dr. Furniture, Fixtures & Fittings A/c Dr. Stock A/c Dr. Debtors A/c Dr. Cash at Bank A/c Dr. Bills Receivable A/c Dr. To Foreign Project Reserve A/c To General Reserve (3,200 – 3,000 adjustment in Reserves) (bal. figure) To Profit and Loss A/c (825 – 50 cost of issue of debt) To 12% Debentures A/c To Sundry Creditors A/c To Sundry Provisions A/c To Business Purchase A/c (Being Assets & Liabilities taken over from Shiva Ltd.) (See Note below)	5,000 1,700 4,041 1,020 609 80	310 200 775 1,000 463 702 9,000
3.	Liquidator of Shiva Ltd. A/c Dr. To Equity Share Capital A/c (Being Purchase Consideration discharged in the form of Equity Shares of Rudra Ltd.)		9,000 9,000
4.	General Reserve A/c Dr. To Bank A/c (Being Liquidation Expenses paid by Rudra Ltd.)	1	1
5.	12% Debentures A/c Dr. To 13% Debentures A/c (Being 12% Debentures discharged by issue of 13% Debentures)	1000	1000
6.	Bills Payable A/c Dr. To Bills Receivable A/c (Being cancellation of Mutual Owings on account of Bills Receivable / Payable)	80	80

Note: The Question is silent on the treatment of Fictitious Assets. So, it is assumed that they are not transferred to the Amalgamated Co. Hence, Cost of Issue of Debentures shown in Shiva Ltd.'s B/s is not transferred to Rudra Ltd.

- To discharge Purchase Consideration for Nithya Ltd.'s business, Sona Ltd. to allot 90 Lakhs fully paid up Equity Shares to Shareholders of Nithya Ltd. in full satisfaction of their claims.
- Expenses on the liquidation of Mahima Ltd. and Nithya Ltd. amounting to Rs. 6 Lakhs are to be borne by Song Ltd.
- 8% Redeemable Debentures of Nithya Ltd. to be converted into 8.5% Redeemable Debentures of Sona Ltd.
- Expenses on Incorporation of Sona Ltd. were Rs. 15 Lakhs.

You are required to —

- Pass necessary Journal Entries in the books of Sona Ltd. to record above transactions, and
- Prepare Balance Sheet of Song Ltd. after Merger.

Solution:

1. Computation of Purchase Consideration (in Lakhs)

Particulars	Mahima	Nithya	Total
Preference Shareholders	120 Lakhs Shares × Rs. 10 = 1,200	—	1,200
Equity Shareholders	720 Lakhs × Rs. 10 = 7,200	90 Lakhs × Rs. 10 = 900	8,100
Total	8,400	900	9,300

2. Analysis of Reserves to be incorporated in the books of Sona Ltd. (Rs. in Lakhs)

Particulars	Mahima	Nithya
(a) Purchase Consideration	8,400	900
(b) Paid Up Capital (Equity + Preference)	4,800	900
(c) Difference	3,600	—
(d) Difference adjusted against the Reserves		
— General Reserve of Mahima Ltd.	2,100	—
— Profit & Loss A/c of Mahima Ltd.	780	—
— Profit & Loss A/c of Sona Ltd. (Balance)	720	—

Other Current Liabilities	1,00,000	75,000			
Total	49,50,000	33,00,000	Total	49,50,000	33,00,000

All the Bills Receivable of Pee Ltd. were having Gee Ltd.'s acceptances. Gee Ltd. takes over Pee Ltd. on the above date. The Purchase Consideration is discharged as follows –

- Issued 1,65,000 Equity Shares of Rs. 10 each at par to the Equity Shareholders of Pee Ltd.
- Issued 15% Preference Shares of Rs. 100 each to discharge the Preference Shareholders of Pee Ltd. at 10% Premium.
- The Debentures of Pee Ltd. will be converted into equivalent number of Debentures of Gee Ltd. A The Statutory Reserves of Pee Ltd. is to be maintained for two more years.
- Expenses of Amalgamation amounting to Rs. 10,000 will be borne by Gee Ltd.

Show the opening Journal Entries and the Opening Balance Sheet of Gee Ltd. as at 1st April after amalgamation, on the assumption that the amalgamation is in the nature of Merger.

Solution:**1. Computation of Purchase Consideration and adjustment of difference**

Particulars	Rs.	Rs.
Purchase Consideration:		
1,65,000 Equity Shares of Rs. 10 each	16,50,000	
8,50,000 × 110% = 9,35,000/100 = 9,350 Preference Shares	9,35,000	25,85,000
Less: Amount Due to Equity Shareholders		(15,00,000)
Less: Amount Due to Preference Shareholders		(8,50,000)
Difference to be adjusted in the General Reserves of Gee Ltd.		2,35,000

Note: The Balance of General Reserve to be incorporated in the books is Rs. 15,000 (Rs. 2,50,000 – Rs. 2,35,000).

Total	9,10,000	

Illustration 9 : Amalgamation as Merger – Two Companies taken over

Following are the summarised Balance Sheets of A Ltd. and B Ltd. as at 31st March –

Particulars	A Ltd.	B Ltd.
Share Capital: Equity Shares of Rs. 10 each (fully paid-up)	10,00,000	6,00,000
Securities Premium	2,00,000	—
General Reserve	3,00,000	2,50,000
Profit and Loss Account	1,80,000	1,60,000
10% Debentures	5,00,000	
Secured Loan	—	3,00,000
Sundry Creditors	2,60,000	1,70,000
Total	24,40,000	14,80,000
Land and Building	9,00,000	4,50,000
Plant and Machinery	5,00,000	3,80,000
Investment (5,000 Shares of B Ltd.)	80,000	—
Stock	5,20,000	3,50,000
Debtors	4,10,000	2,60,000
Cash at Bank	30,000	40,000
Total	24,40,000	14,80,000

The Companies agree on a scheme of amalgamation on the following terms:

1. A new Company is to be formed by name AB' Ltd., to take over all the Assets and Liabilities of the Existing Companies.
2. For the purpose of amalgamation, the Shares of the Existing Companies are to be valued as under:
A Ltd. = Rs. 18 per Share, and B Ltd. = Rs. 20 per Share.

3. Contingent Liability of A Ltd. of Rs. 60,000 is to be treated as actual existing liability.
4. Shareholders of A Ltd. and B Ltd. are to be paid by issuing sufficient number of Shares of AB Ltd., at a premium of Rs. 6 per Share.
5. The Face Value of the Shares of AB Ltd. are to be of Rs. 10 each.

You are required to:

1. Calculate the Purchase Consideration (i.e. Number of Shares to be issued to A Ltd. and B Ltd.).
2. Pass Journal Entries in the books of A Ltd. or the transfer of Assets and Liabilities.
3. Pass Journal Entries in the books of AB Ltd., for the acquisition of A Ltd. and B Ltd.
4. Prepare the Balance Sheet of AB Ltd.

Solution: **1. Determination of Purchase Consideration**

Particulars	A Ltd.	B Ltd.	
		A Ltd.	Others
(a) No. of Equity Shares Outstanding	1,00,000	5,000	55,000
(b) Agreed Price per Share	Rs. 18.00	Rs. 20.00	Rs. 20.00
(c) Total Consideration	Rs. 18,00,000	Rs. 1,00,000	Rs. 11,00,000
(d) Allotment Price [Face Value 10 + Premium	Rs. 16.00	Rs. 16.00	Rs. 16.00
(e) No. of Shares to be issued	1,12,500	6,250	68,750

CAPITAL REDUCTION & INTERNAL RECONSTRUCTION

1. **Compromise and Arrangement:** A Scheme of Compromise and Arrangement is an **agreement** between a Company and its Members and Creditors (both Long-Term Creditors and Short Term Creditors), when the Company faces financial problems. Such an arrangement is called **Capital Reduction A/c**, and involves sacrifices by Shareholders, or Creditors and Debentureholders or by all.
2. **Types:** Capital Reduction A/c can be of two types –
 - (a) **External Capital Reduction A/c** – where a new Company is formed by transferring the undertaking of an existing Company, e.g. Amalgamation of two Companies, Absorption of one Company into another, Demerger. of a Company into two or more new Companies, etc.
 - (b) **Internal Capital Reduction A/c** – where the affairs of a Company are re-aligned, without liquidating the Company and forming a new Company.

Difference between Internal and External Capital Reduction A/c

Basics	Internal Capital Reduction A/c	External Capital Reduction A/c
Existing Company New Company	Existing Company is not liquidated. No new Company is formed, but only the rights of Shareholders and Creditors are changed.	Existing Company is liquidated & wound up. A New Company is formed to take over the Liquidated Company.
Reduction of Capital	There is a certain reduction of Capital (of Members), and sometimes Outside Liabilities like Debentureholders and Creditors, may have to reduce their claims also.	There is no reduction of capital. In fact there is a Fresh Issue of Share Capital of the New company.
Regulated by	Sec. 100 of the Companies Act, 1956.	Sec. 494 of the Companies Act, 1956.

1. **Meaning:**
 - (a) **Internal Capital Reduction A/c** is a scheme in which the affairs of a Limited Company are re-organised for – (a) proper reflection of Capital, or (b) compounding / compromising / settling with Creditors, or (c) Company's betterment / turnaround, etc.
 - (b) **Capital Reduction A/c:** The Share Capital of a Company which has been suffering losses continuously for a long time, is not truly represented by its assets. In such case, the scheme of Capital Reduction involves writing-off that portion of Capital which is already lost.
2. **Methods:** In Internal Capital Reduction A/c, the following methods are generally employed or used simultaneously –
 - (a) Alteration of Share Capital as per Sec.94, 95, 97 of the Companies Act.
 - (b) Variation of Shareholders' Rights as per Sec.106 of the Companies Act.
 - (c) Reduction of Share Capital as per Sec.100 to 105 of the Companies Act.
 - (d) Compromise/ Arrangement as per Sec.391 to 393 and Sec.394A of the Companies Act.
 - (e) Surrender of Shares.

- 3. Aspects:** Internal Capital Reduction A/c involves the following aspects –
- (a) Revaluation of Assets to a realistic value, e.g. Market Value of Current Assets, Trade Investments, etc.
 - (b) Writing off of Fictitious Assets and Losses ‘ e.g. Goodwill, Patents, Miscellaneous Expenditure to the extent not written off or adjusted, Debit Balance in Profit and Loss Account, etc.
 - (c) Re-assessment of Liabilities by seeking waiver / reduction / remission of liability from Creditors and Lenders (including Debentureholders, if any), recording previously unrecorded liability, etc.
 - (d) Re-statement of Capital by reducing the Paid-Up Value of Shares, (both Equity and Preference) and / or varying the rights attached to different classes of shares.
- 4. Capital Reduction A/c:** The above aspects are accounted / recognised as under –
- Capital Reduction / Reconstruct on Re-organisation A/c**

Debited with -	Credited with -
<ul style="list-style-type: none"> ● Downward Revaluation of Assets ● Upward Re-assessment of Liabilities ● Recording / paying of previously unrecorded Liabilities ● Expenses of Capital Reduction A/c ● Writing off of Fictitious Assets, Intangible Items, and Accumulated Losses ● Net Surplus, if any, transferred to Capital Reserve 	<ul style="list-style-type: none"> ● Upward Revaluation of Assets ● Downward Re-assessment of Liabilities ● Sacrifices / Rebates by Lenders / Creditors, towards Claims due to them ● Sacrifices by Shareholders, by way of Reduction of Capital

Note:

If Scheme Involves arrangements with -	Name of Account to be used
Shareholders only	Capital Reduction / Capital Reduction A/c / Reorganisation
Shareholders and Creditors / Lenders / Debentureholders	Capital Reduction A/c / Reorganisation

Hence, the general A/c Head “**Capital Reduction A/c** may be used.

Share Capital A/c Dr. To (New) % Cum. Pref. Share Capital A/c Conversion from Cumulative to Non-Cumulative Pref. Shares: % Cum. Pref. Share Capital A/c Dr. To ... % Non-Cum. Pref. Share Capital A/c
13. Conversion of Fully Paid Shares into Stock, or vice-versa (Refer Note below)	Conversion of shares into Stock: Equity Share Capital (Rs. each) Dr. To Equity Stock A/c Re-conversion of Stock into Stock: Equity Stock A/c Dr. To Equity Share Capital (Rs. each)
14. Sub-Division and Consolidation of Shares (Refer Note below) (say Rs. 100 Share divided into 10 Shares of Rs. 10 each)	Equity Share Capital (Rs. 100 each) Dr. To Equity Share Capital (Rs. 10 each)

Other Points:

- A Certified Copy of Court / NCLT's Order approving the Scheme and Minutes must be filed with the ROC.
- While preparing the Balance Sheet of a Capital Reduction A/c Company, the words "and Reduced" should be added only if the Court / NCLT directs so.
- The amount written off against Fixed Assets under the scheme of Capital Reduction A/c should be shown for a period of five years in accordance with Schedule VI Disclosure Requirements.

Notes : The following **alterations** can be done without affecting Capital Reduction A/c –

Variation in Shareholders' Rights	<ul style="list-style-type: none"> ● When a Company has issued different classes of Shares with different rights or privileges attached to such Shares, e.g. Rights as to Dividend, Voting Rights, etc. any of such rights may be changed in any manner. ● Some examples for change in rights are - (a) change in rate of dividend on Preference Shares, or (b) conversion of Cumulative Preference Shares into Non-Cumulative Preference Shares without changing the amount of Share Capital.
Conversion of Fully Paid Shares into Stock, or vice-versa	<ul style="list-style-type: none"> ● Stock is the aggregate of fully paid-up Shares of a Member, merged into one fund of equal value. ● A Company can convert its Fully Paid Shares into Stock [Sec.94(c)], by a resolution passed in General Meeting. ● Stock can be divided into fractions of any amount. Any part of the Fund can be transferred. However, Companies may restrict the transfer of stock to multiples of, say, Rs. 100. ● Upon the Company converting its Shares into Stock, the book-keeping entries merely record the transfer from Share Capital A/c. A separate Stock Register is now maintained, in which details of Members' holdings are entered and the Annual Return is modified accordingly.
Sub-Division and Consolidation of Shares	<ul style="list-style-type: none"> ● If authorised by its Articles, a Company may, in a General Meeting, by passing an Ordinary Resolution, decide to sub-divide or consolidate the share into those of a smaller or higher denomination than that fixed by the Memorandum of Association, so long as the proportion between the paid-up and unpaid amount, if any, on the Shares continues to be the same as it was in the case of the Original Shares.

PRACTICAL QUESTIONS – INTERNAL CAPITAL REDUCTION A/C

Points for Consideration:

<ul style="list-style-type: none"> ● The A/c Head “Capital Reduction A/c” is used in most of the Illustrations, since the Scheme involves sacrifices by Shareholders / Lenders / Creditors, etc. ● Unless otherwise specified, it is assumed that reduction in Share Capital, involves both Nominal and Paid-up Value. ● It is assumed that the Court / NCLT directs that the words “and Reduced” be added to the B/Sheet.

Illustration 1: Internal Capital Reduction A/c – Journal Entries

The Paid-Up Capital of Arjuna Ltd. amounted to Rs. 2,50,000 consisting of 25,000 Equity Shares of Rs. 10 each. Due to losses incurred by the Company continuously, the Directors of the Company prepared a scheme for Capital Reduction A/c which was duly approved. The terms of Capital Reduction A/c were as under –

- (i) In lieu of their present holdings, the Shareholders are to receive:
 - (a) Fully paid Equity Shares equal to 2/5th of their holding.
 - (b) 5% Preference Shares fully paid-up to the extent of 20% of the above new Equity shares.
 - (c) 3,000, 6% Second Debentures of Rs. 10 each.
- (ii) An Issue of 1,000, 5% First Debentures of Rs. 10 each was made and fully subscribed in cash.
- (iii) The assets were reduced as follows –
 - (a) Goodwill from Rs. 1,50,000 to Rs. 75,000.
 - (b) Machinery from Rs. 50,000 to Rs. 37,500.
 - (c) Leasehold Premises from Rs. 75,000 to Rs. 62,500.

Show the Journal Entries to give effect to the above scheme of Capital Reduction A/c.

Following is the Balance Sheet of Chandru Ltd. as at 31st March, 2014:

Liabilities	Rs.	Assets	Rs.
15,000 10% Preference Shares of Rs. 100 each	15,00,000	Goodwill	3,50,000
35,000 Equity Shares of Rs. 100 each	35,00,000	Land & Buildings	15,00,000
Securities Premium	1,00,000	Plant & Machinery	10,00,000
7% Debentures of Rs. 100 Each	5,00,000	Stock	6,00,000
Creditors	12,50,000	Debtors	15,00,000
Loan from Director	1,50,000	Cash at Bank	1,00,000
		Preliminary Expenses	4,00,000
		Profit & Loss A/c	15,50,000
Total	70,00,000	Total	70,00,000

No dividend on Preference Shares has been paid for the last 5 years.

96 • Capital Reduction & Internal Reconstruction

The following scheme of reorganisation was duly approved by the Court:

1. Each Equity Share to be reduced to Rs. 25.
2. Each existing Preference Share to be reduced to Rs. 75, and then exchanged for 1 new 13% Preference Share of Rs. 50 each and 1 Equity Share of Rs. 25 each.
3. Preference Shareholders have foregone their right for dividend for four years. One year's dividend at the old rate is however, payable to them in Fully Paid Equity Shares of Rs. 25 each.
4. Debentureholders be given the option to either accept 90% of their claims in cash or to convert their claims in full into new 13% Preference Shares of Rs. 50 each issued at par. One half (in value) of the Debentureholders accepted Preference Shares for their claims. The rest were paid cash.
5. Contingent Liability of Rs. 1,50,000 is payable, which has been created by wrong action of one Director. He has agreed to compensate this loss out of the Loan given by the Director to the Company.
6. Goodwill does not have any value in the present. Decrease the value of Plant and Machinery, Stock and Debtors by Rs. 4,00,000, Rs. 1,00,000 and Rs. 1,50,000 respectively. Increase the value of Land and Buildings to Rs. 13,00,000.
7. 40,000 New Equity Shares of Rs. 25 each are to be issued at par, payable in full on application. The issue was underwritten for a commission of 4%.
8. Expenses incurred by the Company for the Scheme, excluding Underwriting Commission amounted to Rs. 15,000.

Pass necessary Journal Entries to record the above transactions.

Illustration 4: Internal Capital Reduction A/c – Journal Entries and Balance Sheet

The following is the Balance Sheet of Dayalan Ltd. as at 31st March –

Liabilities	Rs.	Assets	Rs.
Share Capital: 2,00,000 Equity Shares of Rs. 10 each fully paid-up	20,00,000	Plant and Machinery Assets	9,00,000
6,000 8% Preference Shares of Rs. 100 each	6,00,000	Furniture and Fixtures	2,50,000
9% Debentures	12,00,000	Patents and Copyrights	70,000
Bank Overdraft	1,50,000	Investments (at Cost) (Market Value Rs. 55,000)	68,000
Sundry Creditors	5,92,000	Stock	14,00,000
		Sundry Debtors	14,39,000
		Cash and Bank Balances	10,000
		Profit and Loss A/c	4,05,000
Total	45,42,000	Total	45,42,000

The following scheme of Capital Reduction A/c was finalised:

1. Preference Shareholders would give up 30% of their Capital in exchange for allotment of 11% Debentures to them.
2. Debentureholders having charge on Plant & Machinery, would accept Plant & Machinery in full settlement of their dues.
3. Stock equal to Rs. 5,00,000 In Book Value will be taken over by Sundry Creditors in full settlement of their dues.
4. Investment Value to be reduced to Market Price.
5. The Company would issue 11% Debentures for Rs. 3,00,000 and augment its Working Capital requirement, after settlement of Bank Overdraft.

Pass necessary Journal Entries, prepare Capital Reduction A/c and Balance Sheet of the Company after internal Capital Reduction A/c.

Illustration 9: Internal Capital Reduction A/c – Debentures given to Creditors Cash for Fractions - Journal Entries and Balance Sheet

The Directors of Harihara Ltd. decided to recommend to the Shareholders, certain measures to put the affairs of the Company back on the rails. On 30th June, the Balance Sheet of the Company was as under:

Liabilities	Rs.	Assets	Rs.
Share Capital: Authorised: 1,00,000 Equity Shares of Re. 1 each	1,00,000	Fixed Assets:	
Issued and Paid-up: 85,000 Equity Shares of Re. 1 each fully paid	85,000	Goodwill at Cost	22,600
Reserves and Surplus: Securities Premium	15,000	Freehold Property (Cost 50,000 Deprn. 8,500)	41,500
Current Liabilities: Trade Creditors	64,500	Plant & Machinery (Cost 1,19,000 Deprn 59,000)	60,000
Bank Overdraft	56,500	Investments:	
Loan from Bank	1,81,000	Shares at Cost in Associated Co's	30,000
		Other Quoted Investments at Cost	16,000
		Current Assets:	
		Stock	23,000
		Debtors	19,600
		Profit and Loss Account	68,300
Total	2,81,600	Total	2,81,000

The Scheme of Capital Reduction A/c as approved by the competent authorities, was as under

- The Issued Ordinary Shares were reduced to 5 paise each paid-up, the Unpaid Value of the Share was subsequently called by the Company and paid by all the Shareholders.
- The balance of Unissued Capital was allotted to the Bank in part discharge of the loan, the balance due was paid in cash.
- The Authorised Capital of the Company is to be increased by another 50,000 Shares and these are to be issued to the existing Shareholders as Rights Issue. The amount due from the Shareholders was realised.
- Trade Creditors to give up 25% of their claims, and the balance due to them to be converted into 12% Secured Debentures of Rs. 100 each.
- Interest of Rs. 6,500 on Overdraft to be waived by the Bank and the Balance Overdraft to be paid off.
- All amounts available Including Securities Premium to be utilised to write off Losses, Goodwili and the Value of Shares in Associated Companies.

Show Journal Entries to record the above and draw the Balance Sheet of the Company after the scheme is fully implemented.

Total	14,33,000	Total	14,33,000

It was decided to reconstruct the Company for which necessary resolution was passed and sanctions were obtained from appropriate authorities. Accordingly it was decided that –

- Each Share shall be subdivided into 10 Fully Paid Shares of Rs. 10 each.
- After subdivision, each Shareholder shall surrender to the Company, 50% of his holdings for the purpose of reissue to Debenture holders and Creditors as necessary.
- Out of Shares surrendered, 10,000 Shares of Rs. 10 each shall be converted into 10% Preference Shares of Rs. 10 each fully paid-up.
- The claims of the Debentureholders shall be reduced by 50%. In consideration of the reduction, the Debentureholders shall receive Preference Shares of Rs. 1,00,000 which are converted out of shares surrendered.
- Creditors' claims shall be reduced by 25%, and balance claim is to be settled by the issue of Equity Shares of Rs. 10 each out of shares surrendered.
- Balance of Profit and Loss Account to be written off.
- The shares surrendered and not reissued shall be cancelled.

You are required to show the Journal Entries giving effect to the above and the resultant Balance Sheet.

Note: It is assumed that the amount of Authorised Capital remains intact at given Rs. 10,00,000, and the amount of Preference Capital (which was not earlier defined in Authorised Capital) is taken at Rs. 1,00,000, the balance being taken as Equity Capital, divided into Shares of Rs. 10 each, with reorganisation in the number of Shares.

Illustration 11: Internal Capital Reduction A/c – Journal Entries and Balance Sheet

Kauravas Ltd. which had experienced trading difficulties decided to reorganise its finances. On 31st March, a Final Trial Balance extracted from the books of the Company showed the following position: (in Rs.)

Particulars	Dr.	Cr.
Share Capital, Authorised and Issued:		
1,500 6% Cumulative Preference Shares of Rs. 100 each		1,50,000
2,000 Equity Shares of Rs. 100 each		2,00,000
Capital Reserve		36,000
Profit and Loss Account	1,10,375	
Preliminary Expenses	1,250	
Goodwill at Cost	50,000	
Trade Creditors		42,500
Debtors	30,200	
Bank Overdraft		51,000
Leasehold Property at Cost	80,000	
Lease hold Property Provision for Depreciation		30,000
Plant and Machinery at Cost	2,10,000	
Plant and Machinery Provision for Depreciation		57,500
Stock in Trade	79,175	
Total	5,67,000	6,67,000

Approval from appropriate authorities was obtained for the following scheme for Reduction of Capital

1. Preference Shares to be reduced to Rs. 75 per Share and Equity Shares 'to be reduced to Rs. 12.50 Per Share.
2. One Rs. 12.50 Equity Share to be issued for each Rs. 100 of Gross Preference Dividend Arrears, the Preference Dividend had not been paid for three years.
3. The balance in Capital Reserve Account to be utilised.
4. Plant and Machinery to be written down to Rs. 75,000.
5. Profit and Loss Account balance and all Intangible Assets to be written off.

At the same time as the resolution to reduce Capital was passed, another resolution was approved restoring the Total Authorised Capital to Rs. 3,50,000 consisting of 1,500 6% Cumulative Preference Shares of Rs. 75 each and the balance in Equity Shares of Rs. 12.50 each. As soon as the above resolution had been passed, 5,000 Equity Shares were issued at par for cash payable in full upon application. The same were fully subscribed and paid.

You are required

1. To show the Journal Entries necessary to record the above transaction in the Company's books, and
2. To prepare the Balance Sheet of the Company, after completion of the scheme.

10% Debentures of Rs. 100 each	40,00,000	Current Assets	1,00,00,000
Sundry Creditors	50,00,000	P & L A/c	4,00,000
Provision for Taxation	1,00,000	Preliminary Expenses	2,00,000
Total	2,41,00,000	Total	2,41,00,000

The following scheme of reorganisation is sanctioned:

1. All the existing Equity Shares are reduced to Rs. 40 each.
2. All Preference Shares are reduced to Rs. 60 each.
3. Rate of Interest on Debentures is increased to 12%. The Debentureholders surrender their Existing Debentures of Rs. 100 each and exchange the same for Fresh debentures of Rs. 70 each for every debenture held by them.
4. One of the Creditors of the Company to whom the Company owes Rs. 20,00,000, decides to forego 40% of his claim. He is allotted 30,000 Equity Shares of Rs. 40 each in full satisfaction of his claim.
5. The taxation liability of the Company is settled at Rs. 1,50,000.
6. Fixed Assets are to be written down by 30%.
7. Current Assets are to be revalued at Rs. 45,00,000.
8. Investments to be brought to their Market Value.
9. It is decided to write off the Fictitious Assets.

Pass Journal Entries and show the Balance Sheet of the Company after giving effect to the above.

Illustration 16: Internal Capital Reduction A/c – Journal Entries and Balance Sheet

Bheeshma Limited decided to Capital Reduction A/c its business as it had accumulated huge losses. The following is the Balance Sheet of the Company as on 31st March before Capital Reduction A/c:

Liabilities	Rs.	Assets	Rs.
3,00,000 Equity Shares of Rs. 10 each fully paid-up	30,00,000	Goodwill	5,20,000
1,60,000, 6% Preference Shares of Rs. 10 each fully paid-up	16,00,000	Patents	1,50,000
6% Debentures (Secured against Land & Building)	15,00,000	Land & Building	17,00,000
Bank Overdraft	5,80,000	Plant & Machinery	2,00,000
Sundry Creditors	12,00,000	Investments (at Cost)	2,20,000
Provision for Income Tax	2,00,000	Sundry Debtors	17,40,000
		Stock	17,00,000
		Profit & Loss A/c	18,60,000
Total	80,80,000	Total	80,80,000

Following scheme of Capital Reduction A/c approved by all interested parties and Court:

1. All Equity Shares are reduced to Rs. 3 each and Preference Shares to Rs. 7 each.
2. Debentureholders agree to take over a part of Land and Building, Book value of which is Rs. 7,00,000, towards their 50% claim. Rate of Interest of balance 50% Debentures increased to 9%.
3. Goodwill and Patents will be written off.
4. 10% of Sundry Debtors to be provided for Bad Debts.
5. Stock to be written off by Rs. 2,60,000.
6. 50% of balance Land & Building sold for Rs. 6,00,000 and remaining Land & Building valued at Rs. 6,00,000.
7. Investment to be sold for Rs. 2,00,000.
8. There are pending contracts amounting to Rs. 10,00,000. These contracts are to be cancelled on payment of Penalty at 5% of pending contract amount.
9. The Income Tax Liability of the Company is settled at Rs. 3,06,000. Provision for Income Tax will be raised accordingly.
10. 1/3rd of Sundry Creditors decided to forego their claim.
11. After making all the above adjustments, balance amount available through the Scheme, will be utilised to write off the value of Plant & Machinery to that extent.

You are required to pass the Journal Entries and draw up the Balance Sheet of the Company after Capital Reduction A/c.

Illustration 17: Internal Capital Reduction A/c – Journal Entries and Balance Sheet

Sthaanu Limited had decided to reconstruct the Balance Sheet since it had accumulated huge losses. The following is the Balance Sheet of the Company on 31st March before Capital Reduction A/c:

Liabilities	Rs.	Assets	Rs.
Share Capital		Fixed Assets:	
Authorised: 1,50,000 Equity Shares of Rs. 50 each	75,00,000	Goodwill	20,00,000
Subscribed and Paid-up Capital:		Building	10,00,000
50,000 Equity Shares of Rs. 50 each	25,00,000	Plant	10,00,000
1,00,000 Equity Shares of Rs. 50 each		Computers	26,00,000
Rs. 40 paid-up	40,00,000	Investments	Nil
12% First Debentures	5,00,000	Current Assets	Nil
12% Second Debentures	10,00,000	Profit and Loss A/c (Loss)	20,00,000
Current Liabilities: Sundry Creditors	5,00,000		
Total	85,00,000	Total	85,00,000

Capital Reduction & Internal Reconstruction • 137

The following is the interest of 2 individuals, Sri. Nandi and Sri. Dundi in the Company –

Particulars	Nandi	Dundi
12% First Debentures	3,00,000	2,00,000
12% Second Debentures	7,00,000	3,00,000
Sundry Creditors	2,00,000	1,00,000
Total of above	12,00,000	6,00,000
Fully paid-up Rs. 50 Shares	3,00,000	2,00,000
Partly paid-up Shares (Rs. 40 paid-up)	5,00,000	5,00,000

The following scheme of Capital Reduction A/c is approved by all parties interested and also by the Court:

- (a) Uncalled Capital is to be called up in full and such Shares and the other fully paid-up shares be converted into Equity Shares of Rs. 20 each.
- (b) Nandi is to cancel Rs. 7,00,000 of his total debt (other than Share Amount) and to pay Rs. 2 Lakhs to the Company and to receive new 14% First Debentures for the balance amount.
- (c) Dundi is to cancel Rs. 3,00,000 of his total debt (other than Equity Shares) and to accept new 14% First Debentures for the balance.
- (d) The amount thus rendered available by the scheme shall be utilised in writing off of Goodwill, Profit and Loss A/c and the balance to write off the value of Computers.

You are required to draw the Journal Entries to record the same and show the Balance Sheet of the reconstructed Company.

Solution:

Note: Since only Shareholders are involved, the word “Capital Reduction” A/c is used in this Illustration.

Alternatively, the term “Capital Reduction A/c” A/c may also be used.

140 • Capital Reduction & Internal Reconstruction

The following Scheme of Capital Reduction A/c has been, agreed upon and duly approved.

1. All the Equity Shares be converted into Fully Paid Equity Shares of Rs. 5 each
2. Preference Shares be reduced to Rs. 50 each. Preference Shareholders agree to forego their arrears of dividends in consideration of which 9% Preference Shares are to be converted into 10% Preference Shares.
3. Lakshmipathi is to cancel Rs. 6,00,000 of his total debt including Interest on Debentures and to pay Rs. 1 Lakh to the Company and to receive new 12% Debentures for balance amount.
4. Narayana is to cancel Rs. 3,00,000 of his total debt including Interest on Debentures and to accept new 12% Debentures for the balance amount.
5. Trade Creditors (other than Lakshmipathi and Narayana) agreed to forego 50% of their claim.
6. Directors Loans settled as to 60% thereof by allotment of Equity Shares and balance being waived.
7. There were Capital Commitments totalling Rs. 3,00,000. These contracts are to be cancelled on payment of 5% of the Contact Price as a penalty.
8. Directors refund Rs. 1,10,000 of the fees previously received by them.
9. Capital Reduction A/c Expenses paid Rs. 10,000.
10. Taxation Liability of the Company is settled at Rs. 80,000 and the same is paid immediately.
11. The assets are revalued as under:

Land and Building	28,00,000	Computers	1,80,000
Plant and Machinery	4,00,000	Furniture and Fixtures	1,00,000
Stock	7,00,000	Trade Investments	4,00,000
Debtors	3,00,000		

Pass Journal entries for all the above-mentioned transactions including amounts to be written off of Goodwill, Patents, Loss in Profit & Loss Account and Discount on issue of Debentures. Prepare Bank Account and working of allocation of Interest on Debentures between Lakshmipathi and Narayana. Also prepare the Balance Sheet of the Company post Capital Reduction A/c.

Solution: **1. Analysis of Lakshmipathi and Narayana's interests in the Company**

Particulars	Lakshmi- pathi(1)	Narayana (2)	Total of L & N (3)	Total as per B/s (4)	Bal. share of (4-3)
10% First Debentures	4,00,000	2,00,000	6,00,000	6,00,000	Nil
10% Second Debentures	6,00,000	4,00,000	10,00,000	10,00,000	Nil
A. Total of Debentures	10,00,000	6,00,000	16,00,000	16,00,000	Nil
B. Interest at 10% on the above	1,00,000	60,000	1,60,000	1,60,000	Nil
C. Trade Creditors	1,00,000	50,000	1,50,000	5,00,000	3,50,000
Total Due (A + B + C)	12,00,000	7,10,000	19,10,000		3,50,000
Less: Remission of Liability - given	6,00,000	3,00,000	9,00,000		(50%) =1,75,000
Add: Amount paid to Company now	1,00,000	Nil	1,00,000		Nil
Total Revised Due	7,00,000	4,10,000	11,10,000		1,75,000

- (x) The Equity shareholders bring in necessary cash against their partly paid shares to leave working capital at Rs. 20,000. Pass necessary Journal entries in the books of the company assuming that scheme has been put through fully and prepare the Balance Sheet after Capital Reduction A/c.

April – 2001

- (3) Bottomout Ltd.. was in serious financial crisis and the Directors considered it advisable to go in for a compromise scheme with its creditors. (16)

Balance Sheet of Bottomout Ltd. as on 30-4-2000

Liabilities	Rs.	Assets	Rs.
Preference Share Capital (Rs. 100 paid-up)	5,00,000	Land	80,000
Equity Share Capital (Rs. 10 paid-up)	7,00,000	Building	2,60,000
12% Debentures	2,00,000	Plant & Machinery	3,75,000
Creditors	2,80,000	Trade Mark	75,000
Bank Loan	2,15,000	Goodwill	1,50,000
		Stocks	1,60,000
		Debtors	2,73,000
		Profit & Loss	5,12,000
		Discount on Issue of Debentures	10,000
Rs.	18,95,000	Rs.	18,95,000

Scheme as proposed by the directors is as below:

- (i) Bank agreed to waive interest amount outstanding of Rs. 15,000 included in the balance subject to immediate payment of 50% of their dues.
- (ii) Land was revalued upwards by 550%; other Tangible Fixed Assets are to be written down by 20% uniformly; all intangible and fictitious assets to be written off.
- (iii) Debenture holders agreed to reduce their claim by 20% provided they are paid 20% immediately and balance, being redeemed in 4 equal annual instalments.
- (iv) Preference shareholders to reduce their shares to Rs. 60 paid-up.
- (v) Equity shareholders to reduce their shares to Rs. 2 per share fully paid-up and subscribe to such number of shares to meet the cash requirement of the scheme and also leave a cash balance of Rs. 25,000.

Show Capital Reduction a/c and the Balance Sheet after carrying out the suggested scheme of Capital Reduction A/c.

October – 2001

- (4) The summarised assets and liabilities portion of Sunrise Ltd.. as on 1-4-2001 was as under: (16)

Liabilities	Rs.	Assets	Rs.
Authorised Capital:		Goodwill	40,000
1,60,000 Equity Shares of Rs. 10 each	16,00,000	Land and Building	3,20,000
4,000 9% Preference Shares of Rs. 100 each	4,00,000	Plant and Machinery	2,40,000
	20,00,000	Investments	48,000
Issued and Paid-up:		Stock	1,08,000
80,000 Equity Shares of Rs. 10 each, 7.50 paid-up	6,00,000	Debtors	2,36,000
4,000 9% Preference Shares of Rs. 100 each fully paid	4,00,000	Cash in Hand	12,000
Unsecured Loan	1,60,000	Profit and Loss A/c	2,85,600
Sundry Creditors	96,000		
Bank Overdraft	33,600		
Rs.	12,89,600	Rs.	12,89,600

Note:

- (i) Dividend on Preference Shares has not been declared for 2 years.
 - (ii) No provision has been made for sales tax liability of Rs. 19,200.
- The following scheme of Capital Reduction A/c has been approved by the court
- (i) Uncalled capital is to be called-up in full and Equity shares are to be reduced to Rs. 5 per share.
 - (ii) Sales tax liability of Rs. 18,000 is to be paid immediately.
 - (iii) Land and Building are to be shown in Balance sheet at full market value of Rs. 4,40,000. Goodwill is to be written off.
 - (iv) Trade creditors have agreed to forego 25% of their dues on the condition that 25% of net liability after remission is paid forthwith and the balance is paid within one year.
 - (v) Investments are to be taken over by bank in full settlement of overdraft balance.
 - (vi) Preference shareholders have agreed to sacrifice their right for 2 years' dividend and accept 24 fully paid Equity shares of Rs. 5 each for each fully paid Preference shares.
- Give necessary Journal entries and draft the Balance sheet after such Capital Reduction A/c.

April – 2002

- (5) A company's position on 31st December, 2001 was as follows: (16)
- | | |
|---|---------------|
| (i) 20,000 Equity Shares of Rs. 1000 each | Rs. 20,00,000 |
| (ii) 10,000 – 6% Debentures of Rs. 100 each | Rs. 10,00,000 |
| (iii) Interest payable on above debentures | Rs. 1,20,000 |
| (iv) There are no Liabilities and Reserves. | |

An independent valuation of the assets on the above date was considered to be worth Rs. 9,60,000 only. Hence the following steps were taken with the approval of all concerned.

- (a) The Face Value of the share was to reduce to Rs. 40 each, Rs. 20 per share paid-up.
- (b) The total claim of Debentureholders was reduced to Rs. 5,00,000.
- (c) The Debentureholders agreed to accept shares of Rs. 2,50,000 (Rs. 20 per share paid-up) in part satisfaction of their claims as referred to above and for the balance, they were allotted 8% Debentures.
- (d) Assets were brought down to their revised/current value.
- (e) All shareholders (including under (c) above) agreed to pay Rs. 20 per share to make the share fully paid.

You are required to: (i) Pass the journal entries in books of the company to record the above transactions. (ii) Prepare the Balance Sheet of the company after the above Capital Reduction A/c.

October – 2002

- (6) The paid-up capital of Easy Go Traders Ltd. amounted to Rs. 10,00,000 consisting of 4,000 - 5% Cumulative Preference Shares of Rs. 100 each and 60,000 Equity Shares of Rs. 10 each. The preference dividend was in arrears for Rs. 60,000, (Contingent Liability). (16)

The company incurred heavy losses continuously. Therefore, the Directors recommended to the shareholders the following scheme of Capital Reduction A/c to provide a sum sufficient for the following purpose:

- (a) To write down the book values of Patents by Rs. 1,40,000, Plant and Machinery by Rs. 34,000 and Tools and Equipments by Rs. 4,000.
- (b) To write-off the debit balance of Profit and Loss account of Rs. 2,96,000.
- (c) Any balance made available by the Reduction of Capital is to be utilised to write off 'Experiment and Research Expenses'.

The scheme duly approved and authorised provided the following:

- (i) For every TEN - 5% Preference Shares, SIX - 4% Cumulative Preference Shares of Rs. 100 each and FORTY Equity Shares of Rs. 2 each are to be issued.
- (ii) For every Rs. 20 of accumulated preference dividend, TWO equity shares of Rs. 2 each are to be issued.

Capital Reduction & Internal Reconstruction • 151

- (iii) For every TEN old Equity Shares, TWO new Equity Shares of Rs. 2 each are to be issued.
You are required to: (a) Pass the journal entries in books of Company to record the above transactions and (b) Prepare Capital Reduction A/c.

April – 2003

- (7) The Balance Sheet of Careless Ltd. as at 31-10-01 appeared as follows: (16)

Liabilities	Rs.	Assets	Rs.
Share Capital		Fixed Assets:	
30,000 Equity Shares of Rs. 10 each fully paid	3,00,000	Fixed Assets at cost	4,00,000
1,000 11% Preference Shares of Rs. 100 each fully paid	1,00,000	Less: Depredation Prov.	<u>3,00,000</u>
Secured Loan:		Current Assets:	
11% Debentures	1,00,000	Stock & Stores	1,20,000
Interest accrued & due on debentures	22,000	Receivables	2,90,000
Bank Overdraft	1,26,000	Other current assets	40,000
Unsecured Loans	<u>1,00,000</u>	Miscellaneous Expenditure:	
Interest accrued & due	30,000	Profit & Loss Account	3,28,000
Current Liabilities & Provisions:			
Current Liabilities	1,00,000		
Rs.	8,78,000	Rs.	8,78,000

A scheme of Capital Reduction A/c has been agreed amongst the shareholders and the creditors with the following salient features.

- (a) Interest due on unsecured loans is waived.
- (b) 50% of the interest due on debentures is waived.
- (c) The 11% Preference Shareholders' rights are reduced to 50% and the remaining were converted into 15% Debentures of Rs. 100 each.
- (d) Current Liabilities would be reduced by Rs. 10,000 on account of the provision no longer required.
- (e) The equity shareholders agree to convert the existing equity shares into new ten-rupee shares of total value Rs. 1,00,000.
- (f) The debit balance in the Profit & Loss account is to be written off totally, Rs. 52,000 should be provided for doubtful debts and the value of fixed assets should be increased by Rs. 80,000.

Prepare the Capital Reduction Account and Redraft the Balance Sheet of the company based on the above scheme of Capital Reduction A/c.

October – 2003

- (8) The following is the summarised Balance Sheet of Safemoving Ltd. as on 31st March 2002: (16)

Liabilities	Rs.	Assets	Rs.
Authorised and Issued Capital		Goodwill	2,40,000
60,000 – 6% Preference Shares of Rs. 10 each	6,00,000	Land and Buildings	5,34,000
12,00,000 Equity Shares of Re. 1 each	12,00,000	Plant	5,10,000
6% Debentures	2,40,000	Investment in Subsidiary Ltd. (at cost)	1,50,000
Add: Interest	<u>12,000</u>	Stock	4,50,000
Bank Overdraft	3,30,000	Debtors	5,40,000
Directors Loan	1,50,000	Profit and Loss Account	5,28,000
Creditors	5,40,000	Advertisement Expenses	1,20,000
Rs.	30,72,000	Rs.	30,72,000

Notes:

- (i) There is a contingent liability for damages Rs. 60,000.
- (ii) Preference shares are cumulative and dividends are in arrears for three years.
A capital reduction scheme setting the following terms was duly approved:
 - (a) The preference shares to be reduced to Rs. 8 per share and the Equity share to 25 paise each and to be consolidated as shares of Rs. 10 each and Re. 1 each fully paid respectively. The preference shareholders, waive two-third of the dividend in arrears and receive equity shares for the balance. The authorised capital to be restored to 60,000 preference shares of Rs. 10 each and 12,00,000 equity shares of Re. 1 each.
 - (b) The shares in Subsidiary Ltd.. are sold to an outsider for Rs. 3,00,000.
 - (c) All intangible and fictitious assets are to be eliminated and bad debts of Rs. 42,000 and obsolete stock of Rs. 60,000 is to be written-off.
 - (d) The debentureholders to take over one of the company's properties (Book value Rs. 1,08,000) at a price of Rs. 1,20,000 in part satisfaction of the debentures and to provide further cash Rs. 90,000 on a floating charge. The arrears of interest are paid.
 - (e) Directors refund Rs. 20,000 of the few previously received by them.
 - (f) The contingent liability materialised in the -sum stated but the company recovered Rs. 30,000 of these damages in action against one of its directors which was debited to his loan account of Rs. 48,000 and the balance of loan was paid in cash on his resignation.
 - (g) The remaining directors agreed to take equity shares in satisfaction of their loans.
Pass journal entries and Revised Balance Sheet in the books of the company.

April – 2004

- (9) The Directors of Hopeful Ltd.. decided to recommend to the shareholders certain steps to put the affairs of the company back on the rails. On 30th June the Balance Sheet of the company was as under: (16)

Liabilities	Rs.	Assets	Rs.
Share Capital:		Fixed Assets:	
Authorised: 1,00,000 Equity Shares of Re. 1 each	1,00,000	Goodwill at Cost	22,600
Issued and Paid-up:		Building at Cost	50,000
85,000 Equity Shares of Re. 1 each fully paid-up	85,000	<i>Less:</i> Depreciation	8,500
Reserves and Surplus:		Computer at cost	1,19,000
Securities Premium	15,000	<i>Less:</i> Depreciation	59,000
Loan from Bank	60,000	Investments in Shares	46,000
Current Liabilities:		Current Assets:	
Creditors	64,000	Stock	23,000
Bank Overdraft (inducing interest)	57,000	Debtors	19,600
		Profit and Loss Account	68,300
Rs.	2,81,000	Rs.	2,81,000

The scheme of Capital Reduction A/c as approved by the competent authorities was as under:

- (1) The issued equity shares were reduced to 6 paise each paid-up; the unpaid value of the share was subsequently called up by the company and paid by all the shareholders.
- (2) The balance of unissued capital was allotted to the bank in part discharge of the loan; the balance due was paid in cash.

- (3) The Authorised Capital of the company is to be increased by another 50,000 shares and these are to be issued to the existing shareholders as rights issue at Re. 1 each. The amount due from the shareholders was realised.
- (4) Creditors are to give up 25% of their claims and the balance due to them to be converted into 12% secured debentures of Rs. 100 each.
- (5) Interest of Rs. 7,000 on Bank Overdraft to be waived by the Bank and the balance overdraft to be paid off.
- (6) All amounts available including the securities premium to be utilised to write off losses and goodwill fully and the investment in shares to the maximum possible extent.

Show the Journal entries to record the above, and also draw the Balance Sheet of the company after the scheme is fully implemented. All workings should form part of your answer.

October – 2004

- (10) The Ledger Balances of Feel Bad Ltd.. include: (16)

Building Rs. 6,10,000; Furniture Rs. 2,00,000; Computer Rs. 3,00,000; Debtors Rs. 3,00,000; Preliminary Expenses Rs. 20,000; Cash at Bank Rs. 80,000; Bills Receivable Rs. 2,50,000; Stock Rs. 40,000; 8% Preference Share Capital - 2,000 shares of Rs. 100 each; Equity Share Capital - 80,000 shares of Rs. 10 each, 'A' 10% Debentures Rs. 4,00,000, 'B' 12% Debentures Rs. 5,00,000; Outstanding Interest for one year on Debentures Rs. 1,00,000; Creditors Rs. 4,00,000; Bills Payable Rs. 50,000; Outstanding Audit Fees Rs. 50,000; Profit & Loss A/c ?

Sundry Creditors	36,00,000	Bank	1,10,000
Provision for Tax	5,00,000	Preliminary Expenses	40,000
		Profit and Loss Account	3,50,000
Rs.	61,00,000	Rs.	61,00,000

Note: Preference dividend for 3 years was in arrears.

154 • Capital Reduction & Internal Reconstruction

Following scheme of Capital Reduction A/c was approved:

- (1) Write off Fixed Assets by 20%, Sundry Debtors by 15%, and reduce the value of stock to 55% of its bookvalue,
- (2) Preference shareholders to forego arrears of preference dividend.
- (3) Directors to give temporary loan of Rs. 5,00,000 to Company.
- (4) The Company settled tax liability to the extent of Rs. 5,40,000 and to meet the expenses of Capital Reduction A/c amounted to Rs. 10,000.
- (5) Sundry Creditors to give a remission of 20% of their claims and a company to allot 11% Preference shares of Rs. 100 each fully paid-up in settlement of the balance amount.
- (6) 10% debentures to be converted into 13% Debentures of Rs. 1,60,000 in full settlement of their claim.
- (7) Equity shares to be reduced to Rs. 2 each fully paid-up and 12% Cumulative Preference shares to be reduced to 1,00,000 Cumulative Preference shares of Rs. 2 each fully paid-up.
- (8) Write off debit balance in Profit and Loss Account and Preliminary expenses.

Draft journal entries and prepare Capital Reduction Account and Balance sheet after Capital Reduction A/c.

October – 2005

- (12) The summarised Balance Sheet of M/s. KETAN Ltd. as on 31st Dec., 2004 is as under: (16)

Liabilities	Rs.	Assets	Rs.
10% Preference shares of Rs. 10 each	5,00,000	Goodwill	2,00,000
Equity Shares of Rs. 10 each	10,00,000	Land & Building	10,00,000
10% Conv. Debentures of Rs. 100 each	4,00,000	Furniture	1,25,000
Bank Overdraft	3,20,000	Investments	4,00,000
Sundry Creditors	3,00,000	Stock	2,80,000
Bills Payable	50,000	Debtors	2,20,000
Provision for tax	1,00,000	Bills receivables	25,000
		Profit & Loss Account	4,20,000
Rs.	26,70,000	Rs.	26,70,000

The scheme of Capital Reduction A/c as approved by the court was as under

- (1) Each existing Equity share will be written down from Rs. 10 to Rs. 4.
- (2) Each existing 10% Preference share is to be written down from Rs. 10 to Rs. 8 of which Rs. 4 will be represented by 12% Preference Share and Rs. 4 by Equity share.
- (3) Each convertible debenture is to be exchanged for Rs. 50 of non-convertible 100/0 debentures, Rs. 35 of 12% Preference shares and Rs. 15 of Equity Shares.
- (4) The IDBI has agreed to apply for Rs. 5,00,000 of Equity Shares paying cash in full on application.
- (5) The reduction of capital and reserves are to be applied in eliminating fictitious assets and balance to be used in writing down the Land and Building and Investment in the ratio of 3:1.

Give journal entries regarding reduction, prepare Capital Reduction Account and resulting summarised Balance Sheet as on 1-1-2005.

April – 2006

(13) Following is the Balance Sheet of PARADISE Ltd. as on 31-3-2005:

(16)

Liabilities	Rs.	Assets	Rs.
Share Capital:		Fixed Assets:	
10% Preference Shares of Rs. 10 each	2,40,000	Promises	3,20,000
Equity Shares of Rs. 10 each	4,00,000	Plant and Equipments	5,20,000
		Investment	1,20,000
Secured Loans:		Current Assets, Loans & Advances:	
15% Debentures of Rs. 100 each	4,80,000	Stock	1,44,000
Current Liabilities and Provisions:		Debtors	96,000
Sundry Creditors	2,00,000	Deposits and Advances	40,000
Bank Overdraft	1,20,000	Miscellaneous Expenses:	
Other Liabilities	1,60,000	Publicity campaign exp.	1,60,000
		Profit & Loss Account	2,00,000
Rs.	16,00,000	Rs.	16,00,000

It is observed that the new product launched by the company has not succeeded even after three years of marketing. The management is of the opinion that the assets and liabilities are not valued correctly and also finds it difficult to raise finance. To overcome the situation a scheme of Capital Reduction A/c is prepared by the Directors and approved by all authorities.

The salient features of the scheme are:

- (1) Plant and Equipments having book value of Rs. 80,000 is obsolete. This is sold as scrap for Rs. 16,000.
- (2) The auditors have pointed out that depreciation on plant is not provided to the extent of Rs. 40,000.
- (3) Stock includes items valued at Rs. 48,000 which is sold at a loss of 50%.
- (4) The present realisable value of investments is Rs. 56,000.
- (5) Dividend on Preference shares is in arrears for three years. This amount is not payable.
- (6) All losses and fictitious assets are to be written off.
- (7) The expenses paid for forming and implementing scheme is Rs. 8,000.
- (8) The paid-up value of Equity share is to be reduced to Rs. 2 per share and Preference shares to Rs. 5 per share. However, the face value remains unchanged.
- (9) The creditors due are settled as:
 - (i) 20% immediate payment in cash. (ii) 40% amount is cancelled. (iii) 40% paid by issue of 16% Debentures.
- (10) Other current liabilities include Rs. 40,000 payable to Directors towards remuneration. This liability is to be cancelled.
- (11) A call of Rs. 3 per share on Equity Share is made and received.
- (12) Bank overdraft is paid off to the extent possible.

You are required to show. (1) Journal Entries for above scheme of Capital Reduction A/c and (11) Balance Sheet after Capital Reduction A/c.

156 • Capital Reduction & Internal Reconstruction

October – 2006

(14) Following is the Balance Sheet of PARAMOUNT LTD. as on 31-3-2005: (16)

Liabilities	Rs.	Assets	Rs.
Share Capital: 6,000 - 8% Preference Shares of Rs. 100 each	6,00,000	Fixed Assets: Goodwill	60,000
50,000 Equity Shares of Rs. 10 each	5,00,000	Patents and Trademarks	40,000
Reserves and Surplus: Capital Reserves	50,000	Building	3,00,000
Secured Loans: 5% Debentures of Rs. 100 each	3,00,000	Plant and Machinery	3,00,000
Debenture Interest Due	50,000	Furniture	1,00,000
Current Liabilities and Provisions: Sundry Creditors	1,80,000	Current Assets, Loans & Advances: Stock	1,50,000
		Sundry Debtors	75,000
		Bank	1,00,000
		Cash 25,000	
		Miscellaneous Expenses: Discount on Debentures	30,000
		Profit & Loss Account	5,00,000
Rs.	16,80,000	Rs.	16,80,000

Note: Preference dividend is in arrears for three years.

The following scheme of Capital Reduction A/c was prepared and duly approved by the court.

- (1) The Preference Shares shall be converted into equal Number of 9% Preference Shares of Rs. 50 each.
- (2) The equity shares shall be reduced to Rs. 3 each. However the face value will remain the same.
- (3) 5% Debentures shall be converted into equal number of 6% Debenture, of Rs. 75 each. The debentureholders also agreed to waive 50% of the accrued interest.
- (4) Arrears of preference dividend is to be reduced to one year's dividend which is paid in cash.
- (5) The sundry creditors agreed to waive 30% of their claims and to accept Equity shares for Rs. 30,000 in part settlement of their renewed claims.
- (6) The assets are to be revalued as under:

Building	Rs. 3,50,000
Plant and Machinery	Rs. 2,50,000
Furniture	Rs. 80,000
Stock	Rs. 1,00,000
Sundry Debtors	Rs. 70,000

- (7) Intangible assets and fictitious assets are to be written off.
Pass journal entries, prepare Capital Reduction Account and Balance Sheet after Capital Reduction A/c in the books for Paramount Ltd.

April – 2007

(15) The following is the Balance Sheet of Sandeep Limited on 31st March, 2006. (16)

Liabilities	Rs.	Assets	Rs.
Issued and Subscribed Capital		Goodwill	25,000
10% Preference Share of Rs. 100 each	4,00,000	Patents	15,000
Equity Share of Rs. 10 each	10,00,000	Furniture	35,000
12 % Debentures	7,50,000	Plant and Machinery	6,00,000
Bank Overdraft	50,000	Land and Building	6,50,000
Sundry Creditors	1,40,000	Stocke-in-Trade	80,000
Bills Payable	35,000	Sundry Debtors	90,000
		Bills Receivable	15,000
		Profit and Loss A/c	8,20,000
		Preliminary Expenses	45,000
Rs.	23,75,000	Rs.	23,75,000

The preference dividend is in arrear for four years. The following scheme of capital reduction was sanctioned by the court and agreed by shareholders:

- (a) The preference shares are to be reduced to Rs. 50 each and equity shares to Rs. 2 each, both being fully paid.
- (b) Of the preference dividend in arrears three-fourth to be waived and remaining to be paid in cash.
- (c) The Debentureholders to take over plant and machinery at Rs. 6,50,000 in part satisfaction of their claim. The remaining claim should be converted into 14% debentures.
- (d) Creditors agreed to reduce their claim by Rs. 20,000. Bills payable to be paid immediately.
- (e) Goodwill, Patents, Profit and Loss A/c and Preliminary Expenses are to be written off entirely.
- (f) The following assets are to be revalued as under: Furniture Rs. 25,000, Stock-in-Trade Rs. 68,000, Land and Building Rs. 5,80,000, Sundry Debtors Rs. 80,000.
- (g) A secured Loan of Rs. 1,50,000 at 12% per annum is to be obtained by mortgaging Land and Building for repayment of bank overdraft, bills payable and Capital Reduction A/c expenses Rs. 15,000.

You are required to:

Prepare only capital reduction account assuming that the above scheme of Capital Reduction A/c has been implemented by the company.

166 • Capital Reduction & Internal Reconstruction

April – 2013

(27) Following is the Balance Sheet of M/s. SONAM Limited as on 31st March, 2012: (15)

Balance-Sheet as on 31/03/2012

Liabilities	Rs.	Assets	Rs.
10% Preference shares of Rs. 10 each	5,00,000	Goodwill	2,00,000
Equity shares of 10 each	10,00,000	Land and Building	10,00,000
10% Debentures	2,00,000	Investments	5,00,000
Sundry Creditors	2,00,000	Stock	4,00,000
Other Liabilities	7,00,000	Publicity campaign expenses	4,00,000
		Preliminary expenses	1,00,000
Total	26,00,000	Total	26,00,000

The scheme of Capital Reduction A/c approved by the authority was as under:

- (a) Each Equity Share will be written down from, Rs. 10 to Rs. 6 fully paid-up.
- (b) Each 10% Preference share is to be written down from Rs. 10 to 8 fully paid-up. These Preference shares are to be converted into 12% Preference shares of Rs. 2 each and remaining into Equity shares of Rs. 6 each fully paid-up.
- (c) 10% Debentureholders agreed to waive 20% of their rights.
- (d) Assets were revalued as: Land and Building Rs. 12,00,000
Stock to be reduced by 20%.
- (e) Creditors dues are settled as follows:
 - (i) 30% immediate payment
 - (ii) 50% paid by issue of 10% Debentures
 - (iii) 20% amount cancelled.
- (f) All Intangible and Fictitious Assets are to be written off.
- (g) 10,000 Equity Shares of Rs. 6 each were issued to public for cash.

You are required to prepare:

- (i) Capital Reduction Account
- (ii) Balance Sheet of Sonam Limited after Capital Reduction A/c.

October – 2013

(28) Balance Sheet of Bimar Ltd. as on 31/03/2013 is as follows:

Liabilities	Rs.	Assets	Rs.
Equity Share Capital of Rs. 100 each fully paid-up	9,00,000	Goodwill	1,30,000
12% Preference Share Capital of Rs. 100 each fully paid-up	6,00,000	Land & Building	7,55,000
16% Bank Loan	2,00,000	Plant & Machinery	2,35,000
Outstanding Interest on Bank Loan	10,000	Furniture & Fittings	3,10,000
Sundry Creditors	62,000	Stock	98,000
Income Tax Payable	45,000	Sundry Debtors	71,000
		Bank Balance	8,000
		Preliminary Expenses	45,000
		Profit & Loss A/c	1,65,000
Total	18,17,000	Total	18,17,000

- (a) Fictitious and Intangible Assets are written off.
- (b) Equity shareholders reduced their claim by Rs. 30 per share.
- (c) Preference shareholders reduced their claim to Rs. 80 per share.
- (d) Bank waived 40% of the outstanding interest on bank loan.
- (e) Land and Building is appreciated by 20%.
- (f) Sundry creditors reduced their claim to 85%.
- (g) Plant and Machinery is depreciated by 25%.
- (h) Furniture and Fittings are revalued at Rs. 2,89,000.
- (i) Stock is depreciated by 180/6.
- (j) R.D.D. is provided 3% on Sundry Debtors.
- (k) Directors advanced Rs. 35,000 to the company on non-refundable basis.
- (l) Capital Reduction A/c expenses amounted to Rs. 14,000.

Prepare Capital Reduction Account in the books of Bimar Ltd.

April – 2014

- (29) Following is the summarised Balance Sheet of Aayushi Ltd. as on 31st March, 2013: (15)

Liabilities	Rs.	Rs.
10% Preference shares of Rs. 100 each	8,00,000	
Equity share of Rs. 10 each	20,00,000	
12% Debentures	15,00,000	
Bank overdraft	1,00,000	
Bills payable	70,000	
Creditors	2,80,000	
Total		47,50,000
Assets		
Patents	30,000	
Goodwill	50,000	
Furniture	70,000	
Land and Building 13,00,000		
Plant and Machinery 12,00,000		
Closing Stock 1,60,000		
Bills receivable 30,000		
Debtors	1,80,000	
Profit and Loss Account (Debit balance)	16,40,000	
Preliminary Expenses	90,000	
Total		47,50,000

Note: Preference dividend is in arrears for four years.

168 • Capital Reduction & Internal Reconstruction

The following scheme of Capital Reduction was sanctioned by the court and agreed by the shareholders:

- (a) The preference shares are to be reduced to Rs. 50 each and equity shares to Rs. 2 each both being fully paid.
- (b) Of the preference dividend in arrears, three-fourth to be waived and remaining to be paid immediately.
- (c) The debenture holders to take over plant and machinery at Rs. 13,00,000 in part satisfaction of their claim. The remaining claim should be converted into 15% debentures.
- (d) Bills payable to be settled immediately. Creditors forego their claim of Rs. 40,000.
- (e) The Assets are to be revalued as under:

Furniture	Rs. 50,000
Stock	Rs. 1,36,000
Land and Building	Rs. 11,60,000
Debtors	Rs. 1,60,000
- (f) A secured loan of Rs. 3,00,000 at 12% interest p.a. to be obtained by mortgaging Land and Building for repayment of Bank overdraft and payment of bills payable and Capital Reduction A/c expenses of Rs. 30,000.
- (g) Write off goodwill, patents, P and L A/c. (Dr. Balance) and preliminary expenses entirely.
Pass necessary Journal entries in the books of Aayushi Ltd. and also prepare Capital Reduction Account.]

UNDERWRITING OF SHARES AND DEBENTURES

BASIC CONCEPTS

- ❖ Underwriting contracts are basically of two types:
 - Wholly underwritten if one person is responsible to subscribe all the issue.
 - Partially underwritten, when some part of the issue is considered to be underwritten by company.
- ❖ Firm underwriting signifies a definite commitment to take up a specified number of shares irrespective of the number of shares subscribed for by the public.
- ❖ Underwriting Commission:
 - (1) No underwriting commission is payable on the shares taken up by the promoters, employees, directors, business associates, etc.
 - (2) Commission is payable on the whole issue underwritten.
 - (3) In case of shares, the commission paid or agreed to be paid should not exceed 5% of the price at which the shares are issued.
 - (4) In case of debentures, the commission paid or agreed to be paid should not exceed 2.5% of the price at which the shares are issued.
 - (5) Accounting Entries
 1. For Commission due

Commission Account	Dr.	
To Underwriter Account		
 2. For payment of Commission

Underwriter Account	Dr.	
To Bank Account		[Cheque]
To Share Capital Account		[Shares]
To Debentures Account		[Debentures]

- ❖ **When the issue is Fully Underwritten [without Firm Underwriting]**

Method 1

Under this method, all unmarked applications are divided between the underwriters in the ratio of **gross liability** of individual underwriter. For determining the liability of individual underwriter, the following steps are followed:

- Step 1** Compute gross liability (if it has not been given) of individual underwriter on the basis of agreed ratio.
- Step 2** Subtract marked applications from gross liability of respective underwriters.
- Step 3** Determine the number of unmarked applications. (Unmarked application = Total applications received less marked applications). Divide unmarked applications between different underwriters in the **ratio of gross liability**. If the resultant figures are all positive or zero, then stop here. Now these figures represents the net liability of each underwriter.

If some of the resultant figures are negative, then continue to Step 4.

Step 4 Add all negative figures and divide the resultant between the underwriters having positive figures in the ratio of gross liability.

Repeat Step 4 unless all figures are positive. Now these figures represent the net liability of each underwriter.

Method 2

Under this method, all unmarked applications are divided between the underwriters in the ratio of **gross liability less marked applications**. For determining the liability of individual underwriter, the following steps are followed:

Step 1 Compute gross liability in the usual manner (if it has not been given).

Step 2 Subtract marked applications from gross liability of respective underwriters, if some of the resultant figures are negative, then add all negative figures and divide their sum in the ratio of gross liability.

Step 3 Determine the number of unmarked applications. Divide unmarked applications between different underwriters in the **ratio of gross liability less marked applications**, i.e., the resultant figures of Step 2. If the resultant figures of Step 3 are **all positive** or zero, then stop here. Now these figures represent the net liability of each underwriter.

If some of the resultant figures are negative, then continue to Step 4.

Step 4 Add all negative figures and divide their sum between the underwriters having positive figures in the same **ratio of Step 3**. **Repeat** Step 4 unless all figures are non negative. Now these figures represent the net liability of each underwriter.

❖ When the Issue is Fully Underwritten [with Firm Underwriting]

There are two alternative ways:

(i) The benefit of firm underwriting is not given to individual underwriter, or

(ii) The benefit of firm underwriting is given to individual underwriter.

(i) The benefit of firm underwriting is not given to individual Underwriter:

For determining the liability of individual underwriter, the following steps are followed:

Step 1 Compute gross liability in the usual manner (if it has not been given).

Step 2 Subtract marked applications (excluding firm underwriting) from gross liability of respective underwriters. If some of the resultant figures are found negative, then add all negative figures and divide the resultant in the ratio of gross liability.

Step 3 Determine the number of unmarked applications as follows:

Total subscriptions (excluding firm underwriting)		XXXXXXXXXX
Less: Marked applications (excluding firm underwriting)		XXXXXXXXXX
		XXXXXXXXXX
Unmarked applications by public		XXXXXXXXXX
Add: Applications under firm underwriting		XXXXXXXXXX
Total unmarked applications		XXXXXXXXXX

Divide the above calculated unmarked applications in the ratio of **gross liability**.

If the resultant figures of Step 3 are all positive or zero, then it represents **net liability** as per agreement. After this step, go to Step 5 (skip Step 4).

If some of the resultant figures are negative, then continue to Step 4.

Step 4 Add all the negative figures and divide the resultant between the underwriters having positive figures in the ratio of **gross liability**. Repeat Step 4 unless all figures are non negative. Now these figures represent **the net liability** as per agreement. After this step, to Step 5.

Step 5 Add firm underwriting with the **net liability** as per agreement. The resultant figures represent **total liability**.

Here,

- (1) Firm underwriting is treated as unmarked applications and divided in the ratio of gross liability.
- (2) The liability of underwrite, consists of
 - (a) Net liability as per agreement; and
 - (b) firm underwriting.

(ii) The benefit of firm underwriting is given to individual underwriter

For determining the liability of individual underwriter, the following steps are followed:

Step 1 Compute gross liability in the usual manner (if it has not been given).

Step 2 Subtract marked applications (excluding firm underwriting) from gross liability of respective underwriters. If some of the resultant figures are found negative, then add all negative figures and divide their sum in the ratio of gross liability.

Step 3 Determine the number of unmarked applications as follows:

Total subscriptions (excluding firm underwriting)	XXXXXXXXXX
<i>Less:</i> Marked applications (excluding firm underwriting)	XXXXXXXXXX
Unmarked applications by public	XXXXXXXXXX

Divide the above calculated unmarked application in the **ratio of gross liability**.

Step 4 Subtract “firm underwriting” of individual underwriter from the respective figures of Step 3.

If the resultant figures of Step 4 are all positive or zero, then that represents net liability as per agreement. After this step, go to Step 6 (skip Step 5).

If some of the resultant figures are negative, then continue to Step 5.

Step 5 Add all negative figures and divide it between the underwriters having positive figures in the ratio of gross liability. Repeat Step 5 unless all figures are non negative. Now these figures represent the net liability as per agreement. After this step, go to Step 6.

Step 6 Add firm underwriting with the net liability as per agreement. The resultant figures represent total liability.

Here,

- (1) Firm underwriting is not treated as unmarked applications.
- (2) Firm underwriting is credited to individual underwriters separately.
- (3) The liability of Underwriter consists of:
 - (a) Net liability as per agreement; and
 - (b) Firm underwriting.

Question 1

Explain the term “Firm” underwriting. Also give the accounting entries relating to firm underwriting in the books of (i) the company, (ii) the underwriter

Answer

‘Firm’ underwriting signifies a definite commitment to take up a specified number of shares by an underwriter irrespective of the number of shares subscribed for by the public. In such a case, unless it has been otherwise agreed, the underwriter’s liability is determined without taking into account the number of shares taken up by him under the “firm” commitment, i.e. the underwriter is obliged to take up:

1. the number of shares he has applied for ‘firm’; and
2. the number of shares he is obliged to take up on the basis of the underwriting agreement.

For example, A underwrites 60% of an issue of 10,000 shares of Rs. 10 each of XY Co. Ltd. and also applies for 1,000 shares, ‘firm’. The underwriting commission is agreed to at the rate of 2.5 percent. In case there are marked applications for 4,800 shares, he will have to take up 2,200 shares, i.e. 1,000

shares for which he applied 'firm' and 1,200 shares (6,000 - 4,800) to meet his liability under the underwriting contract. If, on the other hand, the underwriting contract has provided that an abatement would be allowed in respect of shares taken up under 'firm' underwriting, the liability of A in the above mentioned case would only be for 1,200 shares in total as he will be exempt to buy his committed shares.

The accounting entries in relation to firm underwriting of 1,000 shares in the above example are given below:

Entries in the books of XY Co. Ltd. (Company)

		Dr. Rs.	Cr. Rs.
1.	A's Account To Equity Share Capital Account (Being allotment of underwritten equity shares in pursuance of firm underwriting contract, vide Board's resolution)	Dr. 10,000	10,000
2.	Underwriting Commission on Issue of Shares Account To A's Account (Being underwriting commission due to the underwriter under the firm underwriting contract)	Dr. 250	250
3.	Bank Account To A's Account (Being money received in full settlement of account from underwriter)	Dr. 9,750	9,750

Entries in the books of A (Underwriter)

		Dr. Rs.	Cr. Rs.
1.	Underwriting Account To XY Co. Ltd. Account (Being the liability to take up necessary number of shares of the company in pursuance of firm underwriting contract recorded)	Dr. 10,000	10,000
2.	XY Co. Ltd. Account To Underwriting Account (Being underwriting commission income credited to underwriting account)	Dr. 250	250
3.	XY Co. Ltd. Account To Bank Account (Being balance money paid to the company in full settlement of account)	Dr. 9,750	9,750

Question 2

Write a short note on Firm underwriting and Partial underwriting along with firm underwriting.

Answer

In firm underwriting the underwriter agrees to subscribe upto a certain number of shares debentures irrespective of the nature of public response to issue of securities., He gets these securities even if the issue is fully subscribed or over subscribed. These securities are taken by the underwriter in addition to

his liability for securities not subscribed by the public. Under partial underwriting along with firm underwriting, unless otherwise agreed, individual underwriter does not get the benefit of firm underwriting in determination of number of shares/debentures to be taken up by him.

Question 3

A joint stock company resolved to issue 10 lakh equity shares of Rs. 10 each at a premium of Rs. 1 per share. One lakh of these shares were taken up by the directors of the company, their relatives, associates and friends, the entire amount being received forthwith. The remaining shares were offered to the public, the entire amount being asked for with applications.

The issue was underwritten by X, Y and Z for a commission @ 2% of the issue price, 65% of the issue was underwritten by X, while Y's and Z's shares were 25% and 10% respectively. Their firm underwriting was as follows:

X 30,000 shares, Y 20,000 shares and Z 10,000 shares. The underwriters were to submit unmarked applications for shares underwritten firm with full application money along with members of the general public.

Marked applications were as follows:

X 1, 19,500 shares, Y 57,500 shares and Z 10, 500 shares.

Unmarked applications totaled 7, 00, 000 shares.

Accounts with the underwriters were promptly settled.

You are required to:

- (i) Prepare a statements calculating underwriters' liability for shares other than shares underwritten firm.
- (ii) Pass journal entries for all the transactions including cash transactions.

Answer

(i) Statement showing underwriters' liability for shares other than shares underwritten firm

	X	Y	Z	Total
Gross liability (Issued shares purchased by promoters, directors etc) (9,00,000 shares in the ratio of 65 : 25 : 10)	5,85,000	2,25,000	90,000	9,00,000
Less: Marked applications	(1,19,500)	(57,500)	(10,500)	(1,87,500)
	4,65,500	1,67,500	79,500	7,12,500
Less: Allocation of unmarked applications (including firm underwriting i.e. 7,00,000) in the ratio 65 : 25 : 10	(4,55,000)	(1,75,000)	(70,000)	7,00,000
	10,500	(7,500)	9,500	12,500
Surplus of Y allocated to X and Z in the ratio 65: 10	(6,500)	7,500	(1,000)	—
Additional shares to be purchased by X & Z	4000	—	8,500	12,500

	Rs.	Rs.	Rs.
Additional Liability for additional shares @ Rs. 11	44,000	—	93,500
Underwriting commission payable on Gross Liability (Shares underwritten as Gross liability x 11 x 2%)	(1,28,709)	(49,500)	(19,800)
Net Amount payable	(84,700)	(49,500)	—
Net Amount receivable	—	—	73,700

(ii) Journal Entries

		Dr. Rs.	Cr. Rs.
Bank A/c To Equity Shares Application A/c (Being application money received on 1 lakh equity shares purchased by directors etc @ Rs. 11 per share)	Dr.	11,00,000	11,00,000
Bank A/c To Equity Share Application A/c (Application money received on 8,87,500 equity shares @ Rs. 11 per share from general public and underwriters for shares underwritten firm)	Dr.	97,62,500	97,62,500
Equity Share Application A/c X's A/c Z's A/c To Equity Share Capital A/c To Securities Premium A/c (Allotment of 10 lakh equity shares of Rs. 10 each at a premium of Rs. 1 per share)	Dr. Dr. Dr.	1,08,62,500 44,000 93,500	1,00,00,000
Underwriting commission A/c To X's A/c To Y's A/c To Z's A/c (Amount of underwriting commission payable to X, Y and Z @ 2% on the amount of shares underwritten)	Dr.	1,98,000	1,28,700 49,500 19,800
Bank A/c To Z's A/c (Amount received from Z in final settlement)	Dr.	73,700	73,700
X's A/c Y's A/c To Bank A/c (Amount paid to X and Y in final settlement)	Dr. Dr.	84,700 49,500	1,34,200

Question 4

Scorpio Ltd. came out with an issue of 45, 00, 000 equity shares of Rs. 10 each at a premium of 2 per share. The promoters took 20% of the issue and the balance was offered to the public. The issue was equally underwritten by A & Co; B & Co. and C & Co.

Each underwriter took firm underwriting of 1, 00, 000 shares each. Subscriptions for 31, 00, 000 equity shares were received with marked forms for the underwriters as given below:

	Shares
A & Co.	7,25,000
B & Co.	8,40,000
C & Co.	13,10,000
<i>Total</i>	28,75,000

Underwriting of Shares and Debentures • 175

The underwriters are eligible for a commission of 5% on face value of shares. The entire amount towards shares subscription has to be paid along with application. You are required to:

- (a) Compute the underwriters' liabilities (number of shares)
- (b) Compute the amounts payable or due to underwriters; and
- (c) Pass necessary journal entries in the books of Scorpio Ltd. relating to underwriting.

Answer

(a) Computation of liabilities of underwriters (No. of shares):

	A & Co.	B & Co.	C & Co.
Gross liability (Total Issue – Shares Purchased by promoters, directors, employees etc.)	12,00,000	12,00,000	12,00,000
<i>Less:</i> Firm underwriting	(1,00,000)	(1,00,000)	(1,00,000)
	11,00,000	11,00,000	11,00,000
<i>Less:</i> Marked applications	(7,25,000)	(8,40,000)	(13,10,000)
Unmarked applications	3,75,000	2,60,000	(2,10,000)
<i>Less:</i> Unmarked applications distributed to A & Co. and B & Co. in equal ratio	(1,12,500)	(1,12,500)	Nil
Total unmarked applications	2,62,500	1,47,500	(2,19,000)
<i>Less:</i> Surplus of C & Co. distributed to A & Co. and B & Co. in equal ratio	(1,05,000)	(1,05,000)	2,10,000
Net liability (excluding firm underwriting)	1,57,500	42,500	Nil
<i>Add:</i> Firm underwriting	1,00,000	1,00,000	1,00,000
Total liability (No. of shares)	2,57,500	1,42,500	1,00,000

Total Subscriptions received for 31,00,000 Shares out of which marked shares were 28,75,000/-, Hence unmarked shares received were 2,25,000 shares which will be distributed between A & Co and B & Co only equally (agreed ratio underwriting), C & Co has already exceeded the underwriting limit hence will not be required to absorb unmarked shares.

No of shares purchased by Underwriters collectively will be 5 Lakh shares as under:

Total Shares Issued	45,00,000
<i>Less:</i> Purchased by Promoters etc	9,00,000
Shares offered to the Public	36,00,000
Total Subscription received	31,00,000
Shares purchased by Underwriters including firm commitment	5,00,000

(b) Computation of amounts payable by underwriters:

	& Rs.	& Rs.	& Rs.
Liability towards shares to be subscribed @ 12 per share	30,90,000	17,10,000	12,00,000
<i>Less:</i> Commission (on Gross Liability) (5% on FV 7 10 each on 12 lakhs shares)	(6,00,000)	(6,00,000)	(6,00,000)
Net amount to be paid by underwriters	24,90,000	11,10,000	6,00,000

(c) **In the Books of Scorpio Ltd.**
Journal Entries

Particulars		Dr. Rs.	Cr. Rs.
Underwriting commission A/c	Dr.	18,00,000	
To A & Co. A/c			6,00,000

C & Co. A/c	Dr.	12,00,000	
To Equity share capital A/c			50,00,000
To Share premium A/c			10,00,000
(Being shares including firm underwritten shares allotted to underwriters)			
Bank A/c	Dr.	42,00,000	
To A & Co. A/c			24,90,000
To B & Co. A/c			11,10,000
To C & Co. A/c			6,00,000
(Being the amount received towards shares allotted to underwriters less underwriting commission due to them)			

Question 5

Gemini Ltd. came up with public issue of 30,00,000 Equity shares of Rs. 10 each at Rs. 15 per share. A, B and C took underwriting of the issue in 3 : 2 : 1 ratio.

Applications were received for 27,00,000 shares.

The marked applications were received as under.

A	8,00,000 shares
B	7,00,000 shares
C	6,00,000 shares

Commission payable to underwriters is at 5% on the face value of shares.

- (i) *Compute the liability of each underwriter as regards the number of shares to be taken up.*
- (ii) *Pass journal entries in the books of Gemini Ltd. to record the transactions relating to underwriters.*

Answer

(i) Computation of liability of underwriters in respect of shares

	(In shares)		
	A	B	C
Gross liability (Total Issue – Promoters etc.) in agreed ration of 3 : 2 : 1	15,00,000	10,00,000	5,00,000
Less: Unmarked applications (Subscribed shares – marked shares) in 3 : 2 : 1	(3,00,000)	(2,00,000)	(1,00,000)
Marked shares as per agreed ratio	12,00,000	8,00,000	4,00,000
Less: Marked applications actually received	(8,00,000)	(7,00,000)	(6,00,000)
Shortfall / surplus in marked shares	4,00,000	1,00,000	(2,00,000)
Surplus of C distributed to A & B in 3:2 ratio	(1,20,000)	(80,000)	2,00,000
Net liability for underwriting shares	2,80,000	20,000	Nil

(ii) Journal Entries in the books of Gemini Ltd.

(Being the amount paid to underwriter B after adjustment of the shares taken by him against underwriting commission due to him)			
C's Account	Dr.	2,50,000	
To Bank Account			2,50,000
(Being the underwriting commission paid to C)			

Note: C had sold in excess of the underwriting obligation and hence he will not be required to purchase any shares but will get commission for underwriting.

Question 6

'X' Ltd., issued 1,00,000 equity shares of Rs. 10 each at par. The entire issue was underwritten as follows:

A – 60,000 shares (Firm underwriting 8,000 shares)

B – 30,000 shares (Firm underwriting 10,000 shares)

C – 10,000 shares (Firm underwriting 2,000 shares)

The total applications including firm underwriting were for 80,000 shares.

The marked applications were as follows:

A 20,000 shares; B 14,000 shares; C 6,000 shares.

The underwriting contract provides that credit for unmarked applications be given to the underwriters in proportion to the shares underwritten. Determine the liability of each underwriter.

Answer**Statement showing liability of underwriters***

	No. of shares			
	A	B	C	Total
Gross Liability (Total Issue – purchase by promoters etc.)	60,000	30,000	10,000	1,00,000
Less: Firm underwriting	(8,000)	(10,000)	(2,000)	(20,000)
	52,000	20,000	8,000	80,000
Less: Marked applications	(20,000)	(14,000)	(6,000)	(40,000)
	32,000	6,000	2,000	40,000
Less: Unmarked applications (total application less firm underwriting less marked applications) in gross liability ratio (Unmarked Applications = $80,000 - 20,000 - 40,000$)	(12,000)	(6,000)	(2,000)	(20,000)
Net Liability	20,000	—	—	20,000
Add: Firm underwriting	8,000	10,000	2,000	20,000
Total liability of underwriters	28,000	10,000	2,000	40,000
Total Liability in Amount@ Rs. 10/-	2,80,000	1,00,000	2,00,000	4,00,000

*The solution is given on the basis that 'the benefit of firm. underwriting is given to individual underwriters..

Question 7

Delta Ltd. issued 25,00,000 equity shares of Rs. 10 each at par. 7,00,000 shares were issued to the promoters and the balance offered to the public was underwritten by three underwriters P, Q & R in the ratio of 2 : 3 : 4 with firm underwriting of 50,000, 60,000 and 70,000 shares each respectively. Total subscription received 13,88,000 shares including marked application and excluding firm underwriting. Marked applications were as follows:

P 3,00,000

Q 3,50,000

R 4,50,000

Unmarked and surplus applications to be distributed in gross liability ratio.

Ascertain the liability of each underwriter.

Answer

Calculation of liability of underwriters

	(In shares)			
	P	Q	R	Total
Gross liability (Total Issue – Issued to Promoters etc)	4,00,000	6,00,000	8,00,000	18,00,000
<i>Less:</i> Firm underwriting	(50,000)	(60,000)	(70,000)	(1,80,000)
	3,50,000	5,40,000	7,30,000	16,20,000
<i>Less:</i> Marked applications received	(3,00,000)	(3,50,000)	(4,50,000)	(11,00,000)
	50,000	1,90,000	2,80,000	5,20,000
<i>Less:</i> Unmarked applications (In gross liability ratio 4:6:8)	(64,000)	(96,000)	(1,28,000)	(2,88,000)
Balance	(14,000)	94,000	1,52,000	2,32,000
Excess of P distributed to Q & R in ratio (3:4)	14,000	(6,000)	(8,000)	—
Net liability (other than firm underwriting)	—	88,000	1,44,000	2,32,000
<i>Add:</i> Firm underwriting	50,000	60,000	70,000	1,80,000
Total liability of underwriters including firm underwriting	50,000	1,48,000	2,14,000	4,12,000
Total liability in amount @ Rs. 10 each	5,00,000	14,80,000	21,40,000	41,20,000

Question 8

ABC Ltd. came up with public issue of 3, 00, 000 Equity Shares of Rs. 10 each at Rs. 15 per share. P, Q and R took underwriting of the issue in ratio of 3 : 2 : 1 with the provisions of firm underwriting of 20,000, 14,000 and 10,000 shares respectively.

Applications were received for 2,40,000 shares excluding firm underwriting. The marked applications from public were received as under.

P – 60, 000

Q – 50, 000

R – 60,000

Compute the liability of each underwriter as regards the number of shares to be taken up assuming that the benefit of firm underwriting is not given to individual underwriters.

Answer

Calculation of liability of each underwriter (in shares) assuming that the benefit of firm underwriting is not given to individual underwriters

(Number of shares)				
	P	Q	R	Total
Gross Liability (Total Issue – Issued to Promoters, Directors etc)	1,50,000	1,00,000	50,000	3,00,000
Less: Marked applications (excluding firm underwriting)	(60,000)	(50,000)	(60,000)	(1,70,000)
Balance	90,000	50,000	(10,000)	1,30,000
Less: Surplus of R allocated to P and Q in the ratio of 3:2	(6,000)	(4,000)	10,000	—
Balance	84,000	46,000	—	1,30,000
Less: Unmarked applications including firm underwriting (Refer W.N.)	(57,000)	(38,000)	(19,000)	(1,14,000)
Net Liability	27,000	8,000	(19,000)	16,000
Less: Surplus of R allocated to P and Q in the ratio of 3:2	(11,400)	(7,600)	19,000	—
	15,600	400	—	16,000
Add: Firm underwriting	20,000	14,000	10,000	44,000
Total Liability	35,600	14,400	10,000	60,000

Working Note:

Applications received from public	2,40,000 shares
Add: Shares underwritten firm (20,000 + 14,000 + 10,000)	44,000 shares
Total applications	2,84,000 shares
Less: Marked applications (60,000 + 50,000 + 60,000)	(1,70,000 shares)
Unmarked applications including firm underwriting	1,14,000 shares

Question 9

A company issued 1,50,000 shares of Rs. 10 each at a premium of Rs. 10. The entire issue was underwritten as follows:

X – 90,000 shares (Firm underwriting 12,000 shares)

Y – 37,500 shares (Firm underwriting 4,500 shares)

Z – 22,500 shares (Firm underwriting 15,000 shares)

Total subscriptions received by the company (excluding firm underwriting and marked applications) were 22,500 shares.

The marked applications (excluding firm underwriting) were as follows:

X – 15,000 shares

Y – 30,000 shares

Z – 7,500 shares

Commission payable to underwriters is at 5% of the issue price. The underwriting contract provides that credit for unmarked applications be given to the underwriters in proportion to the shares underwritten and benefit of firm underwriting is to be given to individual underwriters.

(i) Determine the liability of each underwriter (number of shares);

- (ii) Compute the amounts payable or due from underwriters; and
 (iii) Pass Journal Entries in the books of the company relating to underwriting.

Answer

(i) Computation of total liability of underwriters in shares

	(In shares)			
	X	Y	Z	Total
Gross liability	90,000	37,500	22,500	1,50,000
Less: Marked applications (excluding firm underwriting)	(15,000)	(30,000)	(7,500)	(52,500)
	75,000	7,500	15,000	97,500
Less: Unmarked applications in the ratio of gross liabilities of 12:5:3 (excluding firm underwriting)	(13,500)	(5,625)	(3,375)	(22,500)
	61,500	1,875	11,625	75,000
Less: Firm underwriting	(12,000)	(4,500)	(15,000)	(31,500)
	49,500	(2,625)	(3,375)	43,500
Less: Surplus of Y and Z adjusted in X's balance (2,625 + 3,375)	(6,000)	2,625	3,375	—
Net liability	43,500	—	—	43,500
Add: Firm underwriting	12,000	4,500	15,000	31,500
Total liability	55,500	4,500	15,000	75,000

(ii) Calculation of amount payable to or due from underwriters

	X	Y	Z	Total
Total Liability in shares	55,500	4,500	15,000	75,000
Amount receivable @ Rs. 20 from underwriter (in Rs.)	11,10,000	90,000	3,00,000	15,00,000
Less: Underwriting Commission payable @ 5% of Rs. 20 (in Rs.)	(90,000)	(37,500)	(22,500)	(1,50,000)
Net amount receivable (in Rs.)	10,20,000	52,500	2,77,500	13,50,000

(iii) Journal Entries in the books of the company (relating to underwriting)

			Rs.	Rs.
1.	X Y Z To Share Capital A/c To Securities Premium A/c (Being allotment of shares to underwriters)	Dr. Dr. Dr.	11,10,000 90,000 3,00,000	 7,50,000 7,50,000
2.	Underwriting commission A/c To X To Y To Z (Being amount underwriting commission payable)	Dr.	1,50,000	 90,000 37,500 22,500
3.	Bank A/c To X To Y To Z (Being net amount received by underwriters for shares allotted less underwriting commission)	Dr.	13,50,000	 10,20,000 52,500 2,77,500

EXERCISE

1. Noman Ltd. issued 80,000 Equity Shares which were underwritten as follows:

Mr. A	48,000 Equity Shares
Messrs B & Co.	20,000 Equity Shares
Messrs C Corp.	12,000 Equity Shares

The above mentioned underwriters made applications for 'firm' underwritings as follows:

Mr. A	6,400 Equity Shares
Messrs B & Co.	8,000 Equity Shares
Messrs C Corp.	2,400 Equity Shares

The total applications excluding 'firm' underwriting, but including marked applications were for 40,000 Equity Shares.

The marked Applications were as under:

Mr. A	8,000 Equity Shares
Messrs B & Co.	10,000 Equity Shares
Messrs C Corp.	4,000 Equity Shares

(The underwriting contracts provide that underwriters be given credit for 'firm' applications and that credit for unmarked applications be given in proportion to the shares underwritten)

You are required to show the allocation of liability. Workings will be considered as a part of your answer.

(Hints: Total liability of Mr. A – 27,200 shares, of M/s. B & Co. – 8,000 shares and C Corpn. – 4,800 shares)

LIQUIDATION OF COMPANIES

In law, liquidation is the process by which a company (or part of a company) is brought to an end, and the assets and property of the company redistributed. Liquidation is also sometimes referred to as winding up or dissolution, although dissolution technically refers to the last stage of liquidation. The process of liquidation also arises when customs, an authority or agency in a country responsible for collecting and safeguarding customs duties, determines the final computation or ascertainment of the duties or drawback accruing on an entry.

Liquidation may either be compulsory (sometimes referred to as a *creditors' liquidation*) or voluntary (sometimes referred to as a *shareholders' liquidation*, although some voluntary liquidations are controlled by the creditors, see below).

COMPULSORY LIQUIDATION

The parties who are entitled by law to petition for the compulsory liquidation of a company vary from jurisdiction to jurisdiction, but generally, a petition may be lodged with the court for the compulsory liquidation of a company by:

- (a) the company itself
- (b) any creditor who establishes a prima facie case
- (c) contributories
- (d) the Secretary of State (or equivalent)
- (e) the Official Receiver

GROUNDS

The grounds upon which one can apply for a compulsory liquidation also vary between jurisdictions, but the normal grounds to enable an application to the court for an order to compulsorily wind up the company are:

- (a) The company has so resolved.
- (b) The company was incorporated as a public company, and has not been issued with a trading certificate (or equivalent) within 12 months of registration
- (c) It is an "old public company" (i.e., one that has not re-registered as a public company or become a private company under more recent companies legislation requiring this)
- (d) It has not commenced business within the statutorily prescribed time (normally one year) of its incorporation, or has not carried on business for a statutorily prescribed amount of time
- (e) The number of members has fallen below the minimum prescribed by statute
- (f) The company is unable to pay its debts as they fall due
- (g) It is just and equitable to wind up the company

In practice, the vast majority of compulsory winding up applications are made under one of the last two grounds.

An order will not generally be made if the purpose of the application is to enforce payment of a debt which is bonafide disputed.

A “just and equitable” winding up enable the ground to subject the strict legal rights of the shareholders to equitable considerations. It can take account of personal relationships of mutual trust and confidence in small parties, particularly, for example, where there is a breach of an understanding that all of the members may participate in the business, or of an implied obligation to participate in, management. An order might be made where the majority shareholders deprive the minority of their right to appoint and remove their own director.

THE ORDER

Once liquidation commences (which depends upon applicable law, but will generally be when the petition was originally presented, and not when the court makes the order), dispositions of the company’s property are generally void, and litigation involving the company is generally restrained.

Upon hearing the application, the court may either dismiss the petition, or make the order for winding up. The court may dismiss the application if the petitioner unreasonably refrains from an alternative course of action.

The court may appoint an official receiver, and one or more liquidators, and has general powers to enable rights and liabilities of claimants and contributories to be settled. Separate meetings of creditors and contributories may decide to nominate a person for the appointment of liquidator and possibly of supervisory liquidation committee.

VOLUNTARY LIQUIDATION

Voluntary liquidation occurs when the members of the company resolve to voluntarily wind up the affairs of the company and dissolve. Voluntary liquidation begins when the company passes the resolution, and the company will generally cease to carry on business at that time (if it has not done so already). If the company is solvent, and the members have made a statutory declaration of solvency, the liquidation will proceed as a members’ voluntary winding up. In such case, the general meeting will appoint the liquidator(s). If not, the liquidation will proceed as a creditor’s voluntary winding up, and a meeting of creditors will be called, to which the directors must report on the company’s affairs. Where a voluntary liquidation proceeds by way of creditor’s voluntary liquidation, a liquidation committee may be appointed.

Where a voluntary winding up of a company has begun, a compulsory liquidation order is still possible, but the petitioning contributory would need to satisfy the court that a voluntary liquidation would prejudice the contributories.

In addition, the term liquidation is sometimes used when a company wishes to disinvest itself of some of its assets. This is used, for instance, when a retail establishment wishes to close stores. They will sell to a company that specializes in store liquidation instead of attempting to run a store closure sale themselves.

MISCONDUCT

The liquidator will normally have a duty to ascertain whether any misconduct has been conducted by those in control of the company which has caused prejudice to the general body of creditors. In some legal systems, in appropriate cases, the liquidator may be able to bring an action against current directors or shadow directors for either wrongful trading or fraudulent trading.

The liquidator may also have to determine whether any payments made by the company or transactions entered into may be voidable as a transaction at an undervalue or an unfair preference.

PRIORITY OF CLAIMS

The main purpose of a liquidation where the company is insolvent is to collect in the company’s assets, determine the outstanding claims against the company, and satisfy those claims in the manner and order prescribed by law. The liquidator must determine the company’s title to property in its possession. Property which is in the possession of the company, but which was supplied under a valid retention of title clause will

generally have to be returned to the supplier. Property which is held by the company on trust for third parties will not form part of the company's assets available to pay creditors.

Before the claims are met, secured creditors are entitled to enforce i.e. extent that they are their claims against the assets of the company to the subject to a valid security interest. In most legal systems, only fixed security takes precedence over all claims; security by way of floating charge may be postponed to the preferential creditors.

Claimants with non monetary claims against the company may be able to enforce their rights against the company. For example, a party who had a valid contract for the purchase of land against the company may be able to obtain an order for specific performance, and compel the liquidator to transfer title to the land to them, upon tender of the purchase price.

After the removal of all assets which are subject to retention of title arrangements, fixed security, or are otherwise subject to proprietary claims of others, the liquidator will pay the claims against the company's assets. Generally, the priority of claims on the company's assets will be determined in the following order:

- (1) Firstly, the costs of the liquidation are met out of the company's remaining assets.
- (2) Secondly, the preferential creditors under applicable law are paid
- (3) Thirdly, in many legal systems, the claims of the holders of a floating charge will be paid; other claims may also fit into this layer.
- (4) Fourthly, if there is anything left, the unsecured creditors are paid out *pari passu* in accordance with their claims. In many jurisdictions, a portion of the assets which would otherwise be caught by a floating charge are reserved for the unsecured creditors.
- (5) In the very rare instances where the unsecured creditors are repaid in full, any surplus assets are distributed between the members in accordance with their entitlements.

Unclaimed assets will usually vest in the state as *bona vacantia*.

DISSOLUTION

Having wound up the company's affairs, the liquidator must call a final meeting of the members (if it is a members' voluntary winding up), creditors (if it is a compulsory winding up) or both (if it is a creditors' voluntary winding up). The liquidator is then usually required to send final accounts to the Registrar and to notify the court. The company is then dissolved.

However, in most jurisdictions, the court has a discretion for a period of time after dissolution to declare the dissolution void to enable the completion of any unfinished business.

STRIKING OFF THE REGISTER

In some jurisdictions, the company may elect to simply be struck off the Register as a cheaper alternative to a formal winding up and dissolution. In such cases an application is made to the Registrar, and they may strike off the company if there is reasonable cause to believe that the company is not carrying on business or has been wound up and, after enquiry, no case is shown why the company should not be struck off.

However, in such cases the company may be restored to the Register if it is just and equitable so to do (for example, if the rights of any creditors or members have been prejudiced).

In the event the company does not file an annual return or annual accounts, and the company's file remains inactive, in due course, the Registrar at Companies House will strike the company off the register.

Liquidation – Winding-Up – Preferential Payments Official Liquidator – Indian Company Law.

WINDING-UP – A BRIEF

The Companies Act, 1956 contain elaborate provisions as to when a Company is to be wound up, the procedure for initiating winding up proceedings, the role of the managerial personal if the company is wound up by the Company Court and the liquidation process to be conducted by the Official Liquidator appointed by the Company Court. It is generally understood that the Company faces winding up proceedings when its

financial position is not good or it has become insolvent. In most of the cases it may be true that only insolvent companies are wound up in accordance with the provisions of the Companies Act, 1956. But, it is also true that a Company may be wound-up due to the serious difference of opinion among the groups in the Company and it is on the ground “just and equitable”. But, when the company is not insolvent, then, the differences among the groups may normally lead to approaching Company Law Board under section 397/398 of the Companies Act, 1956. At the same time, a Company with valuable properties and the scope for expansion of business is wound up at times. We see few cases where the winding up proceedings are long fought in the Court by preferring appeals and convincing the court with some revival scheme. There are cases where the Company which has faced serious winding up proceedings reviving well later.

OFFICIAL LIQUIDATOR AND HIS RESPONSIBILITIES

I want to deal with the issue of Official Liquidator’s responsibilities in the conduct of liquidation process and inherent difficulties. Once official liquidator is appointed by the Company Court, then, in accordance with the provisions of the Companies Act, 1956, the official liquidator gets the information from the managerial personal and takes charge of all the properties of the Company. The Official Liquidator also entertains the claims from the creditors of the Company and the Liquidator himself adjudicates the claims and makes proportionate payments with the permission of Company Court. It is a complicated and risky process without any option. The office of the Official Liquidator is burdened with many liquidation proceedings and often the Court appoints an expert liquidator to ease the burden on the Official Liquidator attached to the High Courts. There is a provision in the proposed Companies’ bill for the appointment of company law experts or the experts as liquidators of the Company so as to speed up the entire issue. It’s a good move actually as otherwise the shareholders of a Company or creditors of the Company may feel as if they are not supported by law and I have heard the expression of few of creditors of a Company in Liquidation and their enormous problems in the course. The office, of the official liquidator is not computerized at present and even if the office is computerized fully, liquidation is a complicated exercise to be done and it is better to take experts as liquidators and these experts may be supported by the staff of the Official Liquidator attached to the concerned High Courts.

Normally, when the Company is wound up and the Official Liquidator is appointed, then, the Official Liquidator will realize money out of the properties of the Company and discharges the liability of the Company to the workmen, creditors, secured creditors, tax and other payments to the government and other organizations. The Companies Act, 1956 contain detailed provisions as to how the payments are to be made by the Liquidator and also about preferential payments. We have many precedents on the issue of preferential payments and I don’t want to deal with those in detail.

RULES GOVERNING THE PAYMENTS DURING LIQUIDATION PROCESS

Dealing with the issue of making payments during liquidation process, the Madras High Court, in *re Manasuba and Co. (P.) Ltd, (1973) 43 Com Cases 245*, was pleased to observe that “section 529 of the Companies Act, among other things, provides that in the winding up of An insolvent company the same rules shall prevail and be observed with regard to the respective rights of secured and unsecured creditors as are in force for the time being under the law of insolvency with respect *to the assets of persona adjudged insolvent. While exercising jurisdiction under section 529, the company court would observe the well established rules unless which regulate the affairs in insolvency proceedings and the tests which would apply for deciding whether a particular asset has vested in the official assignee for distribution among the general body of creditors would equally apply for determining whether the asset would vest in the official liquidator for distribution and payment of dividend pro rata without any claim for preferential payment. Normally, in the winding up of an insolvent company, just as in an insolvency, a secured creditor will be out of the scope of liquidation and he will be entitled to enforce the security and realise the same to obtain full satisfaction of the

secured debt and it is only the surplus which will go into the hands of the official liquidator. It is settled law that where a fiduciary relationship is established between the company and a third party and money is paid by the third party to the company in a situation in which the company occupies a fiduciary relationship is established between the company and a third party and moneys are paid by the third party to the company in a situation in which the company occupies a fiduciary relationship, with an obligation to either use the money for a specified purpose or to retain or keep it with the company to meet certain contingencies, the said sum would be impressed with a fiduciary character and would not form part of the general assets of the company. Property thus held by an insolvent company in a fiduciary capacity, burdened with certain fiduciary obligations, is treated as property held in trust for a specific purpose under the insolvency laws. Such property or money held for a specific purpose is by law treated as clothed with a species of trust governed by the same principles and rules which apply to property held in express trust. Section 529 of the Companies Act of 1956, which has taken the place of section 229 of the Act of 1913, corresponds to section 317 of the English Act. In the matter of preferential payments and claims for priority resting upon a fiduciary relationship, the Companies Act of 1956, merely provides that the provisions of the bankruptcy law would be observed. Cases in England and in India have taken the uniform view that property deposited with the bankrupt for a specific purpose would come under the category of trust property and would not vest in the official assignee as bankrupt's property either because there is a specific trust with regard to the same or because the property was entrusted to the bankrupt, the latter being clothed with a fiduciary obligation with regard to the property. In order that the property may be exempted from vesting under the afore said provision, it is not necessary that an express trust should have been constituted and it is sufficient if the entrustment involves obligations on the bankrupt in the nature of a quasi or constructive trust".

SECURED CREDITORS AND THEIR STEPS:

The Companies Act, 1956 provides for a preferential payment to the secured creditor and for making a payment, their due is to be ascertained by the Official Liquidator normally. But, there can be a special law like Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, enabling the secured creditors or the Financial Institutions to proceed with their recovery process overriding other laws. In such a case, it becomes the responsibility of the Official Liquidator to represent the Company before the concerned forums like Debt Recovery Tribunal. We can not say that the Financial Institutions or especially public financial institutions are good and will not commit any illegalities or irregularities. We are seeing many cases where serious allegations are being made against the Public Financial Institutions too. Under such circumstances, the Official Liquidator, in the interest of the workmen and shareholders, should effectively represent the Company before the forums like Debt Recovery Tribunal. But, the Official Liquidator may be handicapped with the relevant information and facts to fight with the secured creditors in many* cases. Other shareholders and creditors may not be normally allowed to represent the Company when the Official Liquidator is appointed. This is an interesting area to be looked into during the liquidation process. It is true that when the Official Liquidator or his office is efficient and listens to the other creditors and shareholders of the Company, then, the Official Liquidator may be able to effectively discharge his responsibility before the Company Court and also before other forums like Debt Recovery Tribunals under special law. But, we can not ignore the practical difficulties, limitations and complications in the course.

Right of the Secured Creditors and Liquidator's Responsibility

It is seen that, in most of the cases, the banks or Public Financial Institution are the secured creditors. And, for realizing their claim, they will resort to special laws like Recovery of Debts due to Financial Institutions Act, 1993 and the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002. Stating that the official liquidator is mandated to represent the workers in order to get their lawful stake from and out of the realization of the money, the High Court of Madras, in *V.K. Seshasayee and another Vs. Official Liquidator*, (2005) 127 Comp Case (Mad), was pleased to observe that "as a determination of the claim of the secured creditors before the Debt Recovery Tribunal was going on, it is necessary for the official liquidator in the interest of the workmen to participate in the proceedings before the Tribunal. The

official liquidator was to represent effectively in the proceedings before the Tribunal for distribution of the sale consideration to the secured creditors and workers and shareholders of the company". Dealing with the scope of the issue, the Supreme Court of India, in *Industrial Credit and Investment Corporation of India Vs. Srinivas Agencies*, 1996 (5) IT 405: 1996 (4) SCC 165: 1996 (3) Supreme 40, was pleased to observe that "it may be pointed out that S. 529 and 529 A of the Act do contain provisions insofar as the priority of secured creditor's claim is concerned. Of course, the Company Court would not transfer the proceeding to it merely because of its convenience ignoring the difficulties which may have to be faced by the secured creditor, who may be at a place far away from the seat of the Company Court. The need to protect the company from unnecessary litigation and costs have, however, to be borne in mind by the Company Court." Further, the court went on observing that "we are, therefore, of the view that the approach to be adopted in this regard by the company court does not deserve to be put in a strait jacket formula. The discretion to be exercised in this regard has to depend on the facts and circumstances of each case. While exercising this power we have no doubt that the Company Court would also bear in mind the rationale behind the enactment of Recovery of Debts Due to the Banks and Financial Institutions Act, 1993, to which reference has been made above. We make the same observation regarding the terms which a Company Court should like to impose while granting leave. It need not be stated that the terms to be imposed have to be reasonable, which would, of course, vary from case to case. According to us, such an approach, would maintain the integrity of that secured creditor who had approached the Civil Court or desires to do so, and would take care of the interest of other secured creditors as well which the Company Court is duty bound to do. The company court shall also appraise itself about the fact as to whether dues of workmen are outstanding; if so, extent of the same. It would be seen whether after the assets of the company are allowed to be used to satisfy the debt of the secured creditor, it would be possible to satisfy the workmen's dues *pari passu*."

Liquidation, being the responsibility of the Official Liquidator, is a risky process and needs expertise. Going by the experience, the Official Liquidator and their office attached to the High Courts, had their own difficulties or limitations in effectively completing the liquidation process. The new Companies Bill contains a provision for appointing experts as Liquidators and it is to be seen as to how the liquidation is done in future. It's a very complicated area under Indian Company Law needing many reforms.

TYPES OF LIQUIDATION

- (1) **Compulsory liquidation (By the order of the court):** In this case the liquidator would be appointed by the court and would be called as an official liquidator.
- (2) **Voluntary liquidation (By Shareholders):** In this case the shareholders would decide at their meeting (extraordinary) that the company has to be wound up by passing a special resolution. The shareholders would appoint the liquidator who would prepare a statement which would consist of the estimated realisable value of assets and estimated payments towards liabilities. This statement is termed as 'Liquidators statement of Affairs'. On the basis of this statement the directors of the company would make a declaration of solvency. A copy of this statement has to be submitted to the court for obtaining its permission. Once the permission is granted the liquidation would commence.

On the completion of the liquidation proceedings. The liquidator would call a final meeting of the shareholders. At this meeting a statement of accounts would be submitted to the shareholders. This statement would summarize the actual amounts realised from the sale of the assets and the amounts paid towards expenses & liabilities. This statement is called as "Liquidators Final Statement of Account." A copy of this statement has to be submitted to the ROC. On the submission the company's name would be deleted and the company is said to be liquidated.

Conclusion

- (1) Liquidators Statement of affairs:
 - (a) Prepared before the commencement of liquidation.

- (b) On an Estimated Basis.
- (2) Liquidators Final Statement of Account:
 - (a) Prepared after the completion of the liquidation
 - (b) On an Actual Basis.

NOTES:

- (1) **Legal order of payments:** When the amounts are realised from the disposal of assets it should be applied towards the payment of expenses & liabilities in a specified order which is as follows:
- Step 1 Legal Expenses
 - Step 2 Liquidator's Remuneration
 - Step 3 Liquidation Expenses
 - Step 4 Secured Creditors:
- It would only include liabilities which are secured by a specific charge, hypothecation or mortgage. The specific asset should be given as a security against the liability. For the purpose of liquidation secured loans would not include the liabilities which are secured by a floating charge.

Note:

If the amount realised from the sale of the asset exceeds the secured liability then the surplus can be utilised towards the payment of other liabilities. Alternatively if there is a deficiency then the balance would be treated as unsecured and it would be paid alongwith all other unsecured liabilities in step 7.

Step 5 Preferential Creditors: (Unsecured Creditors)

- (a) The payment of Government dues for taxes provided they have arisen within the period of 12 months before the date of, liquidation.
 - (b) The payment of wages and salaries to employees and workers (not directors and officers) for a maximum period of 4 months. The salaries and wages should have arisen within a period of 12 months before the date of liquidation. However the amount payable to an individual should not exceed Rs. 20,000.
 - (c) The payment of provident fund, gratuity, pension as per the provision of the relevant acts.
 - (d) Any leave salary which is payable to the employees and workers.
 - (e) Compensation paid as per the provisions of the workmen compensation Act and Industrial Disputes Act.
 - (f) Cost of investigation as per the provisions of Sec. 235 or 237 of the Co's act. 1956.
- NOTE: All preferential creditors rank equal.

Step 6: The amount of those liabilities which are secured by a floating charge, for e.g. Debentures and Interest accrued up to the date of liquidation.

Step 7: The payment of unsecured creditors together with the deficiency of secured creditors which arose in step 4.

Step 8: Interest on liabilities with floating charge from the date of liquidation to the date of repayment.

Step 9: Preference share holders. (Preference share capital + Arrears of dividend up to the date of liquidation).

Step 10: Equity share holders.

- (2) **Cash deficit:** If there is a cash deficit and the shares are partly paid then the liquidator can make a call on such shares and utilise the amount received towards the payment of the Liabilities. If there are partly paid equity shares and partly paid preference shares then firstly the liquidator would make a call on the partly paid equity shares. (Refer Q. No. 5)
- (3) **Cash Surplus:** (Which is to be distributed amongst equity shareholders).
 - (a) If all the shares are fully paid then the amount payable per share can be calculated in the

- (b) On an Estimated Basis.
- (2) Liquidators Final Statement of Account:
 - (a) Prepared after the completion of the liquidation
 - (b) On an Actual Basis.

NOTES:

- (1) **Legal order of payments:** When the amounts are realised from the disposal of assets it should be applied towards the payment of expenses & liabilities in a specified order which is as follows:
- Step 1 Legal Expenses
 - Step 2 Liquidator's Remuneration
 - Step 3 Liquidation Expenses
 - Step 4 Secured Creditors:
- It would only include liabilities which are secured by a specific charge, hypothecation or mortgage. The specific asset should be given as a security against the liability. For the purpose of liquidation secured loans would not include the liabilities which are secured by a floating charge.

Note:

If the amount realised from the sale of the asset exceeds the secured liability then the surplus can be utilised towards the payment of other liabilities. Alternatively if there is a deficiency then the balance would be treated as unsecured and it would be paid alongwith all other unsecured liabilities in step 7.

Step 5 Preferential Creditors: (Unsecured Creditors)

- (a) The payment of Government dues for taxes provided they have arisen within the period of 12 months before the date of, liquidation.
- (b) The payment of wages and salaries to employees and workers (not directors and officers) for a maximum period of 4 months. The salaries and wages should have arisen within a period of 12 months before the date of liquidation. However the amount payable to an individual should not exceed Rs. 20,000.
- (c) The payment of provident fund, gratuity, pension as per the provision of the relevant acts.
- (d) Any leave salary which is payable to the employees and workers.
- (e) Compensation paid as per the provisions of the workmen compensation Act and Industrial Disputes Act.
- (f) Cost of investigation as per the provisions of Sec. 235 or 237 of the Co's act. 1956.

NOTE: All preferential creditors rank equal.

Step 6: The amount of those liabilities which are secured by a floating charge, for e.g. Debentures and Interest accrued up to the date of liquidation.

Step 7: The payment of unsecured creditors together with the deficiency of secured creditors which arose in step 4.

Step 8: Interest on liabilities with floating charge from the date of liquidation to the date of repayment.

Step 9: Preference share holders. (Preference share capital + Arrears of dividend up to the date of liquidation).

Step 10: Equity share holders.

- (2) **Cash deficit:** If there is a cash deficit and the shares are partly paid then the liquidator can make a call on such shares and utilise the amount received towards the payment of the Liabilities. If there are partly paid equity shares and partly paid preference shares then firstly the liquidator would make a call on the partly paid equity shares. (Refer Q. No. 5)

LIST H – DEFICIENCY STATEMENT

In event of liquidation, if the liquidator's statement of affairs is showing any deficiency, the liquidator is required to explain this deficiency by preparing an explanatory statement called "List H deficiency statement". In this statement he is required to cover all major financial factors contributing to/reducing the deficiency in last minimum 3 years. (If the company is getting liquidated within 3 years of incorporation then all the factors from the date of incorporation till date). This statement is prepared in following format.

Items contributing to deficiency or reducing the surplus:

(1)	Excess of Capital and Liabilities over Assets Years ago as shown by B/sheet	X
(2)	Net Dividends/Bonuses declared during the period.	X
(3)	Net Trading losses during the period.	X
(4)	Losses other than trading losses which have been written off during period for which provision has been made in the books of accounts.	X
(5)	Estimated losses now /w/off for which provision has been made while preparing the statement of affairs.	X
(6)	Other items contributing to deficiency or reducing surplus.	X
	(A)	X
Items increasing surplus or reducing deficiency.		
(7)	Excess of Assets over Capital and Liabilities years ago as shown by the B/sheet	X
(8)	Net trading profit during the period.	X
(9)	Profit and incomes other than trading profits during the period.	X
(10)	Other items reducing the deficiency or contributing to surplus	X
	(B)	X
Estimated deficiency as per the statement of affairs. (A – B)		XX

Illustration 1:

Particulars	(Rs.)	Particulars	(Rs.)
Share Capital		Land and Building	25,000
8,000 Preference shares of Rs. 10 each	80,000	Other fixed Assets	2,00,000
12,000 Equity shares of Rs. 10 each	1,20,000	Stock	5,25,000
Bank Loan	4,00,000	Debtors	1,00,000
8% Debentures	1,00,000	Profit and Loss A/c.	58,000
Interest outstanding on Debentures	8,000		
Creditors	2,00,000		
	9,08,000		9,08,000

The company went into liquidation on that date. Prepare Liquidator's statement of account after taking into account the following:

- (1) Liquidation expenses and liquidator's remuneration amounted of Rs. 3,000 and Rs. 10,000 respectively.
- (2) Bank Loan was secured by hypothecation of stock.
- (3) Debentures were repaid on 30/06/2010.
- (4) Fixed Assets were realised at book values and current assets at 90% of book value.

Suraj Ltd. was placed in voluntary liquidation on 31st March, 2010 when its Balance sheet was as follows:

Receipts	(Rs.)	Payments	(Rs.)
Issued Share Capital		Freehold Factory	5,80,000
5,00,000 Equity shares to Rs. 10 each		Plant and Machinery	2,89,000
fully paid less calls in arrear		Motor Vehicles	57,500
amounting to Rs. 25,000	4,75,000	Stock	1,86,000
6,000 5% Cumulative preference shares		Debtors	74,000
of Rs. 100 each fully paid	6,00,000	Profit and Loss A/c	2,14,000
Shares premium Account	50,000		
5% Debenture Account	1,00,000		
Interest on Debentures	2,500		
Bank Overdrafts	58,000		
Creditors	1,15,000		
	14,00,500		14,00,500

The preference dividends are in arrears from 31.3.2007 onwards.

The Company's articles provided that on liquidation, out of the surplus assets remaining after payment of liquidation costs and outside liabilities, there shall be paid firstly all arrears of preference dividend, secondly the amount paid up on the preference shares together with a premium thereon of Rs. 10 per share, and thirdly any balance then remaining shall be paid to the equity shareholders.

The Bank overdraft was guaranteed by the directors who were called upon by the bank to discharge their liability under the guarantee. The directors paid the amount to the Bank.

The liquidator realised the assets as follows:

	Rs.
Freehold Factory	7,00,000
Plant & Machinery	2,40,000
Motor Vehicles	59,000
Stock	1,50,000
Debtors	60,000
Calls in Arrears	25,000

Creditors were paid less discount of 5%. The debentures and accrued interest were repaid on 30th June, 2010.

Liquidation costs were Rs. 3,820 and the liquidator's remuneration was 2% on the amounts realised.

Prepare the liquidator's statement of account.

Illustration 5:

Slow Limited went into voluntary liquidation on 31/03/2010. The balances in its books on that date were:

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital:		Land	50,000
Authorised and Subscribed:		Building	2,00,000
5,000 6% preference shares		Plant and Machinery	6,25,000
to Rs. 100 each fully paid	5,00,000	Stock	1,37,500
2,500 equity shares of Rs. 100 each		Sundry Debtors	2,75,000
Rs. 75 paid up Rs. 7,500 Equity shares		Cash at Bank	75,000
of Rs. 100 each Rs. 60 paid up	4,50,000	Profit and Loss A/c	1,10,000
5% Debentures (secured by a floating			
charges on all assets)	2,50,000		
Interest due on Debentures	12,500		
Bank Overdraft	1,00,000		
Unsecured Creditors	2,00,000		
Taxes due to Government within 12 month	12,500		
Salaries and wages due for 4 months			
for workers	60,000		
	17,72,500		17,72,500

The liquidator is entitled to a remuneration of 5% on all assets realised except cash and 1% on the amount distributed to Unsecured Creditors other than Preferential Creditors.

Bank Overdraft is secured by deposit of title deed of land and building which realised Rs. 3,00,000. Other assets realised the following sums:

	(Rs.)
Plant and Machinery	5,00,000
Stock	1,50,000
Sundry Debtors	2,00,000

Expenses of liquidation amounted to Rs. 27,250

Prepare liquidator's final statement of account. Liquidator realised all assets on 1/7/2010 and discharged his obligation on the same date. Dividend on preference shares were in arrears for two years.

Solution:

**Slow Ltd.
Liquidators Final Statement of Account**

Receipts	(Rs.)	Payments	(Rs.)
Cash	75,000	Legal Expenses	—
Assets Realised:		Liquidators Remuneration	
Plant & Machinery	5,00,000	(57,500 + 2,000)	59,500
Stock	1,50,000	Liquidation Expenses	27,250
Sundry Debtors	2,00,000	Liability with Floating Charges	
Surplus From Security:		Debenture	2,50,000
Land and Building		Interest (12,500 + 3,125)	15.62
(3,00,000 1,09,000)	2,00,000	Creditor:	
Calls in Arrears	—	Preferential	72,500
		Others	2,00,000
Call from Contributories		Preference shareholders	
on 7500 shares @ Rs. 9.7375	73,031.25	on 5000 share @ Rs. 112	5,60,000
		Equity shareholders on 2500 shares	
		@ Rs. 5,2625	13,156.25
	11,98,031.25		11,98,031.25

It is assumed that outstanding salary per person is less than Rs. 20,000. Hence entire outstanding salary Rs. 60,000 is taken as preferential creditors.

Illustration 7:

The following is the Balance Sheet of RNA Builders Ltd. as 31st March, 2010.

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital:		Land and Buildings	1,20,000
Issued: 11% Preference shares of Rs. 10 each	1,00,000	Sundry Current Assets	3,95,000
10,000 equity shares of Rs. 10 each fully paid up	1,00,000	Profit and Loss Account	38,500
5,000 equity shares of Rs. 10 each, Rs. 7.30 per share paid up	37,500	Cash/Bank Balance	1,000
13% Debentures	1,50,000	Debenture issue expenses not written off	1,000
Mortgage Loan	80,000		
Bank overdraft	30,000		
Creditors for Trade	32,000		
Income tax arrears: (assessments concluded in January 2008)			
assessment year 2006-07	21,000		
assessment year 2007-08	5,000		
	5,55,000		5,55,000

Mortgage loan was secured against land and buildings. Debentures were secured by a floating charge on all the other assets. The company was unable to meet the payments and therefore the debenture holders appointed a Receiver and this was followed by a resolution for members' voluntary winding up. The receiver for the debenture holders brought the land and buildings to auction and realised Rs. 1,50,000. He also took charge of Sundry assets of the value of Rs. 2,40,000 and realised Rs. 2,00,000. The Liquidator realised Rs. 1,00,000 on the sale of the balance of sundry current assets. The Bank Overdraft was secured by a personal guarantee of two of the Directors of the Company and on the Bank raising a demand the Directors paid off the dues from their personal resources. Costs incurred by the Receiver were Rs. 3,000 and by the Liquidator Rs. 2,800. The receiver was not entitled to any remuneration but the liquidator was to receive 3% fee on the value of assets realised by him. Preference shareholders had not been paid dividend for period after 31st March, 2008 and interest for the last half year was due to the debenture holders.

Prepare the accounts to be submitted by the Receiver and the Liquidator.

Solution:

In this question debenture holders have appointed a receiver who has taken charge of various assets, has realised them and must have paid payments up to the stage of debenture holders. The work done by the receiver will be recorded by the Receiver himself by preparing, '**Receivers Receipts and Payment Accounts**'. For which no legal format is prescribed.

Receivers Receipts and Payments A/c

Receipts	(Rs.)	Payments	(Rs.)
To Balance b/d	1,000	By Legal Expenses	—
To Land and Building	1,50,000	By Receivers Expenses	3,000
To Sundry Assets	2,00,000	By Secured liability (Mort. Loan)	80,000
		By Preference Creditors (Income Tax)	26,000
		By Liability with floating charge (Debenture + Interest for 6 months)	
		By Balance (Liquidator)	8,2,250
	3,51,000		3,51,000

Illustration 8:

Zinta Ltd. went into voluntary liquidation on 31st March, 2010. The following extracted from its books on that date.

Liabilities	(Rs.)	Assets	(Rs.)
Capital: 50,000 equity shares of Rs. 10 each	5,00,000	Buildings	1,50,000
Debentures (secured by a floating charge)	2,00,000	Plant & Machinery	2,10,000
Creditors	40,000	Stock in Trade	95,000
Bank overdraft	30,000	Book debts 75,000	
		Less: Provision 10,000	65,000
		Calls in arrears	1,00,000
		Cash on hand	10,000
		Profit and Loss Account	1,40,000
	7,70,000		7,70,000

Plant and Machinery and Buildings are valued at Rs. 1,50,000 and Rs. 1,20,000 respectively. On realisation, losses of Rs. 15,000 are expected on stock. Book Debts will realise Rs. 70,000. Calls in arrears are expected to realise 90%. Bank overdraft is secured against Buildings. Preferential Creditors for taxes and wages are Rs. 6,000 and Miscellaneous Expenses outstanding Rs. 2,000. Prepare a Statement of Affairs to be submitted to the meeting of creditors.

Solution:

**Zinta Ltd. (in Liquidation)
Liquidators Statement of Affairs A/c as on 31/0312010**

					Estimated Realisable value
List A: Assets not Specifically Pledged					
Plant & Machinery					1,50,000
Stock					80,000

	Estimated amount available for Equity share holders			2,48,000	
	List G: Equity Share Capital – (Calls irrecoverable)			(4,90,000)	
	Net Deficiency as regards the members (List H)			2,42,000	

Illustration 9:

Parle Ltd. is to be liquidated. Their summarised Balance Sheet as at 31st March, 2010, appears as under:

Liabilities	(Rs.)	Assets	(Rs.)
2,50,000 equity shares of Rs. 10 each	25,00,000	Land and Buildings	5,00,000
Secured debentures (on land & bldg.)	10,00,000	Other fixed assets	20,00,000
Unsecured Loans	20,00,000	Current Assets	45,00,000
Trade creditors	35,00,000	Profit and Loss A/c.	20,00,000
	90,00,000		90,00,000

Contingent Liabilities are:

For Bills discounted 1,00,000

For excise duty demand 1,50,000

On investigation, it is found that the contingent liabilities are certain to devolve and that the assets are likely to be realised as follows:

Land & Buildings 11,00,000

Other Fixed Assets 18,00,000

Current Assets 35,00,000

Taking the above into account, prepare the statement of affairs.

Solution:

**Parle Ltd. (in Liquidation)
Liquidators Statement of Affairs A/c as on 31/03/2010**

					Estimated Realisable value
List A: Assets not Specifically Pledged

	Net Deficiency as regards the members (List H)			28,50,000	

Illustration 10:

The following information was extracted from the books of Satyam limited company on 31st March, 2008 on which date a winding up order was made:

	(Rs.)
Equity share capital – 2,000 shares of Rs. 100 each	2,00,000
6% Preference share capital 3000 shares of Rs. 100 each	3,00,000
Calls in arrear on equity shares (estimated to realised to Rs. 2,000)	4,000
5% First Mortgage Debentures secured by a floating charge on the whole of the asset of the company (interest paid to date)	2,00,000
Creditors having a first mortgage on the Freehold Land & Building	85,000
Creditors having a second charge on Freehold Land & Buildings	90,000
Trade Creditors	2,70,000
Bill discounted (of these bills for Rs. 15,000 are expected to be dishonoured)	40,000
Unclaimed Dividends	6,000
Bills payable	10,000
Income tax due	25,000
Outstanding Salaries and Wages (for five months)	40,000
Bank overdraft secured by second charge on the whole of the assets of the company	20,000
Cash in hand	1,200
Debtors (of these Rs. 60,000 are good: Rs. 15,000 are doubtful estimated to realise Rs. 5,000 and the rest bad)	90,000
Bills of Exchange (considered good)	35,000
Freehold Land and Buildings (estimated to realise Rs. 1,65,000)	1,50,000
Plant and Machinery (estimated to produce Rs. 90,000)	1,20,000
Fixtures and Fittings (estimated to produce Rs. 8,000)	12,000
Stock in trade (estimated to produce 25% less)	80,000
Patents (estimated to produce Rs. 45,000)	70,000

On 31st March, 2003 the company's share capital stood at the same figure as on 31st March, 2008 but, in addition, there was a General Reserve of Rs. 65,000. In 2004-2005 the company earned a profit Rs. 85,000 but thereafter it suffered trading losses totaling in all Rs. 4,67,000.

In 2005 2006 a speculation loss of 791,000 was incurred. Preference dividend was paid for 2004 2005 and 2005 2006 and on equity shares a dividend of 10% was paid in 2004 2005 only. Excise authorities imposed a penalty of Rs. 60,000 in 2005 for evasion of excise and income tax authorities imposed a penalty of Rs. 1,60,200 for evasion of tax.

Prepare the Statement of Affairs and the Deficiency Account.

	Estimated amount available for shareholders		(2,89,800)
3,00,000	List F: Preference Capital Share + Arrears of Dividend		(3,00,000)
	Estimated amount available for Equity share holders		(5,89,800)
98,000	List C: Equity share holder – (calls irrecoverable)		(1,98,000)
	Net Deficiency as regards the members (List H)		7,87,800

List 'H' – Deficiency Statement

	(Rs.)
Factors Contribution to Deficiency:	
(1) Excess of Capital and Liabilities Over Assets 5 years ago	
(2) Dividend/Bonus declared in last 5 years (Preference 36,000 + Equity Dividend 19,600)	55,600
(3) Net Trading losses in last 5 years (4,67,000 – 85,000)	3,82,000
(4) Losses other than trading losses in last 5 years (91,000 + 60,000, 1,60,200)	3,11,200
(5) Losses/Liabilities now provided in Statement of affairs (Contingent Liability)	15,000
(6) Other Factors (Losses on Assets except calls in Arrears) = 25,000 (Drs) + 30,000 (P & M) + 4,000 (E & F), 20,000 (Stk) + 25,000 (Patents)	1,04,000
	(A) 8,67,800
Factors Reducing the Deficiency:	
(7) Excess of Assets over Capital and Liabilities 5 years ago (GR)	65,000
(8) Net trading Profit during 5 years	
(9) Profits other than trading profits during 5 years	
(10) Other factors (Profits on Realisation of Assets (Land and Building)	15,000
	(B) 80,000
Net Deficiency as per Statement of Affairs (A – B)	7,87,800

Illustration 11:

The following balances were extracted from the books of Death Limited, on 31st March, 2008, on which date a winding up order was made:

	(Rs.)
Share Capital:	
Equity Shares – 20,000 shares of Rs. 10 each Rs. 8 per share called up	1,60,000
Preference Shares – 2,000 shares of Rs. 100 each fully paid	2,00,000
Calls in arrears Equity Shares Estimated to realise Rs. 600	1,000
15% Debenture is secured by first floating charge on the assets	2,00,000
Bank Overdraft secured by a second floating charge on the assets	1,00,000
Fully secured Creditors (secured against Plant & Machinery)	60,000
Investments (estimated to realise Rs. 60,000)	80,000
Plant & Machinery secured to creditors estimated to realise Rs. 80,000	1,20,000
Land and Buildings estimated to realise Rs. 80,000	40,000
Outstanding Rent and Taxes	4,000
Outstanding Wages and Salaries	3,000
Bills payable	24,000
Sundry Creditors	60,000
Bills receivable – estimated to realise? 2,000	6,000
Debtors – estimated to realise 60%	1,40,000
Bills Discounted – Rs. 30,000 likely to rank Rs. 8,000	
Contingent Liability likely to accrue	6,000
Stock in trade – estimated to produce Rs. 38,000	60,000
Cash in hand and At Bank	3,200

Entry for accrued salary of Rs. 4,000 and rent of Rs. 2,000 has still to be made in the books. Prepare a Statement of Affairs and a Deficiency Account.

Solution:

Since, no Information is available about the past performance for preparation of deficiency statement, it is assured that the company is getting liquidated in the 1st year of incorporation and the profit and loss for the year by comparing assets and liabilities.

Balance sheet as on 31/03/2008

	(Rs.)		(Rs.)
ESC	1,60,000	Calls in Arrears (R.V. = 600)	1,000
Preference share capital	2,00,000	Investment (R.V. = 60,000)	80,000
15% Debenture (1st floating charge)	2,00,000	Plant and Machinery (R.V. 80,000)	1,20,000
Bank 0/0 (2nd Floating charges)	1,00,000	Land and Building (R.V. 80,000)	40,000

List 'H' – Deficiency Statement

	(Rs.)
Factors Contribution to Deficiency:	
(1) Excess of Capital and Liabilities over Assets 1 year ago	—
(2) Dividend/ Bonus declared in 1 year	—
(3) Net Trading Losses in 1 year	3,00,000
(4) Losses other than trading losses in 1 year	—
(5) Losses/Liabilities provided in statement of affairs (8,000 + 6,000 + 4,000 + 2,000)	20,000
(6) Other Factors (losses on Assets Except Calls in Arrears) (20,000 (invest) + 40,000 (P&M), 4,000 (B/R) + 56,000 (Drs) + 22,000)	1,42,000
(A)	5,22,800
Factors Reducing to Deficiency:	
(7) Excess of Assets over Capital and Liabilities 1 years	—
(8) Net Trading Profit in 1 year	—
(9) Profit other than trading profits during 1 year	—
(10) Other Factors (profits on realisation of all assets)	40,000
(B)	40,000
Net Deficiency as per statements of Affairs (A – B)	4,82,800

Illustration 12:

Limited went into voluntary liquidation and the proceedings commenced on 2nd July, 2008. Certain creditors could not receive payment out of the realisation of assets and out of the contributions from the contributories of the A list. The following details of share transfers are made available to you.

Name of the transferrer	No of Shares transferred	Date of transferrer ceasing to be member	Creditors remaining unpaid and outstanding at the time of the transferrer ceasing to be member (Rs.)
A	1,000	1 st May, 2006	6,000
B	1,250	15th Aug., 2007	8,000
C	500	1st Oct., 2007	10,750
D	2,000	1st Dec., 2007	13,000
E	250	1st April, 2008	15,000

All the shares were of Rs. 10 each, on which Rs. 5 per share had been paid up. Ignoring other details like liquidator's expenses etc., you are required to work out the liability of the individual contributories listed above.

Solution:

Note: Mr. 'A' is not required to contribute anything because the period of one year has already expired since the date of transfer of his shares and liability of other past contributories are determined as under:

Date of Transfer	Liability to be Allocated	R	C	D	E	Ratio
		1250 Shares	1500 Shares	2000 Shares	250 Shares	
15/08/2007	8,000	2,500	1,000	4,000	500	5:2:8:1
1/10/2007	2,750	—	500	2,000	250	2:8:1
1/12/2007	2,250	—	—	2,000	250	8:1
1/04/2008	2,000	—	—	—	2,000	8:1
Allocated Liabilities		2,500	1,500	8,000	3,000	Full
Maximum (unpaid calls)		6,250	2,500	10,000	1,250	
Final Liabilities		2,500	1,500	8,000	1,250	

Illustration 13:

In a liquidation which commenced on 1st April, 2008 certain creditors could not receive payment out of the realisation of the assets and out of contribution from "A" list contributories. The following are the details of certain transfers which took place after 1st April, 2007.

Shareholders	No. of Shares transferred	Date of ceasing to be member	Creditors remaining unpaid and outstanding on the date of ceasing to be member (Rs.)
A	1,000	1st May, 2007	6,000
B	1,500	1st July, 2007	7,500
C	300	1st Nov., 2007	8,000
D	200	1 st Feb., 2008	9,500

All the shares were of Rs. 10 each, Rs. 6 paid up. Ignoring expenses, remuneration to liquidator etc. show the amount to be realised from the various persons listed above.

Solution:

Note: Mr. 'A' is not required to contribute anything because the period of one year has already expired since the date of transfer of his shares and liability of other past contributories are determined as under:

Date of Transfer	Liability to be Allocated	R	C	D	E	Ratio
		1000 Shares	1500 Shares	300 Shares	200 Shares	
1/05/2007	6,000	2,000	3,000	600	400	10:18:3:2
1/07/2007	1,500	—	1,125	225	150	15:3:2
1/11/2007	500	—	—	300	200	3:2
1/02/2008	1,500	—	—	—	1,500	Full
Allocated Liabilities		2,000	4,125	1,125	2250	
Maximum (unpaid calls)		4,000	6,000	1,200	800	
Final Liabilities		2,000	4,125	1,125	800	

Liquidators Statement of Affairs:

This is an estimate prepared by the liquidator at the beginning of liquidation. In order to help the directors to declare solvency of the company and it shows realisable value of all Assets and total payments to be made for all liabilities and this statement is prepared in the format prescribed in the companies Act as under. (Refer format of liquidator's Statement of Affairs)

QUESTIONS FOR SELF-PRACTICE**(I) Theory Questions:**

- (1) What is the difference between compulsory liquidation & voluntary liquidation?
- (2) What is dissolution and how it is taking place as per Company Act?
- (3) What do you mean by official liquidator and what are his responsibilities?
- (4) Explain right of the secured creditors and liquidator's responsibilities?
- (5) What are the different steps are taken for liquidation process?
- (6) Explain the accounting treatment for liquidation process?

OBJECTIVE QUESTIONS**(II) Multiple Choice Questions:**

- (1) **Equity shareholders are:**
 - (a) Priority claimant (b) Second claimant
 - (b) Last claimant
 - (c) No claimant
- (2) **Pref. creditors are:**
 - (a) Taxes
 - (b) Dues to government
 - (c) Wages & Salaries payable (d) All of the above
- (3) **Voluntary transfer is made by the company within:**
 - (a) One year
 - (b) Two years
 - (c) Three years
 - (d) Five years
- (4) **Liquidator's statement is prepared under section:**
 - (a) 143
 - (b) 153
 - (c) 156
 - (d) 173

[Ans.: (1-c), (2-d), (3-a), (4-c)]

- (5) **Liquidation is also sometimes referred to as:**
- (a) Winding up
 - (b) Dissolution
 - (c) Winding up or dissolution
 - (d) None of above
- (6) **Liquidation may either be:**
- (a) Compulsory
 - (b) Voluntary
 - (c) Compulsory or voluntary
 - (d) None of above
- (7) **Petition may be lodged with the court for the compulsory liquidation of a company by:**
- (a) Any creditor
 - (b) Contributorie's
 - (c) Secretary of State (or equivalent)
 - (d) All of above
- (8) **Normal grounds to enable an application to the court for an order to compulsorily wind up the company, as a public company, and has not been issued with a trading certificate (or equivalent) within:**
- (a) 12 months of registration
 - (b) 15 months of registration
 - (c) 18 months of registration
 - (d) 6 months of registration
- (9) The court may appoint _____ and has general powers to enable rights and liabilities of claimants and contributories to be settled.
- (a) an official receiver
 - (b) one or more liquidators
 - (c) a & b
 - (d) None of above
- (10) The Companies Act, _____ contain elaborate provisions as to when a Company is to be wound up, the procedure for initiating winding up proceedings
- (a) 1947
 - (b) 1956
 - (c) 1965
 - (d) 2001

[Ans.: (5-c), (6-c), (7-d), (8-a), (9- c), (10-b)]

(III) True or False:

- (1) A company is created by law.
- (2) Liquidation is the process of law to end life of a company.
- (3) A solvent company cannot be liquidated.
- (4) Liquidator is a person who liquidates the company.
- (5) A creditor cannot present a petition of liquidation.
- (6) Voluntary liquidation takes place with the help of court.
- (7) Pref. shareholders enjoy the priority right over equity shareholders.
- (8) Govt. taxes are preferential liability.
- (9) Equity shareholders are paid before pref. shareholders.

[Ans.: (1-T), (2-T), (3-F), (4-T), (5-F), (6-F), (7-T), (8-T), (9-F)]

(IV) Match the Columns:

Column 'A'	Column 'B'
(a) Liquidation	(1) Estimated realisable value
(b) Section 433	(2) Legal expenses
(c) Preferential creditors	(3) Last claimants
(d) Equity shareholders	(4) Account of winding up
(e) Liquidator's final statement of A/c	(5) Compulsory winding up
	(6) Dissolution of a Company
	(7) Applicable in construction contract

[Ans.: (1-f), (2-e), (3-b), (4-c), (5-d)]

Column 'A'	Column 'B'
(a) Liquidator's Final Statement	(1) Legal Expenses
(b) Equity Shareholders	(2) Last Claimants
(c) Preferential Creditors	(3) Form-7
(d) Section 433	(4) 2006
(e) Liquidation	(5) Account of winding up
	(6) Compulsory winding up
	(7) Dissolution of a Company

[Ans.: (1- e), (2-b), (3-a), (4-f). (5-g)]

(V) Practical Questions:

(1) Balco Ltd. was placed in voluntary liquidation on 31st December, 2010, when its Sheet was as follows:

Liabilities	(Rs.)	Assets	(Rs.)
Issued Share Capital 50,000 Equity Shares of Rs. 10 each fully paid less calls – in arrears amounting to Rs. 25,000 6,000 5 per cent Cumulative Preference Shares of Rs. 100 each fully paid	4,75,000	Freehold Factory Plant and Machinery Motor Vehicles Stock Debtors Profit and Loss A/c	5,80,000 2,89,000 57,500 1,86,000 74,000 2,14,000
Security Premium A/c 5% Debenture A/c Interest on Debentures Bank Overdraft Creditors	6,00,000 50,000 1,00,000 2,500 58,000 1,15,000		
	14,00,500		14,00,500

The Preference dividends in arrears from 2007 onwards.

The Company's article provide that on liquidation, out of the surplus assets remaining after payment of liquidation costs and outside liabilities, they shall be paid firstly all arrears of preference dividend secondly the amount paid up on the preference shares together with a premium thereon of Rs. 10 per share, and thirdly any balance then remaining shall be paid to the equity shareholders. The Bank Overdraft was guaranteed by the directors who were called upon by the Bank to discharge their liability under the guarantee. The directors paid the amount to the Bank. The liquidator realised the assets as follows:

Freehold Factory	Rs. 7,00,000
Plant and Machinery	Rs. 2,40,000
Motor Vehicles	Rs. 59,000
Stock	Rs. 1,50,000
Debtors	Rs. 60,000
Call in Arrears	Rs. 25,000

Creditors were paid less discount of 5 per cent. The debentures and accrued interest were repaid on 31st March, 2011.

[Ans.: 12,34,0001

(2) Enron Ltd. was placed in voluntary liquidation on 31st December, 2010, when its a Sheet was as follows:

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital:		Land and Building	3,86,000
12% Cumulative Preference Shares		Plant and	87,21,000
10,000 Shares of Rs. 100 each fully paid up	10,00,000	Stock-in-Trade	1,84,000
Equity Share Capital:		Book Debts	13,37,000
5,000 Equity Shares of Rs. 100 each Rs. 60 per share called and paid up		Profit and Loss A/c	3,72,000
5,000 Equity Shares of Rs. 100 each Rs. 50 per share called and paid up	3,00,000		
Paid up Share Capital	2,50,000		
	15,50,000		
15% Debentures	4,00,000		
Preferential Creditors	1,05,000		
Bank Overdraft	3,03,000		
Trade Creditors	7,42,000		
	31,00,000		31,00,000

The Preference dividends in arrears for two years. By 31st March, 2011 the assets realised as follows:

Land and Building	Rs. 9,84,000
Plant and Machinery	Rs. 7,12,000
Stock	Rs. 1,63,000
Debtors	Rs. 1,91,000
Expenses of Liquidation	Rs. 54,000

The remuneration of the liquidation is 3% of realization. I Tax payable on liquidation is Rs. 44,500. Assuming that the final payments are made on 31st March, 2011; Prepare the Liquidator's Final Statement of Accounts.

[Ans.: 30,70,000]

(3) From the following information relating to Moon Final Statement at Accounts.

- (a) Share Capital:
- 1,000 6% preference shares of Rs. 100 each fully paid.
 - 40,000 A equity shares of Rs. 10 each fully paid.
 - 30,000 B equity shares of Rs. 100 each, Rs. 8 paid up.
 - 20,000 C equity shares of Rs. 5 each, Rs. 3 paid up.
- (b) Debentures of Rs. 50,000.
- (c) Creditors.
- Preferential Creditors Rs. 20,000.
- Unsecured Creditors Rs. 20,000.

Liquidation of Companies • 225

The Preference dividends in arrears for two years. The assets realised Rs. 3,20,000. Cost of Liquidation Rs. 4,000. The remuneration of the liquidation is fixed 5% of realization.

[Ans.: 3,40,000]

(4) A Textile Company passed a Special Resolution for voluntary winding up on 31st March, 2010 when its Balance Sheet stood as under.

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital:		Plant and Machinery	4,00,000
5,000 Equity Shares of Rs. 100 each fully paid	5,00,000	Furniture and Fittings	1,000
1,000 equity shares of Rs. 100 each Rs. 75 per share called up and paid up	75,000	Stock in Trade	50,000
1,000, 6% Cumulative Preference Shares of Rs. 100 each fully paid 7%		Debtors	1,50,000
Debentures	1,00,000	Cash in hand	5,000
(Secured on Plant and Machinery)	1,00,000	Profit and Loss A/c	4,21,000
Unsecured Creditors	2,52,000		
	10,27,000		10,27,000

Dividend on preference shares remained unpaid for full one year. Interest (payable annually on 31st December) on debentures was paid up to 31st December, 2009.

Unsecured creditors include Rs. 2,000 of preferential creditors.

Plant and Machinery realised Rs. 3,60,000. Stock Rs. 1,00,000. Debtors Rs. 1,40,000. Furniture and Fittings realised nothing. The expenses of winding up amounted to Rs. 19,500. The liquidator's remuneration is to be at 4% on realisation of assets and 2% on distribution among unsecured creditors excluding preferential creditors. The winding up was completed on 30th June, 2010, when debentures were repaid. The necessary call was made and received in full from all shareholders. You are required to prepare Liquidators Final Statement of Account.

[Ans.: 5,06,500]

(5) The following is the Balance Sheet of DK Ltd. as on 31st March, 2010.

Balance Sheet

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital		Land & Building	1,05,000
1,000, 7% Preference Shares of Es. 100 each	1,00,000	Machinery	85,000
2,000 Equity Shares of Rs. 75 each fully paid	1,50,000	Furniture	25,000
Debentures	1,20,000	Stock	78,000
Sundry Creditors	1,40,000	Debtors	87,000
		Cash	20,000
		Profit and Loss A/c	1,10,000
	5,10,000		5,10,000

The company went into voluntary liquidation as on above date.

- (a) The preference dividend was in arrears for four years and it was to be paid.
- (b) Sundry creditors include Rs. 7,000 as preferential creditors and Rs. 3,000 as secured creditors on mortgage of current assets.
- (c) Fixed Assets realised Rs. 1,05,000 and Current Assets realised Rs. 45,000.
- (d) The liquidator was entitled to a fixed remuneration of Rs. 3,000.
- (e) The liquidation expenses amounted to Rs. 4,300.

Prepare the Liquidator's Final Statement of Accounts if the debenture holders were paid on 30th June, 2010.

(6) SK Ltd went into voluntary liquidation as on 31st March, 2010

Balance Sheet

Liabilities	(Rs.)	Assets	(Rs.)
Subscribed Capital 19,500 Equity Shares of Rs. 10 each fully paid	1,95,000	Goodwill	40,000
Sundry Creditors Preferential	24,200	Patents	10,000
Partly Secured (Against Freehold Property)	55,310	Freehold Building	48,000
Unsecured	99,790	Plant	65,500
Bank Overdraft (Unsecured)	12,000	Stock in Trade	56,800
		Sundry Debtors	64,820
		Bills Receivable	2,500
		Profit and Loss A/c	98,680
	3,86,300		3,86,300

The liquidator realised the assets as follows:

Freehold Factory.	Rs. 35,000
Plant and Machinery	Rs. 51,000
Bills Receivable	Rs. 2,500
Stock	Rs. 39,000
Debtors	Rs. 58,500
Expenses of Liquidation	Rs. 1,000

The liquidator's remuneration is to be at 2.5% on realisation of assets and 2% on the amount unsecured creditors.

Prepare the Liquidator's Final Statement of Accounts.

(7) The following information was extracted from the books of A limited company on 31st March, 2001 on which date a winding up order was made:

Liquidation of Companies • 229

(11) Miniature Ltd. went into voluntary liquidation on 31st January, 2001. The balances in its books on that day were:

Liabilities	(Rs.)	Assets	(Rs.)
Issued Capital:		Furniture at cost	9,360
14% Preference shares of Rs. 10 each, fully paid up	1,30,000	Investment at cost	2,21,000
6,500 Equity Shares of Rs. 10 each		Cash at Bank	11,700
Rs. 5 paid up	32,500	Life Insurance Policy received from a debtor	16,900
14% Debentures	26,000	Sundry Debtors	1,04,000
Loan from Bank (guaranteed by Directors)	39,000	Profit and Loss Account	4,680
Sundry Trade Creditors	1,07,000		
Income Tax	17,590		
Employee's Salaries for 1 month	15,590		
Total	3,67,640	Total	3,67,640

The Ban called upon the Directors to implement their guarantee. The preference dividend had been paid up to 30th September, 1998. There were no arrears of debenture interest. The amount owing to the Government for income tax was in respect of assessment years 1999 2000 and 2000 2001 of Rs. 3,250, Rs. 14,300 respectively. The Company closes its accounts on 31st March each year.

The Liquidator admitted an amount of Rs. 2,730 for salaries in lieu of notice. The rent was paid up to 31st January, 2001. The premises were held under a lease with annual tenancy. The landlord agreed to waive his right to notice on the Liquidator undertaking to pay him two month's rent, i.e., Z650 and to vacate the premises by 31st March, 2001 which he did.

One of the creditors for Rs. 13,000 was under a contract to deliver certain goods to the company in March, 2001 and the Company had contract to supply the same goods to Basic Ltd. who were included in Sundry Debtor's at Rs. 6,500. The creditors refused to make delivery but admitted a claim made by the Liquidator for damages at Rs. 1,625. Basic Ltd. made a claim for loss against the Company for Rs. 975 which was admitted by Liquidator.

Furniture was sold for Rs. 7,800. Investments were found to be valueless. Sums owing by Debtors were all collected and the insurance policy was surrendered for Rs.15,600 after the Liquidator had paid a premium of Rs. 585: A shareholder holding 2,600 equity shares failed to pay the call made by the Liquidator. Legal costs came to Rs. 780 and liquidator remuneration to Rs. 6,500. Prepare Liquidator's Final Statement of Account.

(12) X-ray Ltd. is a private company, the member's holding being:

Particulars	X	R	A	Y	Total
Equity shares Rs. 10 each	—	7,200	5,400	5,400	18,000
14% Preference Shares (Rs. 10 each)	20,000	5,000	—	—	25,000

The company's balance sheet on 30th September, 2000 was as follows:

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital:		Freehold Property	1,20,000
Equity	1,80,000	Leasehold Property	3,00,000
Preference	2,50,000	Plant	1,20,000
Revenue Reserve	3,33,000	Motors	30,000
14% Debentures	2,00,000	Investment — Trade	30,000
Trade Creditors	2,00,000	Quoted	41,000
Liability for Income Tax	50,000	Stock	1,40,000
Director's Loans : X	50,000	Debtors	1,50,000
Y	40,000	Cash at Bank	3,72,000
Total	13,03,000	Total	13,03,000

Dividends on Preference shares were paid up to 30th September 1999. Under the Articles, arrears of preference dividend were automatically payable in the event of the company being wound up. Also holders of preference shares are entitled to participate equally with equity shareholders in surplus assets up to Rs. 2 per share.

On 1st October, 2000 it was decided to take the company into liquidation; R, A and Y decided to form a partnership to carry on the business previously carried on by the company. They agreed that the partnership capital should be Rs. 4,50,000 to be provided in the same ratio as that of equity shares held by them. They also agreed that they would bring into the firm, as loan, any cash received by them. X agreed to tend to the firm the amount which he would receive by way of capital on his preference shares.

The liquidator was given power to distribute assets in specie; R, A and Y agreed to take the assets so distributed, bringing them into the firm at the values placed on them by the liquidator.

The liquidation was completed on 31st March, 2001; liquidator dealt with the assets as follows:

- (i) Freehold property distributed at a valuation of Rs. 1,80,000.
- (ii) Leasehold property sold for Rs. 4,15,000.
- (iii) Plant distributed at Rs. 92,500.
- (iv) One motor sold for Rs. 7,500; the other distributed at Rs. 25,000. (v) Quoted investments sold for Rs. 81,000.
- (vi) Trade Investments distributed at 55,000. (vii) Stock distributed at book values; and
- (viii) Debtors realised in full subject to bad debts of Rs. 3,500.

The creditors were repaid subject to a discount of Rs. 1,000; other liabilities were paid off on 31st March, 2001.

The liquidator's remuneration was agreed at 1% on the assets converted into cash and in addition, 2% on total return of capital of contributories, Liquidation expenses totaled Rs. 2,000.

Prepare the Liquidator's Statement of Account and show the distribution among R, A and Y.

(13) The following is the Balance Sheet of Y Limited as at 31st March, 1999:

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital:		Fixed Assets:	
2,000 Equity Shares of Rs. 100 each, Rs. 75 per share paid up	1,50,000	Land and Buildings	4,00,000
6,000 Equity Shares of Rs. 100 each, Rs. 60 per share paid up	3,60,000	Plant & Machinery	3,80,000
2,000 10% Preference Shares of Rs. 100 each, fully paid up	2,00,000	Current Assets:	
10% Debentures (having a floating charge on all assets)	2,00,000	Stock at cost	1,10,000
Interest accrued on Debentures (also secured as above)	10,000	Sundry Debtors	2,20,000
Sundry Creditors	4,90,000	Cash at Bank	60,000
		Sundry Debtors	2,20,000
		Profit & Loss Account	2,40,000
Total	14,10,000	Total	14,10,000

On that date, the company went into Voluntary liquidation. The dividends on preference shares were in arrears for the last two years. Sundry Creditors include a loan of Rs. 90,000 on mortgage of Land and Buildings. The assets realised were as under:

Particulars	(Rs.)
Land and Buildings	3,40,000
Plant and Machineries	3,60,000
Stock	1,20,000
Sundry Debtors	1,60,000

Interest accrued on loan on mortgage of buildings up to the date of payment amounted to Rs. 10,000. The expense of Liquidation amounted to Rs. 4,600. The Liquidator is entitled to a remuneration of 3% on all the assets realised (except cash at bank) and 2% on the amounts distributed among equity shareholders. Preferential creditors included in sundry creditor's amount to Rs. 30,000.

All payments were made on 30th June, 1999. Prepare the liquidator's final statement of account.

- (14) In Liquidation which commenced on 1st April, 2001 certain creditors could not receive payment out of the entire realization of the assets and out of contribution from "A" list contributories. The following are the details of certain transfers which took place after 1st April, 2000:

Shareholders	Number of Shares Transferred	Date of ceasing to be member	Creditors remaining unpaid and outstanding on member Rs.
A	1,000	1 st May, 2000	6,000
B	1,500	1st July, 2000	7,500
C	300	1st Nov., 2000	8,000
D	200	1st Feb., 2001	9,500

All the shares were of Rs. 10 each, Rs. 6 paid up. Ignoring expenses, remuneration to liquidator etc., show the amount to be realised from the various persons listed above.

- (15) Pessimist Ltd. has gone into liquidation on 10th May, 2001. The details of members, who have ceased to be members within one year 'B' contributories, are given below, the debts that could not be paid out of realization of assets and contribution from present members 'A' contributories) are also given with their datewise break up. Shares are of Rs. 10 each Rs. 6 per share paid up.

You are to determine the amount realisable from each person.

Shareholders	Number of Shares Transferred	Date of transfer	Proportionate debts
P	1,000	20/04/2000	3,000
Q	1,200	15/05/2000	5,000
R	1,500	18/09/2000	9,200
S	800	24/12/2000	10,500
T	500	12/03/2001	11,000

- (16) In a winding up of a company certain creditors remained unpaid. The following persons had transferred, their holding sometime before Winding up:

Name	Date of transfer	No. of shares Transferred	Amount due to creditors on the date of transfer
	1998		
P	January 1	1,000	7,500
Q	February 15	400	12,500
S	March 15	700	18,000
T	March 31	900	21,000
U	April 5	1,000	30,000

The shares were of Rs. 1 00 each, Rs. 80 being called up and paid up on the date of transfers.

A member R, who held 200 shares died on 28th February, 1998 when the amount due to creditors was Rs. 15,000. His shares were transmitted to his son X.

Z was the transferee of shares held by T, Z paid Z20 per share as calls in advance immediately on becoming a member.

The liquidation of the company commenced on 1st February, 1998 when the liquidator made a call on the present and the past contributories to pay the amount.

You are asked to quantify the maximum liability of the transferors of shares mentioned in the table, when the transferees:

- (i) Pay the amount due as 'present' member contributories.
- (ii) Do not pay the amount due as 'present' member contributories.

Also quantify the liability of X to whom shares were transmitted on the demise of his father R.

(17) The balance sheet of Bubble Ltd. as on 31/3/2011 was as follows:

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital:		Land and building	25,000
8,000 Preference shares of Rs. 10 each	80,000	Other fixed assets	2,00,000
12,000 Equity shares of Rs. 10 each	1,20,000	Stock	5,25,000
Bank loan	4,00,000	Debtors	1,00,000
8% Debentures	1,00,000	Profit and loss A/c	58,000
Interest outstanding on debentures	8,000		
	9,08,000		9,08,000

The company went into liquidation on that date. Prepare Liquidator's statement after taking into account the following:

- (a) Liquidation expenses and liquidator's remuneration amounted of Rs. 3,000 & Rs. 10,000 respectively.
- (b) Bank loan was secured by hypothecation of stock.
- (c) Debentures were repaid on 30/06/2011.
- (d) Fixed assets were realised at book values and current assets at 90% of book value.

(18) DB Ltd. was placed in voluntary liquidation on 31st March, 2011 when its Balance sheet was as follows:

Liabilities	(Rs.)	Assets	(Rs.)
Issued share capital		Freehold factory	5,80,000
50,000 Equity shares of T 10 each fully paid less calls in arrear amounting to Z 25,000	4,75,000	Plant and machinery	2,89,000
6,000 5% Cumulative preference shares of T 100 each fully paid	6,00,000	Motor vehicles	57,500
Share premium account	50,000	Stock	18,600
5% debentures	1,00,000	Debtors	74,000
Interest on debentures	2,500	Profit and Loss	2,14,000
Creditors	1,15,000		
	14,00,500		14,00,500

The preference dividends are in arrears from 31/3/08 onwards.

The company's Articles Provided that on liquidation, out of the surplus shall be remaining after payment of liquidation costs and outside liabilities, there shall be paid firstly all arrears of preference dividend, secondly the amount paid up on the preference shares together with a premium thereon of Rs. 10 per share, and thirdly any balance then remaining shall be paid to the equity shareholders.

The bank overdraft was guaranteed by the directors who were called upon by the bank to discharge their liability under the guarantee. The directors paid the amount to the bank.

Particulars	(Rs.)
Freehold factory	7,00,000
Plant and Machinery	2,40,000
Motor vehicles	59,000
Stock	1,50,000
Debtors	60,000
Calls in arrears	25,000

Creditors were paid less discount 5%. The debentures and accrued interest were repaid on 30th June, 2011.

Liquidation costs were Rs. 3,820 and the liquidator's remuneration was 2% on the amounts realised.

Prepare the liquidator's statement of account.

- (19) Few Assets Ltd. went into voluntary liquidation on March 31st 2011. At that date the balance sheet read as follows:

Particulars	(Rs.)
Plant	2,00,000
Stock	1,00,000
Debtors	1,50,000
Cash at bank	3,000

Show the Liquidator's Final Statement of Account.

(22) The following is the Balance Sheet of Confidence Builders Ltd. as at 31st March, 2011.

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital:	1,00,000	Land and Building	1,20,000
issued: 11% pref. shares of		Sundry Current Assets	3,95,000
Rs. 10 each fully paid up	1,00,000	Profit and Loss Account	38,500
5,000 eq. shares of Rs. 10 each		Cash/ Bank Balance	1,000
Rs. 7.50 per share paid up	37,500	Debenture issue expenses	
13% Debentures	1,50,000	not written off	1,000
Mortgage Loan	80,000		
Bank Overdraft	30,000		
Creditors for Trade	32,000		
Income Tax arrears:			
(assessment concluded in Jan., 2008)			
A. Y. 2009-10	21,000		
A. Y. 2010-11	5,000		
	26,000		
	5,55,000		5,55,000

Mortgage loan was secured against land & building Debentures were secured by a floating charge on all the other assets. The company was unable to meet payments and therefore the debentureholders appointed a Receiver and this was followed by a resolution for members voluntary winding up. The receiver for the debentureholders brought the land & building to auction and realised Rs. 1,50,000. He also took charge of sundry assets of the value of Rs. 2,40,000 and realised Rs. 2,00,000. The Liquidator realised Rs. 1,00,000 on the sale of balance of sundry current assets. The Bank Overdraft was secured by a personal guarantee of two of the Directors of the Company and on the Bank raising a demand the Directors paid off the dues from their personal resources. Costs incurred by the Receiver were Rs. 3,000 and by the Liquidator Rs. 2,800. The receiver was not entitled to any remuneration but the liquidator was to receive 3% fee on the value of assets realised by him. Preference shareholders had not been paid dividend for period after 31st March, 2009 and interest for last half year was due to the debentureholders.

Prepare the accounts to be submitted by the Receiver and the Liquidator.

(23) M Co. Ltd. went into voluntary liquidation on 31st March, 2011. The following balances are extracted from its books on that date:

Liabilities	(Rs.)	Assets	(Rs.)
Capital: 50,000 equity shares of Rs. 10 each	5,00,000	Buildings	1,50,000
Debentures (secured by a floating charges)	2,00,000	Plant and machinery	2,10,000
Creditors	40,000	Stock in Trade	95,000
Bank Overdraft	30,000	Book debt	55,000
		Less: Provision	<u>10,000</u>
		Calls-in-arrears	1,00,000
		Cash on hand	10,000
		Profit and Loss Account	1,40,000
	7,70,000		7,70,000

Plant and Machinery and Buildings are valued at Rs. 1,50,000 and Rs. 1,20,000 respectively. On realisation, losses of Rs. 15,000 are expected on stock. Book Debts will realise Rs. 70,000, Calls in-arrears are expected to realise 90%. Bank overdraft is secured against Buildings. Preferential, Creditors for taxes and wages are Rs. 6,000 and Miscellaneous Expenses outstanding Rs. 2,000. Prepare a Statement of Affairs to be submitted to the meeting of creditors.

(24) Insol Ltd. is to be liquidated. Their summarised Balance Sheet as at 31st March, 2011 appears as under:

Liabilities	(Rs.)	Assets	(Rs.)
2,50,000 equity shares of Rs. 10 each	25,00,000	Land and Building	5,00,000
Secured debentures (on land & building)	10,00,000	Other fixed assets	20,00,000
Unsecured Loans	20,00,000	Current Assets	45,00,000
Trade Creditors	35,00,000	Profit and Loss A/c	20,00,000
	90,00,000		90,00,000

Contingent liabilities are:

For Bills discounted 1,00,000

For excise duty demand 1,50,000

On investigation, it is found that the contingent liabilities are certain to devolve and that the assets are likely to be realised as follows:

Land and Buildings 11,00,000

Other Fixed Assets 18,00,000

Current Assets 35,00,000

Taking the above into account, prepare the statement of affairs.

- (25) The following balances were extracted from the books of Sudden Death Limited on 31st March, 2011 on which date a winding up order was made:

Particulars	(Rs.)
Share Capital	
Equity shares : 20,000 shares of ? 10 each Rs. 8 per share called up	1,60,000
Preference shares : 2,000 shares of Rs. 100 each fully paid	2,00,000
Calls in arrears : Equity Shares : Estimated to realise Rs. 600	1,000
15% debenture is secured by first floating charge on the assets	2,00,000
Bank Overdraft secured by a second floating charges on the assets	1,00,000
Fully secured Creditors (Secured against Plant & Machinery)	60,000
Investments (estimated to realise Rs. 60,000)	80,000
Plant & machinery : secured to creditors : estimated to realise Rs. 80,000	1,20,000
Outstanding Rent & Taxes	4,000
Outstanding Wages & Salaries	3,000
Bills Payable	24,000
Sundry Creditors	60,000
Bill Receivable : estimated to realise Rs. 2,000	6,000
Debtors : estimated to realise 60%	1,40,000
Bills Discounted : Rs. 30,000 likely to rank Rs. 8,000	
Contingent Liability likely to accrue	6,000
Stock in trade : estimated to produce Rs. 38,000	60,000
Cash in hand and at bank	3,200
Land & Building estimated to realise Rs. 80,000	40,000

Entry for accrued salary of Rs. 4,000 and rent of Rs. 2,000 has still to be made in the books. Prepare a statement of Affairs and Deficiency Account.

- (26) Bad Luck Limited went into Voluntary liquidation and the proceedings commenced on 2nd July, 2011. Certain creditors could not receive payment out of the realisation of the assets and out of the contributions from the contributories of the A list. The following details of share transfers are made available to you.

Name of the transferor	Number of Shares Transferred	Date of transferor ceasing to be member	Creditors remaining unpaid and outstanding at the time of the transferor ceasing to be a member (Rs.)
A	1,000	15 th May, 2009	6,000
B	1,250	15 th August, 2010	8,000
C	500	1 st Oct. 2010	10,750
D	2,000	1 st Dec. 2010	13,000
E	250	1 st April, 2011	15,000

All the shares were of Rs. 10 each. On which Rs. 5 per share had been paid up. Ignoring other details like liquidator's expenses etc. you are required to work out the liability of the individual contributories listed above.

- (27) In a liquidation which commenced on 1st April 2011 certain creditors could not receive payment out of the realisation of the assets and out of contribution from "A" list contributories. The following are the details of certain transfer which took place after 1st April, 2010:

Shareholders	Number of Shares Transferred	Date of transferor ceasing to be member	Creditors remaining unpaid and outstanding on the date of ceasing to be a member (Rs.)
A	1,000	1 st May, 2010	6,000
B	1,500	1st July, 2010	7,500
C	300	1st Nov. 2010	8,000
D	200	1st Feb. 2011	4,500

All the shares were of Rs. 10 each Rs. 6 paid up. Ignoring expenses Remuneration to liquidator etc. show the amount to be realised from the various persons listed above.

BUYBACK OF EQUITY SHARES

Problem No. 1**Maximum number of shares to be bought back at a given price****April, 2010 (Old Course)**

The following balances appeared in the books of Aryan Ltd.

1,00,000 Equity Shares of Rs. 10 each	Rs.	10,00,000
General Reserve	Rs.	2,00,000
Profit & Loss Account	Rs.	8,00,000

Ascertain the maximum number of equity shares, Aryan Ltd. can buyback at a price of Rs. 20 each.

Solution**Aryan Ltd.:**

Maximum number of shares the company can buyback:

1. 25% of Paid up Equity Share Capital		25,000
2. Maximum amount payable on buyback:		
25% of Paid up Share Capital and Free Reserves		
Equity Share Capital	10,00,000	
General Reserves	2,00,000	
Profit & Loss Account	8,00,000	
	20,00,000	
25%	5,00,000	
Price payable per Equity Share	= Rs. 20	
Therefore, maximum number of shares	= $\frac{5,00,000}{20}$	
	= 25,000	

Conclusion :

Therefore, maximum number of shares the company can buyback
 = least of the above
 = 25,000

Problem No. 2**Maximum number of shares that can be bought back,****October, 2009**

Yuvraj Ltd. furnishes the following information: 60,000 Equity Shares of Rs. 100 each fully paid up.

General Reserve	Rs.	36,00,000
Profit & Loss Account (Cr.)	Rs.	40,00,000
Securities Premium	Rs.	4,00,000
Secured Loan	Rs.	40,00,000
Unsecured Loan	Rs.	20,00,000

Keeping in view all the legal requirements, ascertain the maximum number of equity shares that can be bought back by the company at a price of Rs. 250 per share.

Solution**Calculation of Maximum No. of Buy Back of Shares**

General Reserve	Rs. 36,00,000
Profit & Loss Account	Rs. 40,00,000
Free Reserves	Rs. 76,00,000
Add: Securities Premium	Rs. 4,00,000
	Rs. 80,00,000
Equity Share Capital (Paid up)	Rs. 60,00,000
Own Fund	Rs. 1,40,00,000

- A. 25% of own fund = $1,40,00,000 \times \frac{25}{100}$
= 35,00,000
- B. Own Funds after buy back of shares = (Own Funds – 50% of long term loan)
= [1,40,00,000 – 50% (40,00,000 + 20,00,000)]
= (1,40,00,000 – 30,00,000)
= 1,10,00,000
- C. 25% of Equity Share Capital = 60,00,000 × 25%
= Rs. 15,00,000
- Max. No. of Shares @ Nominal Value = 15,00,000 ÷ 100
= 15,000
- D. Maximum No. of Shares that shall be bought back at offer price
= $\frac{\text{Minimum of A and B}}{\text{Offer Price}}$
= $\frac{35,00,000}{250}$
= 14,000 shares

Problem No. 3**Short Question****March, 2009**

X Ltd. furnishes the following information:

80,000 Equity Shares of Rs. 10 each, Rs. 7 per share paid up Rs. 5,60,000.

General Reserve : Rs. 80,000. Profit & Loss Account: Rs. 6,00,000,

Securities Premium : Rs. 1,20,000. Bank Loan (Secured) Rs. 3,00,000.

Unsecured Loan : Rs. 1,00,000.

Keeping in view the legal requirements, ascertain the maximum number of equity shares that can be bought back by the company at a price of 40 per share.

Solution

Buyback of Equity Shares • 241

Paid up Capital	Rs. 8,00,000	
Free Reserves		
General Reserve	Rs. 80,000	
Profit & Loss Account	Rs. 6,00,000	
Securities Premium	Rs. 1,20,000	<u>Rs. 8,00,000</u>
Own Fund		<u>Rs. 16,00,000</u>
25% of Rs. 16,00,000	= 4,00,000	... (i)
Own Fund after Buyback:		
50% of Long-term Loan		
50% of 4,00,000 (3,00,000 + 1,00,000)	= 2,00,000	
16,00,000 – 2,00,000	= 14,00,000	... (ii)
25% of Equity Share Capital (fully paid up)		
25% of 8,00,000	= 2,00,000	
	<u>2,00,000</u>	
No. of Shares at Face Value	= $\frac{2,00,000}{10}$	= 20,000
Amount of 20,000 shares at Rs. 40 per share	= (20,000 × 40)	
	= 8,00,000	... (iii)
Maximum Buyback	= $\frac{\text{Least of (i), (ii) and (iii)}}{\text{Offer Price}}$	
	= $\frac{4,00,000}{40}$	= 10,000 shares

The company can buyback 10,000 shares at Rs. 40 per share.

Problem No. 4

Buyback of a premium

October, 2008

Following information is available from the books of a Company: 1,20,000 Equity Shares of Rs. 10 each: Rs. 12,00,000. Securities Premium: Rs. 70,000. General Reserves: ? 3,50,000. The company decided to buyback 25% of the equity share capital at Rs. 12 per share. Pass Journal Entries without narration.

Solution

Journal

Problem No. 6**Calculation of maximum No of shares that can be bought back****October, 2007**

Following is the Balance Sheet of Suyog Ltd. as on 31st March, 2009.

Balance Sheet

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital		Fixed Assets :	
Authorised :	———?	Land & Building	30,00,000
10,00,000 Equity Shares of Rs. 10		Plant & Machinery	30,00,000
each Issued:	1,00,00,000	Furniture	22,00,000
Issued:		Investments	15,00,000
8,00,000 Equity shares of Rs. 10		Current Assets	
each Rs. 8 paid up	64,00,000	Debtors	47,00,000
Reserves:		Bill Receivables	10,00,000
General Reserve	10,00,000	Bank Balance	40,00,000
Profit & Loss A/c	50,00,000	Stock	20,00,000
Securities Premium	20,00,000		
Secured Loans:			
11% Debentures	20,00,000		
Unsecured Loans	20,00,000		
„Current Liabilities			
Creditors	15,00,000		
Bills Payable	15,00,000		
	2,14,00,000		2,14,00,000

The company decides to buyback the maximum number of equity shares as may be permitted at a price of Rs. 20 per share.

Find out maximum number of shares to be bought back and pass Journal Entries and prepare Balance Sheet after buy back.

Solution

1. Calculate limit of 25% of own funds

	Rs.	Rs.
A. Sources		
(a) Free Reserves		
General Reserve	10,00,000	
Profit & Loss	50,00,000	
	60,00,000	
(b) Securities Premium Account Balance	20,00,000	
	80,00,000	
B. Paid-up Capital (Equity)	64,00,000	
Add: Final Call	16,00,000	
	80,00,000	
C. Total Own Funds (A + B)	1,60,00,000	
D. Maximum amount of buy back of All Shares / Securities 25% of Own Funds		40,00,000

2. Calculate minimum own funds remaining after buy back:

	Rs.	Rs.
Debts = Debentures + Unsecured Loans = 40,00,000		
A. Calculate Minimum Own Funds = Debt / 2 = Rs. 40,00,000 ÷ 2 so as to satisfy the Debt Capital Ratio of 2:1	20,00,000	
B. Calculate required post – Buy back Own Funds (1,60,00,000 – 20,00,000)		1,40,00,000

3. Calculate limit of 25% of equity capital during year

	Rs.
A. Maximum Nominal Value of Equity Shares which could be bought back during the year = 25% of Total Paid up Equity Share Capital (25% × 80,00,000)	20,00,000
B. Maximum No. of Equity shares that can be bought back at par (20,00,000 ÷ Rs. 10)	2,00,000

4. Calculate maximum possible buy back amount:

	Rs.
2,00,000 shares x Rs. 20 offer price	40,00,000

Conclusion

Keeping in view all legal conditions, Suyog Ltd. can buy back 2,00,000 equity shares at a price of Rs. 20 each including premium of 10 per share.

	1,95,00,000		1,95,00,000

Working Note

Least of the following can be buy back amount

- (i) **Fee Reserve** = Securities Premium + Profit & Loss A/c
= 30,00,000 + 50,00,000
= 80,00,000
- (ii) **25% of Own Fund** = 25% $\left[\begin{array}{l} \text{Share} + \text{Call in} + \text{Free} \\ \text{Capital} + \text{Arrears} + \text{Reserve} \end{array} \right]$
= 25% (64,00,000 + 16,00,000 + 80,00,000)
= 40,00,000
- (iii) **Own fund** = 50% Borrowed Funds
= 50% of 40,00,000
= 20,00,000
- (iv) **Maximum No. of Shares** = Maximum No. of Shares that can be bought back
40,00,000
= $\frac{40,00,000}{2000}$
= 20 (given)
= 2,00,000 shares

Number of shares bought back do not exceed 25% of issued shares,
i.e., 8,00,000 × 25% 2,00,000 shares.

Problem No. 8**Buyback out of profits**

March, 2006

The Balance Sheet of Manish Ltd. as on 31st March, 2009 is as follows:

Balance Sheet

Liabilities	(Rs.)	Assets	(Rs.)
Share Capital		Fixed Assets:	
Authorised, Issued, Subscribed and called-up:		Net Block	40,00,000
Equity Shares of Rs. 10 each	25,00,000	Investments	15,00,000
Reserves & Surplus:		Current Assets, Loans & Advances:	
Securities Premium	5,00,000	Current Assets	
General Reserve	10,00,000	(Including Bank Balance	
Profit & Loss A/c	10,00,000	Rs. 15,00,000)	35,00,000
Secured Loan:		Loans & Advances	5,00,000
10% Debentures	25,00,000		
Current Liabilities & Provisions:			
Sundry Creditors	15,00,000		
Bills Payable	5,00,000		
	95,00,000		95,00,000

Keeping in view all the legal requirements ascertain:

- (i) Maximum number of equity shares that Manish Ltd. can buy back.
- (ii) The maximum price it can offer.

Assume that the buy back is carried out actually on the legally permissible terms, record the entries in the Journal of Manish Ltd. and prepare its Balance Sheet thereafter.

Solution**Calculation of maximum possible buy-back:****1. Calculate limit of 25% of own funds:**

- (i) Sources:
 - (a) Free Reserves

General Reserves	Rs. 10,00,000
Profit & Loss Account	Rs. 10,00,000
	Rs. 20,00,000
 - (b) Securities Premium Account Balance

	Rs. 5,00,000
	Rs. 25,00,000
- (ii) Paid up Capital (Equity)

Total Own Fund	Rs. 50,00,000
----------------	---------------
- (iii) Maximum amount of Buy Back of all Shares Securities

25% of Own Funds (25% × 50,00,000)	Rs. 12,50,000
------------------------------------	---------------

2. Calculate minimum own funds remaining after buy back:

- (i) Minimum Own Funds

= Debt ÷ 2
= Rs. 25,00,000 ÷ 2
= Rs. 12,50,000

so as to satisfy the Debt Capital Ratio of 2 : 1.

- (ii) Required Post Buy Back Own Funds
 = Own Funds before buy back less Minimum Own Funds
 = 50,00,000 – 12,50,000
 = 37,50,000

3. Calculate limit of 25% of equity capital during the year:

- (i) Maximum nominal value of equity shares, which could be bought back during financial year.
 25% of Total Paid Up Equity Share Capital
 = (25% × 25,00,000)
 = 6,25,000
- (ii) Maximum number of equity shares that can be bought back
 = 6,25,000 ÷ Rs. 10
 = 62,500

4. Calculate maximum possible offer price:

- (i) The least of (1) & (2) amounts above is Rs. 12,50,000
 (ii) Maximum number of equity shares that can be bought-back vide
 (3) (i) and (ii) above = 62,500
 (iii) Maximum possible offer price
 = $\frac{\text{Least Amount as in (i)}}{\text{Max. No. of Equity Shares as in (ii)}}$
 = $\frac{12,50,000}{62,500}$
 = Rs. 20

Conclusion : Keeping in view all legal conditions, Manish Ltd. can buy back 62,500 equity shares at a price of Rs. 20 each including premium of Rs. 10 per share.

Journal of Manish Ltd.

Problem No. 9**Maximum buyback**

The Balance Sheet of AFCONS Ltd. as on 31st March, 2009 was as follows.

Balance Sheet

Liabilities	(Rs.)	Assets	(Rs.)
Equity Shares of Rs. 10 each	4,00,000	Net Block of Fixed Assets	7,50,000
Preference Shares of Rs. 100 each	1,00,000	Investment	50,000
Securities Premium	1,27,500	Current Assets	10,00,000
General Reserves	1,00,000		
Profit & Loss Account	1,22,500		
Debentures	8,00,000		
Current Liabilities	1,50,000		
	18,00,000		18,00,000

Keeping in view the legal requirement, ascertain the maximum number of equity shares that AFCONS LTD. buy back @ Rs. 25 per share.

Pass Journal Entries to record buy back and prepare a Balance Sheet thereafter.

Solution

In the Books of Afcons Ltd.

A. Maximum possible buy back at an offer price of Rs. 25 per share

1. Calculate Limit of 25% of Own Funds:

(i) Sources			
(a) Free Reserves			
General Reserves	1,00,000		
Profit & Loss Account	1,22,500	2,22,500	
(b) Securities Premium Account Balance			
		1,27,500	
		3,50,000	
(ii) Paid-up Capital			
Equity Share Capital	4,00,000		
Preference Share Capital	1,00,000	5,00,000	
(iii) Total Own Funds (A + B)		8,50,000	
(iv) 25% of Own Funds (25% x 8,50,000)			2,12,500

2. Calculate Minimum Own Funds remaining after buy back:

(i) Minimum Own Funds	8,50,000	
Less: 50% of Debentures of Rs. 8,00,000	4,00,000	
(ii) Calculate required post – Buy-back own funds = Own Funds before buy-back less minimum own funds (8,50,000 less 4,00,000)		4,50,000

3. Calculate Limit of 25% Equity Capital during year

$$\left[\frac{25\% \text{ of Paid LIP Equity Capital}}{\text{Nominal Value Per Equity Capital}} \times \text{Offer Price} \right]$$

$$= \left[\frac{1,00,000}{10} \times 25 \right]$$

2,50,000

Conclusion

$$\text{Maximum Possible Buy-back} = \left[\frac{\text{Least of the above 1 \& 2 \& 3}}{\text{Offer Price}} \right]$$

$$= \frac{2,12,500}{25} = 8,500 \text{ Equity Shares}$$

So, 8,500 equity shares of Rs. 10 each can be bought back at a premium of Rs. 15 each.

B. Journal

		Dr. Rs.	Cr. Rs.
1.	Equity Share Capital A/c Dr. Premium on Buy back of Shares A/c Dr. To Equity Shareholders A/c <i>(Being amount payable on buy back of 8,500 equity shares of Rs. 10 each at a premium of Rs.15 per share).</i>	85,000 1,27,500	2,12,500
2.	Profit & Loss A/c Dr. To Capital Redemption Reserve A/c <i>(Being the amount equal to nominal value of shares bought back out of Profit & Loss A/c transferred to Capital Redemption Reserve A/c)</i>	85,000	85,000
